Sinks In Saigon River

7 U.S. Crewmen Killed As Red Mine Rips Ship

SAIGON, South Viet Nam (AP) — An American merchant ship with war supplies for the fighting forces in Viet Nam was blasted by a Communist mine today and sank in the Saigon River. Seven of its American crewmen were killed.

The mine ripped a gaping hole in the port side of the vessel, the 10,000-ton Baton Rouge Victory, and flooded the ship's engine room. The ship was run aground at the river bank 20 miles east of Saigon and it sank to the bottom with water up to its main deck.

Late in the day, the ship was reported blocking one of the two main shipping lanes to Saigon.

Elsewhere in the war, the U.S. military command disclosed that a U.S. Marine amphibious force 1,500-strong landed unopposed on beaches 50 miles southeast of Saigon early Monday, and in the 36 hours that followed the landings had made no contact with the Viet Cong units believed to be operating in the jungle swampland in the area.

Another Marine force had landed a week earlier 50 miles east of Saigon. Both were assigned a blocking role in Operation Toledo, a combined U.S.-Vietnamese sweep against the Viet Cong 5th Division.

No other major ground action was reported.

In the air war over North Viet Nam, four U.S. Air Force F105 Thunderchiefs tangled with four MIG17s Monday in a four-minute aerial battle 20 miles north of Hanoi.

The MIGs attacked the Thunderchiefs while they were bombing a road 10 miles north of the capital. Both sides exchanged cannon fire, a U.S. spokesman said, and then disengaged without damage to either side.

The MIG encounter came while American pilots flew 80 missions over the Communist North, striking at 12 storage depots and three surface-to-air missile sites, among other targets.

Pilots reported they severely damaged at least seven of the oil depots and set off numerous secondary explosions. Among other results, pilots claimed they damaged or destroyed 27 barges, 9 bridges, 16 storage buildings and 5 antiaircraft sites. The Air Force said Thunderchiefs destroyed or damaged 20 guns in one of the antiaircraft sites 95 miles northwest of Hanoi.

For a third straight day, U.S. B52 bombers staged two raids today on South Viet Nam. One formation of the eight-engine bombers struck at a Viet Cong stronghold 65 miles northwest of Saigon near the Cambodian border. Another wave hit a Viet Cong troop concentration 45 miles southeast of Saigon, where a regiment of Communist troops had been sighted recently.

The mining of the Baton Rouge Victory capped a week of stepped-up Viet Cong terrorism and sabotage in the Saigon area.

The U.S. government-owned vessel is operated by charter by the States Lines of Baltimore, Md., a spokesman said. He said it left San Francisco July 28 for Saigon. It carried general cargo including post exchange supplies, and its deck was loaded with trucks. It had a crew of 45, all Americans.

The vessel was hit in the Long Tao channel in a swampy, mangrove area controlled largely by the Viet Cong.

Blast Kills 1, Hurts 53 At Church

12 Trapped Awhile In Fire; Gas Leak Described Cause

PLAINVIEW, Tex. (AP) — A thundering explosion Monday night sent the roof crashing down on 200 worshipers in the Church of God in Christ. Falling debris killed a woman and injured 53 other persons.

Twelve persons were trapped for a time as a small fire broke out and was quickly quenched in the concrete - block and frame building.

After preliminary investigation, Plainview's director of public safety said natural gas apparently was to blame.

Indications are that it was a gas leak, possibly set off by an electric organ, he reported.

"The United Baptist choir was singing when it happened,' said Elder Henry Jackson, 32. "The lights went out, then there was an explosion that blew the floor out of the building and then the top caved in.

"It blew me up in the ceiling, then I fell back in the chair where I had been sitting and turned over backwards.'

Mrs. E. N. Givens, wife of the pastor of the Negro congregation, said a capacity crowd of 200 or more filled the church for an all-musical service opening a week-long revival, and there were 65 in the choir loft alone.

The Rev. Mr. Givens, hurled across the church and against a wall, was injured. His wife had gone next door shortly before the blast.

Rescuers plodded through mud left by two days of rain to sift the wreckage, using a truck crane to hoist big pieces of the roof.

They found the body of Mrs. Ennis A. Dukes, about 45, of Pampa, beneath timbers which crashed down on the rostrum where she was sitting. She was district president of the church's women's auxiliary.

Motorists in hundreds of cars flocked to the church on the north side of Plainview, a West Texas farming center. Many helped remove the injured. Ambulances came from at least five other towns.

Doctors kept 28 of the injured in hospitals overnight.

A falling beam pinned David Lewis of Lubbock and his wife, who were sitting near the back of the church.

Lewis said many persons escaped because the toppling roof lodged about five feet above the floor on the front side.

The blast occurred about 9:50 p.m. during a song ending the service.

Estimated 3,000 Killed In Turkey

Whole Town Destroyed, Quake Survivor Recalls

VARTO, Turkey (AP) — "The whole town was destroyed in a matter of seconds," an elderly peasant said today recalling the fury of Friday's earthquake in Varto.

Witnesses said the small county seat rocked first horizontally and then vertically, and then there was nothing left.

All but three of the town's 700 mud huts and concrete buildings crashed down.

Varto was the epicenter of the violent quake that killed an estimated 3,000 persons in eastern Turkey.

"I was on the street," said Osman Duman, 37.

"The ground shook under me. I saw houses falling apart and a great cloud of dust rose into the sky. I just couldn't understand what had happened."

The leveled town was jolted Monday night as seemingly endless tremors continued to ripple the area.

The tremor, described by an Interior Ministry official as "quite strong," caused no deaths or injuries.

Premier Suleyman Demirel estimated in a radio address to the nation that 2,000 had perished in the four province disaster regions.

Demirel's estimate was below those of local officials who said more than 3,000 have been killed. Officials say 2,100 have been counted dead in the Varto district alone.

Government officials moved to provide housing for homeless peasants before the early winter sets in.

Thousands were sleeping in the open. Cool weather usually begins here in August. Demirel promised all efforts to provide new housing before cold grips the mountainous region. He said 58,000 families would have to be resettled.

The Turkish army moved mobile bakeries into the area to make bread for the survivors. Planes dropped fresh loaves into villages not yet reached by land.

Demirel said the nation was grateful to all countries that sent assistance. He appealed to Turks to keep up their help for their stricken countrymen.

Another man in Varto told of seeing water in a nearby lake sprayed 60 feet into the air.

One survivor sat in the ruins of what had been Varto's high school. He said he had been its janitor.

He pointed to his bandaged hand and said it had saved his life. But, he added in tears, "I lost my mother and two children."

McNamara Gives Plans Of Pentagon

Says Number Will Increase In Next Fiscal To 100,000

NEW YORK (AP) — Secretary of Defense Robert S. McNamara disclosed today Pentagon plans to accept for military training in the next 10 months 40,000 men ordinarily disqualified because of education and health reasons.

He said the number would increase to 100,000 in the next fiscal year and in succeeding years.

The men would undergo intensive training using facilities of the Defense Department — "the largest single educational complex the world has ever known" — to become "fully satisfactory soldiers," McNamara said in a speech prepared for delivery to the convention of the Veterans of Foreign Wars.

Aides in Washington described the training effort as unique and said men taken into the program will, like draftees and enlistees, be under military authority of the services.

Pentagon spokesmen said 85 per cent or more of such trainees are expected to qualify for military duty. Those who do not qualify "will not be retained" in the service.

McNamara told of the program in a speech that otherwise touched more on the war on poverty than the war in Viet Nam.

The Pentagon chief declared at one point, however, the United States has kept its commitments from South Viet Nam to Berlin "and will continue to do so until reasonable settlements are achieved." He offered no hope an end to the war is forthcoming.

"Our adversaries in Southeast Asia have come to respect our fire power," McNamara said. "It is clear now that they can only hope for a wavering of our willpower...they are of course mistaken."

Former Vice President Richard M. Nixon told the VFW convention Monday night the United States should be prepared for five more years of combat in Viet Nam "unless there is a substantial increase in the present war effort."

And Nixon said "as of the present time I foresee no hope for a diplomatic settlement of the war..."

McNamara led up to his announcement of the training program with a warning that "poverty in America makes our nation less secure."

On Contract Reopening

UAW Not Taking Industry's 'No'

DETROIT (AP) — The United Auto Workers Union gives every indication it is not taking as final the Big Three automakers' rejection of contract reopening to give wage boosts to skilled workers.

General Motors, Ford and Chrysler are apprehsive as they shift into high gear on 1967 models, despite labor contracts which run until September of next year.

Unrest within any major segment of their 700,000-man labor force holds the threat of work stoppages or slowdowns. None wants this in a boom market such as has existed last year and this.

GM, Ford and Chrysler separately turned down Monday a UAW demand for immediate contract reopening to give skilled workers an immediate wage increase of at least 50 cents an hour.

The Big Three said reopening wasn't justified, pointed to upcoming automatic raises next month under current contracts and said, at least in effect, the union should abide by the three-year pacts signed in 1964.

The UAW contends its tradesmen working in auto plants are underpaid when compared with those of similar skills working elsewhere, particularly in the building trades. There have been demonstrations to emphasize this theme, and at least one factory shutdown.

Douglas Fraser, codirector of the union's skilled trades department, said the question of reopening now would be advanced to the top of the agenda for a meeting Sept 7 of the UAW's international executive board.

"It will be reviewed and from there, there should be a clear indication where we will go next," Fraser said.

Asked if he anticipated stoppages or other incidents by skilled tradesmen because of the rejection, he replied: 'No, but I've been wrong before.'

Auto workers, both the skilled and unskilled, will get automatic increases a week from next Monday under current contract terms. The Big Three estimate these will total $186 million for the UAW-represented alone. Corresponding boosts also are passed along to salaried personnel.

On top of these, a higher cost-of-living index announced in Washington Monday will add another two cents hourly for factory workers and $10 quarterly for the salaried.

Automatic increases effective Sept. 5 include 2.8 per cent or seven cents hourly, whichever is greater, and a special two-cent last-year-of-contract bonus. The industry estimated these would raise wages from 11 to 15.5 cents hourly, plus the cost-of-living hike.

The Bureau of Labor Statistics estimates the over-all average for the automotive industry as a whole, including supplier plants, is $3.22 hourly.

Living Costs Hit New High During July

Negative, Positive Tips Are Given On How To Beat Them

WASHINGTON (AP) — Here are some tips, negative and positive, on how to beat the high cost of living:

Don't:

Get sick, eat so many omelets, hire a baby sitter so often, get a new hair-do before the old one looks real dowdy.

Do:

Walk more instead of riding, try an art museum once in a while instead of a movie, think twice before borrowing mortgage money at today's rates, take up bird watching instead of polo.

The Bureau of Labor Statistics issued its consumer price index for July Monday. As expected, it set a new record, as usual.

The month's rise of four-tenths of 1 per cent brought the index to 113.3. This means it costs $11.33 to buy what cost $10 in 1957-59 — on the average and generally speaking.

Food prices went up four-tenths of 1 per cent, but this was much less than is usual in July. However, egg prices took a whopping 5½ per cent jump when unusually hot weather curtailed production. Hence the advice to go easy on the omelets.

The average housewife, though, cannot make a great big dent in the cost of living by attacking the food budget. For one thing, most folks have to eat. For another, Arnold Chase, assistant commissioner of labor statistics, cited figures to show food prices are not the deepest-eyed villain in the cost of living drama.

Suppose, he supposed, that a family's grocery bill has been $25 a week. He emphasized he was speaking strictly of groceries, not paper napkins, detergents and the thousand other items in supermarkets.

The July rise in costs added 10 cents to that bill.

Schedule Of Events Announced

20th Fair At Hookstown Will Open On Wednesday

The curtain will go up Wednesday on the 20th annual Hookstown Fair.

It is sponsored by the Hookstown Grange on the grounds located on Rt. 168 between Rt. 30 and the community of Hookstown.

Chester Elliott, general chairman, has announced the following schedule of events:

Wednesday — Presenting of exhibits at 10 a.m., with judging at 1 p.m. "Rebecca and the Rebels," a teen-age instrumental group from the Beaver Valley, will present dance music during a stage show from 7 until 7:30. A tractor-pulling contest then will be held.

Thursday — Judging of livestock at 10 a.m. The 1966 Vi-Lars Kadettes of East Liverpool will perform from 7 to 7:30 p.m. The 80-member group, ranging in age from 3 to 17 and featuring Junior and Senior drill units and an all - boy color guard and drum section, will be directed by Vicki and Larry Myers.

This year, the group has won eight first-place awards and one second-place award. During four years of exhibition and competition, the Kadettes have acquired 21 firsts, six seconds and one third place award and have made nine competitive appearances, with seven more scheduled this year.

A pony-pulling contest will begin at 7:30.

Friday — Judging of horses at 1 p.m., with a horse show sponsored by the Hookstown Saddle Club at 6 p.m.

Saturday — Lightweight horse-pulling contest at 11 a.m. and heavyweight horse-pulling at 2 p.m. At 3 p.m. the Julindas, an acrobatic family, will present balancing and trampoline feats, followed by Josef Smiley and Company, "Master Illusionist."

At 7 p.m. the concluding day's show will feature the South Side High School band, a livestock and machinery parade, the Lynnwood Singers, a teen-age folk-singing group from Weirton and the Julindas and Smiley.

The fair board also includes Raymond H. Seabright, secretary; Robert A. Lyon, treasurer, and Charles H. Hartzell, W. Gregg McElhaney, Thomas C.

Crew Continues Work On Broken Water Line

A water department line crew today continued work on repair of a broken 8-inch main near the Horn Switch tracks east of Broadway, expecting to finish the job early this afternoon.

Supt. Harold Peterson said first indications were that the pipe developed a split and that a section about six feet long would have to be replaced.

The break was discovered Sunday morning. Since it is in an old fire line, only a few nearby homes and business places were affected.

Ship Blaze Kills One

ALGIERS (AP) — The 391-ton Danish gas carrier Signe Tholstrup caught fire off the coast of Algeria Monday. One unidentified crewman was killed. Cause of the blaze was not established.

2 From Area Hurt In Pike's 'Chain' Crash

An East Liverpool auto figured in a spectacular collision late Monday afternoon on the Pennsylvania Turnpike near Pittsburh in which six cars, a tractor - trailer and a bus piled up, injuring five persons.

The local car was driven by Lawrence W. Howell of 1208 Riverview St. The driver escaped injury, but his wife, Mrs. Mary Howell, and a passenger, Anastasia Triffon of Wellsville, were admitted to Monsour Hospital at Jeannette. Nettie Moran of Lancaster, Calif., another passenger in the Howell car, apparently escaped injury.

Two other persons were listed in "serious" condition at the Jeannette hospital. They are Miss Sheryle Glick of Mt. Pleasant, Pa., driver of the car which touched off the "chain reaction" collision, and John Rafal of West Hartford, Conn., a passenger in her car, Francis X. Cousins of Pittsburgh, another driv-

Vacuum Arc Process

New Re-Melting Furnace Put Into Use By Crucible

The Crucible Steel Co. has announced the successful start-up of a new vacuum arc remelting furnace at the Midland Works.

Offiials said the furnace (VAR) was designed "to produce the extremely high - purity steels required by the aerospace, missile and other industries for applications that must withstand tremendous stress."

"The programmed operation of the furnace, the most modern in the industry today, minimizes human error and provides the utmost in quality control, thus helping to assure a more pure and uniform product," company officials said.

The new furnace has a capacity for 20-ton ingots up to 40 inches in diameter. It features twin melting stations which save processing time in moving from one ingot to another.

To take full advantage of VAR melting, Crucible's D-H degassing unit is used in conjunction with the electric furnace to produce steel with better chemical control and lower gas content.

Metallurgical controllers monitor the melting of each ingot, as well as the processing and testing of the metal every step of the way until it is ready for

Bolt Knocks Boy, 10, Down Stairs At Home

EAST PALESTINE — A 10-year-old boy escaped serious injury when knocked down cellar steps when a bolt of lightning struck a tree and lightning rod at his home Monday night at 7:30.

Bobby Welsh, son of Mr. and Mrs. Lloyd Welch of Route 170 north of here, suffered bruises in the accident. Wiring in the large frame house was damaged and all the fuses burned out.

Petersburg volunteer firemen were summoned to the house and Unity firemen were on a stand-by basis.

Bid Opening Advanced On New Schools

Opening of bids for construction of East Liverpool's three new elementary schools and high school has been advanced to Sept. 28 to permit additional review of the bids by state officials, Supt. Paul Blair announced today.

The original date for opening of bids on the $4.3 million program was Oct. 4.

However, with the Ohio Board of Education scheduled to meet Oct. 10 — with bid approval as part of the agenda — State Supt. of Schools Martin Essex indicated it would be preferable if he and other state education authorities have more than five days to study the complex bids.

Should any specific recommendations on the project or its financing be required by Supt. Essex, the additional time for reviewing the bids would be advantageous, Blair said.

Sears Plans Plaza Store

Building Launched For Catalog Facility

Construction was started today at the St. Clair Shopping Plaza for a new building which will house a Sears, Roebuck & Co. catalog store.

The B. & B. Construction Co. of Youngstown broke ground for the structure, which will be located on the east side of the plaza, facing to the west, making the shopping center an L-shape.

The present Sears catalog store on W. 5th St. will be moved to the new structure when completed, providing larger quarters, more parking facilities, additional space for merchandise display and other improvements Sears officials said.

The plaza is being developed by Irwin Thomases of Youngstown.

McNamara Gives Plans Of Pentagon

NEW YORK (AP) — Secretary of Defense Robert S. McNamara disclosed today Pentagon plans to accept for military training in the next 10 months 40,000 men ordinarily disqualified because of education and health reasons.

On top of these, a higher cost-of-living index announced in Washington Monday will add another two cents hourly for factory workers and $10 quarterly for the salaried.

Automatic increases effective Sept. 5 include 2.8 per cent or seven cents hourly, whichever is greater, and a special two-cent last-year-of-contract bonus. The industry estimated these would raise wages from 11 to 15.5 cents hourly, plus the cost-of-living hike.

The Bureau of Labor Statistics estimates the over-all average for the automotive industry as a whole, including supplier plants, is $3.22 hourly.

Living Costs Hit New High During July

Negative, Positive Tips Are Given On How To Beat Them

WASHINGTON (AP) — Here are some tips, negative and positive, on how to beat the high cost of living:

Don't:

Get sick, eat so many omelets, hire a baby sitter so often, get a new hair-do before the old one looks real dowdy.

Do:

Walk more instead of riding, try an art museum once in a while instead of a movie, think twice before borrowing mortgage money at today's rates, take up bird watching instead of polo.

The Bureau of Labor Statistics issued its consumer price index for July Monday. As expected, it set a new record, as usual.

The month's rise of four-tenths of 1 per cent brought the index to 113.3. This means it costs $11.33 to buy what cost $10 in 1957-59 — on the average and generally speaking.

Food prices went up four-tenths of 1 per cent, but this was much less than is usual in July. However, egg prices took a whopping 5½ per cent jump when unusually hot weather curtailed production. Hence the advice to go easy on the omelets.

The average housewife, though, cannot make a great big dent in the cost of living by attacking the food budget. For one thing, most folks have to eat. For another, Arnold Chase, assistant commissioner of labor statistics, cited figures to show food prices are not the deepest-eyed villain in the cost of living drama.

Suppose, he supposed, that a family's grocery bill has been $25 a week. He emphasized he was speaking strictly of groceries, not paper napkins, detergents and the thousand other items in supermarkets.

The July rise in costs added 10 cents to that bill.

Schedule Of Events Announced

20th Fair At Hookstown Will Open On Wednesday

The curtain will go up Wednesday on the 20th annual Hookstown Fair.

It is sponsored by the Hookstown Grange on the grounds located on Rt. 168 between Rt. 30 and the community of Hookstown.

Chester Elliott, general chairman, has announced the following schedule of events:

Crew Continues Work On Broken Water Line

A water department line crew today continued work on repair of a broken 8-inch main near the Horn Switch tracks east of Broadway, expecting to finish the job early this afternoon.

Supt. Harold Peterson said first indications were that the pipe developed a split and that a section about six feet long would have to be replaced.

The break was discovered Sunday morning. Since it is in an old fire line, only a few nearby homes and business places were affected.

Ship Blaze Kills One

ALGIERS (AP) — The 391-ton Danish gas carrier Signe Tholstrup caught fire off the coast of Algeria Monday. One unidentified crewman was killed. Cause of the blaze was not established.

2 From Area Hurt In Pike's 'Chain' Crash

An East Liverpool auto figured in a spectacular collision late Monday afternoon on the Pennsylvania Turnpike near Pittsburh in which six cars, a tractor - trailer and a bus piled up, injuring five persons.

The local car was driven by Lawrence W. Howell of 1208 Riverview St. The driver escaped injury, but his wife, Mrs. Mary Howell, and a passenger, Anastasia Triffon of Wellsville, were admitted to Monsour Hospital at Jeannette. Nettie Moran of Lancaster, Calif., another passenger in the Howell car, apparently escaped injury.

Two other persons were listed in "serious" condition at the Jeannette hospital. They are Miss Sheryle Glick of Mt. Pleasant, Pa., driver of the car which touched off the "chain reaction" collision, and John Rafal of West Hartford, Conn., a passenger in her car, Francis X. Cousins of Pittsburgh, another driv-

New Re-Melting Furnace Put Into Use By Crucible

The Crucible Steel Co. has announced the successful start-up of a new vacuum arc remelting furnace at the Midland Works.

Offiials said the furnace (VAR) was designed "to produce the extremely high - purity steels required by the aerospace, missile and other industries for applications that must withstand tremendous stress."

"The programmed operation of the furnace, the most modern in the industry today, minimizes human error and provides the utmost in quality control, thus helping to assure a more pure and uniform product," company officials said.

The new furnace has a capacity for 20-ton ingots up to 40 inches in diameter. It features twin melting stations which save processing time in moving from one ingot to another.

To take full advantage of VAR melting, Crucible's D-H degassing unit is used in conjunction with the electric furnace to produce steel with better chemical control and lower gas content.

Metallurgical controllers monitor the melting of each ingot, as well as the processing and testing of the metal every step of the way until it is ready for

Bolt Knocks Boy, 10, Down Stairs At Home

EAST PALESTINE — A 10-year-old boy escaped serious injury when knocked down cellar steps when a bolt of lightning struck a tree and lightning rod at his home Monday night at 7:30.

Bobby Welsh, son of Mr. and Mrs. Lloyd Welch of Route 170 north of here, suffered bruises in the accident. Wiring in the large frame house was damaged and all the fuses burned out.

Petersburg volunteer firemen were summoned to the house and Unity firemen were on a stand-by basis.

Bid Opening Advanced On New Schools

Opening of bids for construction of East Liverpool's three new elementary schools and high school has been advanced to Sept. 28 to permit additional review of the bids by state officials, Supt. Paul Blair announced today.

The original date for opening of bids on the $4.3 million program was Oct. 4.

However, with the Ohio Board of Education scheduled to meet Oct. 10 — with bid approval as part of the agenda — State Supt. of Schools Martin Essex indicated it would be preferable if he and other state education authorities have more than five days to study the complex bids.

Should any specific recommendations on the project or its financing be required by Supt. Essex, the additional time for reviewing the bids would be advantageous, Blair said.

Sears Plans Plaza Store

Building Launched For Catalog Facility

Construction was started today at the St. Clair Shopping Plaza for a new building which will house a Sears, Roebuck & Co. catalog store.

The B. & B. Construction Co. of Youngstown broke ground for the structure, which will be located on the east side of the plaza, facing to the west, making the shopping center an L-shape.

The present Sears catalog store on W. 5th St. will be moved to the new structure when completed, providing larger quarters, more parking facilities, additional space for merchandise display and other improvements Sears officials said.

The plaza is being developed by Irwin Thomases of Youngstown.

'Prowler' Snafu Causes Shooting

An 11-year-old boy fired a .22-caliber rifle at a "prowler" Monday night outside his home on Beloit R. D. 2 and hit a friend.

Glenn Robert Rotzel, 16, son of Mr. and Mrs. Warren G. Rotzel of Route 165 in Mahoning County, was treated at Salem Central Clinic for a wound of the right arm above the elbow.

The attending physician notified the sheriff's office at 10:20 p. m. and Deputy Dave Brothers investigated.

He learned that Glenn was visiting David Sheen, 15, and James Sheen, 11, sons of Mr. and Mrs. James Sheen of Beloit R. D. 2.

The boys were alone in the house while Sheen took his wife to work. They told the deputy they heard a noise outside and thought it was a prowler.

David got a loaded shotgun and James a rifle and all three went outside to circle the house. The shooting then occurred. They took Glenn in the house after the shot and David called his father.

Settlement Of $2,500 Set In Midland Action

BEAVER — The Beaver County Court has approved a compromise settlement of $2,500 in a civil action filed on behalf of a Midland child who was injured in a traffic collision in May 1965 on the Forrest Hill Rd. near Midland.

The action was filed on behalf of Robin Robinson, a minor, by her mother, Mrs. Carol F. Robinson of Midland, naming as defendants Mr. and Mrs. Harmen Fry of Industry R. D. 1 and Mr. and Mrs. Golden Fry and Mr. and Mrs. Dencil R. Hatfield, all of Midland.

According to the petition, the child was a passenger in a car driven by Mrs. Hatfield and owned by Mrs. Golden Fry when it collided head-on on the crest of a hill with the car owned by Harmen Fry.

Court Resets Hearing For Area Boy, 17

LISBON — A hearing for an East Liverpool youth, 17, cited to Columbiana County Juvenile Court following a disturbance July 20 at Whinery's Dance Barn at Guilford Lake, was continued Monday until Sept. 20.

George Aronson of East Liverpool, counsel for the Substation boy, asked for dismissal of the charges — inciting to riot, resisting arrest and intoxication — after County Prosecutor J. Warren Bettis rested the state's case.

Judge Louis Tobin said there was a lack of evidence on the inciting to riot charge and dismissed it, but let the other two stand.

Bettis' motion to substitute "fighting" for "inciting to riot" was allowed. Aronson asked for a continuance after talking to the boy and his mother.

Chief Deputy Sheriff Robert Beresford and Deputy James (Ronnie) Gause testified the defendant was one of several youths ordered to leave the barn after a fight on the crowded dance floor. The deputies said there were about 600 young people in the barn.

The officers said the East Liverpool boy refused to remain in a car as ordered and was next seen outside the barn in a large group of boys and girls. The deputies went to get him.

Raymond Dixon, a dance barn employe, testified he saw the youth in the group outside the building and that the boy rushed toward the officers with clenched fists and shouted obscenities at them.

The deputies said he refused to leave quietly when told to obey or go to jail, shoved them and broke away. They said they had to handcuff him and place him in detention at the County Jail.

Both officers and Deputy Sid Boydston who took the defendant to Lisbon testified they smelled alcohol on his breath.

LISBON — A hearing for an East Liverpool youth, 17, cited to Columbiana County Juvenile Court following a disturbance July 20 at Whinery's Dance Barn at Guilford Lake, was continued Monday until Sept. 20.

George Aronson of East Liverpool, counsel for the Substation boy, asked for dismissal of the charges — inciting to riot, resisting arrest and intoxication — after County Prosecutor J. Warren Bettis rested the state's case.

Judge Louis Tobin said there was a lack of evidence on the inciting to riot charge and dismissed it, but let the other two stand.

Bettis' motion to substitute "fighting" for "inciting to riot" was allowed. Aronson asked for a continuance after talking to the boy and his mother.

Chief Deputy Sheriff Robert Beresford and Deputy James (Ronnie) Gause testified the defendant was one of several youths ordered to leave the barn after a fight on the crowded dance floor. The deputies said there were about 600 young people in the barn.

The officers said the East Liverpool boy refused to remain in a car as ordered and was next seen outside the barn in a large group of boys and girls. The deputies went to get him.

Raymond Dixon, a dance barn employe, testified he saw the youth in the group outside the building and that the boy rushed toward the officers with clenched fists and shouted obscenities at them.

The deputies said he refused to leave quietly when told to obey or go to jail, shoved them and broke away. They said they had to handcuff him and place him in detention at the County Jail.

Both officers and Deputy Sid Boydston who took the defendant to Lisbon testified they smelled alcohol on his breath.

Midland Legion Post Due County 'Vets Day' Dinner

Joseph Harshman of Bentleyville, recently - elected commander of the Pennsylvania American Legion, will be guest speaker at the past commanders' dinner to be held by the Beaver County Veterans Day committee Nov. 9 at Midland, Woodrow Jones, chairman, has announced.

Jones said William E. Coble, first vice commander of Post 481 at Midland, is in charge of dinner arrangements.

Jones, of Smiths Ferry, was installed as finance officer of the Beaver County American Legion Committee during ceremonities at Beaver Post 389 Friday night.

Harry Stewart, 26th district deputy commander, and the district staff served as installing officers.

Others installed include William Wright of Baden, commander; William Leaf of New Brighton, vice commander; Harry Wissner of Beaver Falls, chaplain; J. R. Pashuta of Beaver Falls, historian, and Stewart of Monaca, sergeant - at - arms.

The executive committee includes Dom Presto of Baden and Griff George of New Brighton.

The new commander appointed John Knopick as adjutant.

Jack Waugaman of Hookstown, outgoing commander, presided at the meeting. He was presented a past commander's pin in recognition of his service.

Wright announced the county membership now stands at 5,082.

Truman Rodfong, chairman of memorials and graves, asked all posts to remove worn flags from cemeteries and to offer assistance in keeping the cemeteries in better condition.

Rodfong, also county veterans' director, asked that all Viet Nam veterans planning to attend school this fall contact the County Veterans Office as soon as possible to avoid delay in receiving benefits.

He said 13 children from Beaver County are attending Scotland School for veterans' children.

Paul Wilson of Beaver, chairman of the county banquet committee, said the banquet has been scheduled tentatively some time in October, with further details to be announced.

George Mrvosh, athletic chairman, said the championship Midland Post 481 team will receive another trophy from the department during a banquet in its honor Saturday night at the Midland Legion Club.

Waugaman announced there are eight teams entered in the Beaver County bowling league, which will begin Sept. 10.

The next regular meeting of the Beaver County committee will be Sept. 16 at Midland's Post 481 at 7:30 p.m., rather than 8 as scheduled. The new commander will appoint his committees at this meeting.

2 East End Boys Cited For Theft Of Bicycle

Two East End boys were cited Monday afternoon for alleged theft of a bicycle Aug. 12 after the owner left it on a sidewalk at E. 5th and Market Sts.

Nick Kalinski pf 210 Vine St. told officers the three - speed English bicycle with 20-inch wheels was stolen when he left it briefly to enter a nearby store. He said he saw two boys looking at the bike and added they might have stolen it.

Lewis Lato, also of 310 Vine St., uncle of Kalinski, found the bicycle yesterday afternoon at Pennsylvania Ave. and Boyce St. and detained the boy who had been riding it. The suspect's brother also was implicated in the theft, officers said. The pair will be cited to appear later this week before a county juvenile officer at City Hall, police said.

Pastor Accepts Call To New Philadelphia

LISBON — The Rev. Russell J. Long of the Church of the Nazarene has accepted a call to the New Philadelphia Church of the Nazarene. He will preach his farewell sermon Sunday, Sept. 11.

Rev. Long came to the local church 5½ years ago following pastorates at Cambridge and Beaver Falls. A graduate of Eastern Nazarene College at Quincy, Mass., he is secretary of the Akron District board of ministerial studies and the district ways and means committee.

Rev. and Mrs. Long the former Patricia Culbertson of Oil City, Pa., have three sons and a daughter, they will move to new Philadelphia Sept. 12.

King Spurns Bid To Cancel Cicero March

CHICAGO (AP) — Dr. Martin Luther King Jr. has rejected a request to cancel a march to suburban Cicero, and other civil rights leaders have announced new demonstrations in support of open housing.

Aides of King, who was in Atlanta, Ga., met in the early morning hours to discuss a march to a Southeast Side neighborhood. The Rev. Jesse Jackson told a rally Monday night there would be a march today in the South Deering area.

Monday night, the plea from Sheriff Richard Ogilvie to halt the scheduled march into all-white Cicero Sunday was rebuffed by King.

"We fully intend to have the march," said King. "We have talked with Ogilvie about this and announced our plans last Saturday. We feel that we have honored in good faith his request for seven days notice. In fact we gave eight days notice."

Ogilvie, who called the Cicero situation "volatile," said Monday night that he had not officially heard from King and would reserve comment until his telegram was answered.

Cicero, the scene of three days of racial violence 15 years ago, was acknowledged by King to be probably the most racially sensitive of any Chicago-area community.

Gov. Otto Kerner, who called out the National Guard last month when violence erupted on the West Side, said he had not received notice of the proposed march into Cicero.

Asked if the Guard might be called for Sunday, Kerner said, "I'll have to wait and see if there will be a march."

Ths Cicero Police Department said the Guard will be activated if the march is held in the community of 70,000 white residents, just west of Chicago.

The Circuit Court injunction obtained Friday by Mayor Richard J. Daley and Police Supt. O. W. Wilson limits the number of marchers in a Chicago demonstration to 500.

Freed Of Quarantine

COLUMBUS, Ohio (AP) — The Ohio agricultural director, John M. Stackhouse, has announced that shelled corn has been removed from the provisions of the cereal leaf beetle quarantine which is in effect for many Ohio counties. He said shelled corn does not present a hazard of the spread of the beetle.

Orbiter's Camera Continues To Transmit Blurry Photos

PASADENA, Calif. (AP) — Lunar Orbiter's high-resolution camera continues to transmit blurry pictures of the moon but a U.S. space agency spokesman is optimistic.

Monday the balky camera sent a smeary picture of ground along the moon's equator, where astronauts hope to find a smooth landing spot later in the decade.

The spokesman said: "The high-resolution shutter seems to be firing off at random from a spurious signal. But the law of averages says we should get some clear shots taken at just the right time.

"It's likely we'll have close to 100 per cent success on the mission."

Space agency spokesmen said they hoped the high-resolution system would produce photos clearly showing craters and ridges as small as one yard across.

The spokesmen said the spacecraft is passing just 35 miles above the lunar surface at the low point of its orbit. They said it is expected to sweep within 28 miles of the moon Thursday.

The medium-resolution system, which has worked perfectly, has returned good pictures of the rough lunar surface. But it doesn't show enough, scientists at Jet Propulsion Laboratory said, to plan the landings.

The high-resolution shots have been badly blurred except for two. These were early pictures taken from a higher orbit of the back and side areas of the moon.

Six Planes Set For Intensified 'Mosquito War'

DALLAS, Tex. (AP) — Six Air Force planes were to take to the air today in a beefed-up insecticide war against the mosquito that spreads encephalitis.

One - third of Dallas County was sprayed with a mist of Malathion insecticide last Friday and Monday. Another third was projected for the low-flying planes today.

Three planes flew the original mission but after adverse weather grounded them Saturday and Sunday, three additional C123s were brought in.

Health officials have recorded 83 encephalitis cases with five deaths.

They said that as many as 70 more cases contracted before the spraying began could be reported between now and September.

"Once bitten, it takes up to 14 days before a person develops the illness," said Dr. Jay Sanford, chief of infectious diseases at Parkland Hospital.

Dr. Hal J. Dewlett, city health director, said a check Sunday of the area sprayed Friday revealed only a few live mosquitoes. He said the two days when high winds and low-hanging clouds prevented the Air Force teams from spraying did not seriously hinder the aerial war.

Six Selected For Finals In Tractor Event

LISBON — Columbiana County's annual 4-H tractor driving eliminations were held between showers Monday evening at the Gause Equipment, Inc., lot on Route 172, Guilford Lake.

Judges Frank Zehentbauer and Dean Farmer, both of Lisbon R. D. 4, selected six finalists for the county event Wednesday afternoon at the County Fair.

Qualifiers among the 12 contestants are Robert Hays, Kensington R. D. 1; William Rowley, Lisbon R. D. 1; James Huston, Wellsville R. D. 1, and Dennis Weaver, Phillip Hippley and Larry Hippley, all of Lisbon R. D. 4.

The county contest winner will receive a $25 cash prize from Gause equipment and advance to the state fair contest.

Charles Gause of Guilford Lake and Zehentbauer are ledaers of the 4-H tractor project.

Jefferson Delegation To Attend Convention

STEUBENVILLE — A delegation of 11 will represent Jefferson County at the Democratic state convention Friday and Saturday at Columbus.

Those attending will be Dr. D. A. Macedonia, county chairman, Douglas Applegate, John Corrigan, Michael Entinger, John Ford, Russell Hesske, Joseph Loha, Peter J. McCafferty, Patrick Petrella, Dr. Robert Price and D. P. Rotella.

U. S. Sen. Birch Bayh of Indiana will be the keynote speaker at the Saturday morning session.

100 Animals Set For Fair Auction

LISBON — Robert Lewis, Columbiana County extension agent for 4-H, is concerned there may be a shortage of buyers for the annual 4-H and Future Farmers of America steer sale at 8 p. m. Thursday in the fairgrounds coliseum.

He said this is because there will be approximately 100 animals going to the auction block —18 more than the record set last year.

Businesses and individuals wishing to assist the 4-H program by buying steers may do so by contacting a local processor and making arrangements, Lewis said.

The animals will be released next Monday from 7 a. m. until noon.

Glenn Shreve of Damascus will manage the sale again this year.

Doctors quit smoking

CHICAGO—According to a recent survey, 52% of American doctors do not smoke. Many quit recently due, according to the Anti-Tobacco Center of America, to the conclusive evidence linking cigarettes and lung cancer.

Many doctors gave up smoking without straining their will power thanks to a new tablet which helps to progressively eliminate the need for nicotine and, as a result, the desire to smoke. Less than 2% of the 150,000 people who tried this tablet reported they still smoke!

Smokers interested in receiving information (free) about this new tablet are invited to contact directly the Anti-Tobacco Center of America, Dept. 527-Y-1, 366 Fifth Avenue, New York 1, New York.

When The Sun Isn't Shining

When the airlines strike had ground its way to a hard settlement last week and members of the Machinists Union had given an apparently grudging 2-1 approval of the terms, nothing was left of the Johnson administration's anti-inflationary wage-price guideposts.

The guideposts had been demolished by a joint attack of the steel industry and the Machinists Union. In Detroit, skilled tradesmen in the auto industry were demanding a contract reopening with view to boosting wage rates. In every union headquarters in the nation, in every department of industrial pricing, in every being refigured, with a view to upping the ante.

President Johnson's Advisory Committee on Labor-Management Policy, timing its report perfectly, had come out on Friday with recommendations for a flexible wage policy. It proposed quarterly evaluations by the President's Council of Economic Advisers to keep inflationary trouble spots in focus. But it did not claim inflation could be controlled by a formula.

The report said, in effect, there is no way under the sun to stop inflation; that the only thing which can control it the age-old rules about making hay while the sun shines and "git a-plenty while you're agittin!"

The report made earnest remarks about voluntary restraint, but it is not credible that members of the committee were doing anything more than wishful thinking about voluntary restraint.

The only restraint that can be counted on in prices and wage rates is competitive restraint. If the steel industry overprices its products, competition will trim off the excess. If labor unions overprice their services, management must look for more ways to substitute machines

"Gittin' plenty while you're a-gittin'" can be a death sentence for the goose that lays golden eggs.

Only a few days ago, labor union greed forced a decision to close down the New York Herald Tribune. In Detroit, it is acknowledged, on the other hand, that American Motors is financially unable to bear increases in costs and must be treated accordingly in union bargaining.

It can work both ways.

When the sun isn't shining, there's no hay to be made. When the "gittin'" isn't good, it makes no sense to think about "gittin' a-plenty."

The Other Side Of The Mountain

Before folk singers came along with guitars to make folk-singing a form of musical culture, non-tune-carrying folks who sang for fun liked a silly ditty about a bear that went over the mountain.

Oh yes, that bear did go over the mountain —and why did he go over the mountain?

He went over the mountain to see what he could see.

And what did he see when he got to the other side of the mountain?

He saw the other side of the mountain. That is what he saw when he got to the other side of the mountain.

It was not a profound thought. It lacked the social significance of many folk tunes. It wasn't sad. It wasn't glad. It was just a silly ditty about a bear that went over the mountain to see what he could see and saw nothing but the other side of the mountain.

The United States has sent a Lunar Orbiter spacecraft around the moon to take pictures of the other side of the moon. This was an important thing for the United States to do because the Soviet Union already had done it.

And what did the United States see on the other side of the moon.

Lumps, craters, flat places and pocked places.

What did the United States expect to see on the other side of the moon? Exactly what the bear expected to see on the other side of the mountain.

Exactly. The other side.

Split In Thinking

WASHINGTON

Six Negro leaders, brought together to answer questions about the civil rights struggle and the kind of tactics they favored, revealed a wide split in their thinking.

This was one day after President Johnson, in a long speech on civil rights and the Negro problem, protested riots and violence and urged whites and Negroes to show a sense of responsibility and a reliance upon justice.

Some of the Negro leaders, interviewed Sunday on the NBC radio-television program "Meet the Press," sounded as if they hadn't heard Johnson or were ignoring him. This showed up particularly in questions about violence and non-violence.

Dr. Martin Luther King Jr., president of the Southern Christian Leadership Conference and leader of some recent Negro demonstrations in Chicago where whites reacted violently, said: "I believe firmly in non-violence."

BUT KING insisted demonstrations must continue, not because they solved problems by themselves but because they brought attention to the problems.

Floyd B. McKissick had another view. He is national director of the Congress of Racial Equality.

He said: "Non-violence is something of the past. We believe in non-violence providing nobody hits us. When somebody hits us, we believe in self-defense."

James H. Meredith, shot several months ago while leading a one-man march into Mississippi to try to prove Negroes could walk the highways safely there, said: "Non-violence is incompatible with American ideas."

Asked if he meant that — if several whites or Negroes are killed and the law does not punish them — people ought to organize as vigilantes and go out and take the law into their own hands and commit violence, he replied: "That is exactly what I am saying, exactly."

At that point Stokely Carmichael interrupted to say: "If those won't do it, who is going to do it?"

Carmichael, the foremost Negro advocate of "black power," is chairman of the Student Nonviolent Coordinating Committee, perhaps the most militant, or at least the most militant-sounding, of the Negro groups.

"WE NEGROES," he said, "are the only people in this country who have to protect ourselves against our protection. Since the police forces of this country are not protecting us, then who is going to protect us? We are going to go down together, all of us."

Roy Wilkins, executive director of the National Association for the Advancement of Colored People, was not letting the NAACP name get wrapped up in violence or slogans of violence.

"I think we'll have to come to law and order," Wilkins said. "We all come to the courtroom and the law eventually. We find we can't solve it with rhetoric."

Whitney M. Young Jr., executive director of the National Urban League, said, "I find myself terribly distressed by a great deal of this conversation here today." He said of "black power": "We do not feel one gets pride or dignity or power simply by being white or being black."

Dark Mystery

We don't know in this country how people in places like Russia and mainland China have their peerless leaders bestowed on them by The Establishment. We're morbidly curious about the whole thing.

The Chinese currently are going through a state of leadership flux. Observers of Chinese affairs are getting hot boxes on their typewriters speculating about it.

All of them do agree on one thing. The No. 1 peerless leader of the Chinese People's Republic, Mao Tse-tung, is in a flurry of activity. It may or may not be a last-minute flurry before he is collected to his ancestors.

It seems likely he has been having intimations of mortality — the same kind that causes wealthy men to worry so much about what is going to happen to them after death they take out insurance in the form of good works.

It also seems likely he has noted various and sundry young men who still have spring in their gait drawing closer to him with a view to pushing the old walrus off the cliff.

When things like this happen in Communist China and Communist Russia, they are beyond the comprehension of Americans. Things like this never happen in the self-governing U.S.A.

Rank-and-file citizens here have a choice of two peerless leaders every four years. This is twice as much choice as citizens have in one-party states, where they are restricted to voting Yes or No for somebody already pre-selected by The Establishment.

Nothing like that happens here. The two parties have conventions to select the candidates between whom voters must make a choice. Anyone can run for a nomination. Anyone.

We never push an old walrus off a cliff to haste his demise. Everything here is fair and square and conducted in the best ethics of enlightened civilization. What happened to Herbert Hoover was an exception.

What happens to many No. 1 men in American government is an exception to the rule that everything here is frank, earnest, above-board and God-fearing.

The rule is only what the kiddies are taught in school. The practice is what is done in the inner recesses of the power structure when it is time to make decisions.

It is only accidental that the decisions bear no resemblance to what the kiddies are taught —only accidental that politicos with intimations of mortality try extra-hard to leave their personal stamp on the body politic — only accidental that young men gather in for the kill as their elders show signs of weakness.

Everything about politics is those foreign places like Russia and mainland China is a dark mystery here, where leadership never is in a state of flux but is sewed up neat and pretty once every four years and everybody minds his own business the rest of the time.

It's no wonder we don't understand what's going on in Moscow ad Peking. They don't understand what goes on here, either.

How To Succeed In Politics

The Republican party's national committee knows him and its hopefuls seek him out. He's a strategist sought by divergent figures as Nelson Rockfeller and George Romney. In New York City he's known as Bob Price, the young man who someday may do for the White House what he now is doing for New York's City Hall—make it spin. In today's column for Victor Riesel he gives his political formula.

By ROBERT PRICE
Deputy Mayor of New York City

NEW YORK — American politics has finally broken out of the clubhouse and onto the sidewalks where it belongs. Citizens for Eisenhower clubs, Civic Improvement Associations, storefront volunteers are examples of the way the public at large has begun to enter active politics in the last 15 years.

The increase in people's leisure time has led many to seek a part in campaigns, as volunteers. It's a good thing, the best thing that can happen to a candidate, but along with new opportunities for the professional politician it brings new problems. The volunteers are amateurs in the real sense of the word—people who are doing something for their own satisfaction and without special training or experience.

The means they have to be spoon-fed, taken by the hand and shown all the common-sense but not always obvious rules and customs of the game. They have to be told just what an assembly district is, they have to learn not to canvass after 9 p.m., they have to understand how to make the qualities which attracted them in the candidate sound interesting and appealing to the uncommitted voters they are trying to win over.

IT SOUNDS SIMPLE— and it is, but it's different from most people's experience to a degree that many find baffling as well as fascinating.

What turns out to be baffling, more than anything else, is the fact that the standards of other professions and occupations just don't apply in politics. The old adage still is true—politics is the art of the possible, of compromise. It has to work. It may seem unpleasant or strange to the novice that a candidate can't come out strongly on some secondary point that is going to cost him votes without helping to define his basic position.

That's the way it is because there is no trying harder because you're second best in politics. You win and have a chance to carry out all your plans, or you lose and you're finished.

That is why politics is such hard work. Your man must win — or it's all for nothing. A college debater was assigned the topic, "Should ideals play a part in a political campaign?" Wise enough to be perplexed by the question, he asked the crusty governor of his state for advice.

The governor thought for a while and said, "Son, the answer is 'yes.' Ideals should play a part in good political campaign. In fact, in a good campaign you should use anything you can lay your hands on."

THE HARD WORK, I've found, is part of the appeal of politics for volunteers. Most of them just want to be a part of the political scene, without much serious concern about the philosophical differences between the parties or candidates. As a campaign manager, I know that they are often worth their weight in financial contributions.

In Oregon in the 1964 Republican presidential primary, 200,000 letters asking for help were mailed on behalf of Gov. Nelson A. Rockefeller, and 8,000 people never before connected with a political organization volunteered. They turned out to be the most important single factor in his victory.

The new volunteer should have a few reassurances about getting into politics I offer these:

1. Don't be afraid to walk into a political headquarters alone, without an introduction. Eighty per cent of the campaign workers do. Hopefully, you'll be warmly welcomed, a contrast to the closed-door attitude once found in political clubs. Warm up early and slowly. You can't be a general the first day. Don't worry about "not knowing the issues." You'll soon learn what you need to know. Anyway, it never hurts to say "I don't know."

2. **ONCE INVOLVED**, the newcomer often worries that his candidate isn't getting across to the public. You'll soon learn that newspapers are not impartial, but human, and it doesn't matter what you say but where, when and how. Sometimes it's not the quality of your candidate's statements, but the quantity of other news that day which determines whether he gets press attention.

3. Campaigns are expensive. Candidates usually have to raise all the money themselves. In the average congressional district of 200,000 voters, one piece of mail for each voter totals about $25,000. Postage alone will cost $10,000. The cost of an adequate congressional campaign will run from $70,000 to $100,000. If the candidate doesn't send at least once piece of mail to each voter or have enough brochures, he will be criticized for running lazy. If he raises enough money to tell his story, he will probably be accused of buying his seat. Don't let it worry you. Winning counts. And don't waste money in a political headquarters.

4. The very cost of campaigning makes volunteers all the more necessary. Doorbell ringing, telephoning and coffee gatherings can make up for a lot of the TV, radio and mailing now priced beyond most candidates' easy reach.

THE TECHNIQUE is being developed in many parts of the country. Among the attractive new candidates using it successfully are Richard Thornburgh, running for Congress in Pittsburgh's 14th District; Norman S. Fenton running for judge in Tucson, Ariz.; Daniel Button, running for Congress in New York's Albany - Schenectady - Troy District; and F. F. "Monty" Montgomery, running for re-election to the State House of Representatives in Oregon.

Finally, it isn't just that volunteers help politicians get elected that makes them important. The main point is that they can be a real factor in getting the best people elected, in keeping political standards high. To a great many people, "politician" is a dirty word and the burdens of seeking and holding office seem beyond bearing. If everybody felt that way, nobody worth electing would ever agree to run for office. The new breed of volunteers in politics can help develop the new breed of politicians.

EDITOR OF THE REVIEW:

We would like to tell you how much we like the John F. Kennedy Park (in Hancock County) and how nice it is taken care of.

The men on duty are all nice people and sure keep things spick-and-span.

We live in Ohio and have been to different parks and this one is the cleanest one we have been at so far. The men sure deserve a lot of credit.

Could you possibly print this in your paper so the people in your area will realize how much we like the park?

Tibet's Future?

The unique role of preserving a nation's race, culture and language has befallen Tibetan refugees.

Only 60,000 of these sunny people with almond eyes, snub noses and high cheekbones have escaped to freedom over Himalayan passes since Communist China overran Tibet in 1950. The most realistic of the refugees know they have little chance of seeing their homeland again.

Tibet was the highest and most sequestered nation — a mountain-guarded plateau covering 480,000 square miles, the National Geographic says. The pre-conquest population was three million.

Tibetan refugees don't know how many of their countrymen have survived. Horror stories drifting out of Tibet indicate that the Communists are making a systematic effort to obliterate Tibetans. Tens of thousands of people have been brutally slain.

Restoring the Tibetan character to Tibet, if and when it is liberated, will be the job of refugee children now living mostly in small camps in India, Nepal, Sikkim, Bhutan and Switzerland.

Some Thoughts On Our Money

When announcement was made a few days ago that interest rates had been raised to 6 per cent on business borrowing, the average person wondered if this was good new or bad news and whether sooner or later it is going to affect his own pocketbook.

David Lawrence

There are rarely any easy answers where the flow of money is concerned but it can be unequivocally stated that there's something wrong with the money situation and something worrisome about the whole financial picture throughout the world.

With the prime rate for business loans now at 6 per cent in America, foreigners find it more profitable to invest funds in this country. This starts a flow of dollars our way and helps the deficit in balance of payments, about which the government here has been so concerned. The relief may be only temporary, as eventually European countries can raise their rates, too, and bring back much of the money previously sent here.

What effect, then, will the rise in interest rates for the borrowers have on the funds now deposited in our banks? The rate of income for depositors will tend to go up, as the banks naturally want to keep their supply of money high enough for further us nei loans to customers. Meanwhile, bonds are yielding more and more return, so the investor will be putting money into bonds. That's why desertions of the market in stocks have already caused a drop in security values.

THIS TENDS TO HOLD DOWN speculation for the time being but it doesn't solve the problem of the banks, which want to be able to provide businesses with more money. The demand for credit at present is unusually strong. The net result of a money scarcity, on the other hand, is to discourage construction plans and investments in business expansion.

Any such readjustment of a major character has its impact on the condition of business generally. It will take some time to appraise the real effect of the curtailment of bank lending to business.

The theory has been widespread that the current high demand for money was created by the stimulus given to business by government spending and other factors. The ease, for instance, with which mortgage money at low rates has been made available caused a building boom, just as the higher mortgage rates now have brought about a building slump.

Eventually, as business volume is curtailed, there is a rise in unemployment, and this in turn affects the total amount of money spent on consumer goods by the individual.

It never has been determined whether in 1929, if there had been an early enough raising of the price of credit, the crash could have been averted. Some economists think that what is happening today may seem painful but that more serious consequences are being prevented by making loan rates high.

THE OTHER SIDE of the coin is that stringent measures of credit control sometimes create a psychology of pessimism and foreboding. Other restrictive moves will have to be made by the government itself to hold down the inflationary curve that has begun to go higher. These policies, however, will not be taken until after election, as the administration would hardly think it politically tactful to announce now a tax increase or a significant cut in government spending. Yet such steps are deemed necessary by the experts to prevent the so-called boom or inflation from getting out of hand.

The Federal Reserve Board is on record as having offered a remedy. Its restrictive credit policy has helped to push up the interest rates to the highest figure since the 1920s, and, if inflation keeps up, the board will be able to point to the political departments of the government as bearing the responsibility for the national economy's distress.

The politicians don't like to appear to be halting a boom. They seem to prefer to wait until a collapse comes before taking decisive action. The optimists feel that what the Federal Reserve Board is doing serves as a warning that skyrocketing prices could cause the dollar to lose much of its purchasing power if somebody high in the government doesn't soon begin to order a curtailment in excessive government spending.

They have to be told just what an assembly district is, they have to learn not to canvass after 9 p.m., they have to understand how to make the qualities which attracted them in the candidate sound interesting and appealing to the uncommitted voters they are trying to win over.

IT SOUNDS SIMPLE— and it is, but it's different from most people's experience to a degree that many find baffling as well as fascinating.

What turns out to be baffling, more than anything else, is the fact that the standards of other professions and occupations just don't apply in politics. The old adage still is true—politics is the art of the possible, of compromise. It has to work. It may seem unpleasant or strange to the novice that a candidate can't come out strongly on some secondary point that is going to cost him votes without helping to define his basic position.

That's the way it is because there is no trying harder because you're second best in politics. You win and have a chance to carry out all your plans, or you lose and you're finished.

That is why politics is such hard work. Your man must win — or it's all for nothing. A college debater was assigned the topic, "Should ideals play a part in a political campaign?" Wise enough to be perplexed by the question, he asked the crusty governor of his state for advice.

The governor thought for a while and said, "Son, the answer is 'yes.' Ideals should play a part in good political campaign. In fact, in a good campaign you should use anything you can lay your hands on."

THE HARD WORK, I've found, is part of the appeal of politics for volunteers. Most of them just want to be a part of the political scene, without much serious concern about the philosophical differences between the parties or candidates. As a campaign manager, I know that they are often worth their weight in financial contributions.

In Oregon in the 1964 Republican presidential primary, 200,000 letters asking for help were mailed on behalf of Gov. Nelson A. Rockefeller, and 8,000 people never before connected with a political organization volunteered. They turned out to be the most important single factor in his victory.

The new volunteer should have a few reassurances about getting into politics I offer these:

1. Don't be afraid to walk into a political headquarters alone, without an introduction. Eighty per cent of the campaign workers do. Hopefully, you'll be warmly welcomed, a contrast to the closed-door attitude once found in political clubs. Warm up early and slowly. You can't be a general the first day. Don't worry about "not knowing the issues." You'll soon learn what you need to know. Anyway, it never hurts to say "I don't know."

2. **ONCE INVOLVED**, the newcomer often worries that his candidate isn't getting across to the public. You'll soon learn that newspapers are not impartial, but human, and it doesn't matter what you say but where, when and how. Sometimes it's not the quality of your candidate's statements, but the quantity of other news that day which determines whether he gets press attention.

3. Campaigns are expensive. Candidates usually have to raise all the money themselves. In the average congressional district of 200,000 voters, one piece of mail for each voter totals about $25,000. Postage alone will cost $10,000. The cost of an adequate congressional campaign will run from $70,000 to $100,000. If the candidate doesn't send at least once piece of mail to each voter or have enough brochures, he will be criticized for running lazy. If he raises enough money to tell his story, he will probably be accused of buying his seat. Don't let it worry you. Winning counts. And don't waste money in a political headquarters.

4. The very cost of campaigning makes volunteers all the more necessary. Doorbell ringing, telephoning and coffee gatherings can make up for a lot of the TV, radio and mailing now priced beyond most candidates' easy reach.

THE TECHNIQUE is being developed in many parts of the country. Among the attractive new candidates using it successfully are Richard Thornburgh, running for Congress in Pittsburgh's 14th District; Norman S. Fenton running for judge in Tucson, Ariz.; Daniel Button, running for Congress in New York's Albany - Schenectady - Troy District; and F. F. "Monty" Montgomery, running for reelection to the State House of Representatives in Oregon.

Finally, it isn't just that volunteers help politicians get elected that makes them important. The main point is that they can be a real factor in getting the best people elected, in keeping political standards high. To a great many people, "politician" is a dirty word and the burdens of seeking and holding office seem beyond bearing. If everybody felt that way, nobody worth electing would ever agree to run for office. The new breed of volunteers in politics can help develop the new breed of politicians.

EDITOR OF THE REVIEW:

We would like to tell you how much we like the John F. Kennedy Park (in Hancock County) and how nice it is taken care of.

The men on duty are all nice people and sure keep things spick-and-span.

We live in Ohio and have been to different parks and this one is the cleanest one we have been at so far. The men sure deserve a lot of credit.

Could you possibly print this in your paper so the people in your area will realize how much we like the park?

Tibet's Future?

The unique role of preserving a nation's race, culture and language has befallen Tibetan refugees.

Only 60,000 of these sunny people with almond eyes, snub noses and high cheekbones have escaped to freedom over Himalayan passes since Communist China overran Tibet in 1950. The most realistic of the refugees know they have little chance of seeing their homeland again.

Tibet was the highest and most sequestered nation — a mountain-guarded plateau covering 480,000 square miles, the National Geographic says. The pre-conquest population was three million.

Tibetan refugees don't know how many of their countrymen have survived. Horror stories drifting out of Tibet indicate that the Communists are making a systematic effort to obliterate Tibetans. Tens of thousands of people have been brutally slain.

Restoring the Tibetan character to Tibet, if and when it is liberated, will be the job of refugee children now living mostly in small camps in India, Nepal, Sikkim, Bhutan and Switzerland.

Some Thoughts On Our Money

When announcement was made a few days ago that interest rates had been raised to 6 per cent on business borrowing, the average person wondered if this was good new or bad news and whether sooner or later it is going to affect his own pocketbook.

David Lawrence

There are rarely any easy answers where the flow of money is concerned but it can be unequivocally stated that there's something wrong with the money situation and something worrisome about the whole financial picture throughout the world.

With the prime rate for business loans now at 6 per cent in America, foreigners find it more profitable to invest funds in this country. This starts a flow of dollars our way and helps the deficit in balance of payments, about which the government here has been so concerned. The relief may be only temporary, as eventually European countries can raise their rates, too, and bring back much of the money previously sent here.

What effect, then, will the rise in interest rates for the borrowers have on the funds now deposited in our banks? The rate of income for depositors will tend to go up, as the banks naturally want to keep their supply of money high enough for further us nei loans to customers. Meanwhile, bonds are yielding more and more return, so the investor will be putting money into bonds. That's why desertions of the market in stocks have already caused a drop in security values.

THIS TENDS TO HOLD DOWN speculation for the time being but it doesn't solve the problem of the banks, which want to be able to provide businesses with more money. The demand for credit at present is unusually strong. The net result of a money scarcity, on the other hand, is to discourage construction plans and investments in business expansion.

Any such readjustment of a major character has its impact on the condition of business generally. It will take some time to appraise the real effect of the curtailment of bank lending to business.

The theory has been widespread that the current high demand for money was created by the stimulus given to business by government spending and other factors. The ease, for instance, with which mortgage money at low rates has been made available caused a building boom, just as the higher mortgage rates now have brought about a building slump.

Eventually, as business volume is curtailed, there is a rise in unemployment, and this in turn affects the total amount of money spent on consumer goods by the individual.

It never has been determined whether in 1929, if there had been an early enough raising of the price of credit, the crash could have been averted. Some economists think that what is happening today may seem painful but that more serious consequences are being prevented by making loan rates high.

THE OTHER SIDE of the coin is that stringent measures of credit control sometimes create a psychology of pessimism and foreboding. Other restrictive moves will have to be made by the government itself to hold down the inflationary curve that has begun to go higher. These policies, however, will not be taken until after election, as the administration would hardly think it politically tactful to announce now a tax increase or a significant cut in government spending. Yet such steps are deemed necessary by the experts to prevent the so-called boom or inflation from getting out of hand.

The Federal Reserve Board is on record as having offered a remedy. Its restrictive credit policy has helped to push up the interest rates to the highest figure since the 1920s, and, if inflation keeps up, the board will be able to point to the political departments of the government as bearing the responsibility for the national economy's distress.

The politicians don't like to appear to be halting a boom. They seem to prefer to wait until a collapse comes before taking decisive action. The optimists feel that what the Federal Reserve Board is doing serves as a warning that skyrocketing prices could cause the dollar to lose much of its purchasing power if somebody high in the government doesn't soon begin to order a curtailment in excessive government spending.

Ford Retreat From TV?

Is the Ford Foundation trying to ease out of its role as the nation's biggest single underwriter of educational television? Or is the foundation actually willing to back up its recent proposal of a nonprofit domestic satellite service designed to help finance educational TV by divvying up $100 million to get such a system going?

Richard Doan

-:-

AS A SENATE communications subcommittee headed by Sen. John Q. Pastore, D—R. I., prepared to open a full - scale inquiry into domestic satellite proposals, a usually authoritative trade journal, Broadcasting, circulated a report that the Ford group expects to come out with a 'second big publicity blast" later this year, committing itself to spending up to $100 million to launch its "model" system.

The magazine noted that the foundation, which already has poured more than $100 million into educational TV over a period of about 10 years, is in business "to underwrite projects — not draft blueprints."

-:-

UP TO THIS writing, however, McGeorge Bundy, president of the Ford Foundation, has denied his group has any financing plans for its proposal.

Also, he made a remark in jest to this writer which appears to bear this out.

On the day the foundation filed its 80-page proposal with the Federal Communications Commission, we were invited by a group of Eastern educational stations to tape a 30-minute interview with Bundy.

We asked Bundy whether the foundation would advance any of its own money to start the proposed system.

-:-

"WELL, that's a bridge we can't cross at this stage," he replied, "because any question of that kind would have to be judged in the light of the circumstances at the time: who else was helping put up the money, what the real corporate charter was, and so forth.

After the interview was concluded, Bundy turned to us and said, "You didn't ask the question I thought sure you would. I thought you'd want to know whether the foundation wasn't trying to get out of underwriting educational television."

Then he volunteered with a laugh, "The answer, in case you're interested, is yes."

-:-

THE AMERICAN Broadcasting Co.'s impending merger with International Telephone & Telegraph Corp. is crimping the network's image-making hoopla at a moment when ABC officials would like to be shooting off such propaganda fireworks.

A directive has been passed down the executive line at the network that all speech-making opportunities are to be turned down until the merger is in the bag. The network's lawyers don't want any risks run that some chance remark in a speech might disturb the Federal agencies scrutinizing the proposed marriage of ABC and ITT.

The FCC has a merger petition before it. A Justice Department nod still is awaited.

Frustrated ABC publicists last week got out a press release headlined: "Viewer Support Is Needed for Quality Programming, say ABC exectives."

-:-

"NO MATTER how fine a production is on the screen, if you are not watching it, it has no existence for you," Hubbell Robinson, executive producer of ABC's forthcoming 'Stage 67,' was quoted as saying. That was from a speech in Atlanta last month.

"True quality in television fare will stand apart from the pack and demand the viewer's presence and involvement," according to ABC - TV President Thomas W. Moore. He said that in a speech at Purdue University last April.

Now there isn't much time left for admonishing viewers further. If the FCC doesn't act shortly, TV watchers will be left to make up their own minds whether their "presence and involvement" is demanded by what ABC has to offer this fall.

IN THE inevitable bidding for California Gov. Pat Brown and his opponent Ronald Reagan, Lawrence E. Spivack has come out decidedly in front.

He has booked the candidates for a live "Meet the Press" hour on NBC from Los Angeles on Sept. 11.

County's Fines Help To Set State Record

During the 1966 fiscal year, courts in Columbiana County paid to the state of Ohio $26,881 as the state's 45 per cent share of Highway Patrol fines and $175 as the state's 50 per cent share of liquor fines.

The fines were released by the office of State Auditor Roger Cloud at Columbus.

Highway patrol fines collected by courts throughout the state hit an all - time of $3,713,028 during the fiscal year.

This surpassed the previous high of $3,618,015 set the previous year.

Liquor fines collected for the year amounted to $82,030, a slight drop of $252 from last year.

Marion Pen Fire Blamed On 'Handful'

MARION, Ohio (AP) —Blame for the fire-setting, window-breaking, guard-baiting disturbance that had nearly half as many officers as inmates inside Marion Correctional Institution probably can be placed on a handful of prisoners, state officials said today.

The only one of several fires reported to have caused severe damage Monday ruined the prison library and there were no injuries except for one inmate who required treatment for smoke inhalation.

But the spectre of the Ohio Penitentiary fire tragedy of the early 1930s, in which scores perished, must have crossed many minds during this first serious disturbance since the medium security institution here opened in 1955.

Trouble which began around the noon hour wasn't considered fully under control until evening, by which time all 1,114 inmates had been rounded up and locked up.

The first flareup came when fire broke out in the quartermaster unit, doing $500 damage to clothing and bedding and resulting in an inmate being sent to a correctional cell for punishment.

Then, about 700 or 800 prisoners refused to report to their jobs after the lunch hour, instead milling around corridors and the gymnasium.

Fire hit the library, gym, internal administration offices and an arts-crafts room in the main building which contains the dormitories and most of the institution's other facilities.

Windows were smashed and inmates taunted guards.

The highway patrol, sheriff's deputies and Marion police were called to aid the institution's personnel complement of 269, including 189 guards. Some 160 highway patrolmen and 40-50 other officers moved in.

Armed with riot guns, tear gas and nightsticks they never had to use, the officers herded the convicts into block formation in the main yard, which is enclosed by double wire fences about 20 feet high.

It took some time to flush out a few but finally all were accounted for.

Whether the discipline of the inmate after the quartermaster room fire led to the further disturbances was uncertain, said Ohio Corrections Chief Maury C. Koblentz who took personal charge at the scene.

He promised a strenous investigation starting today "to ferret out the people responsible for this."

Meanwhile, Koblentz said, "if it was planned we haven't learned about it yet."

He said MCI Supt. Lemoyne Green knew of no grievance to bring on such a protest.

Edward Finley, corrections division central office education consultant who came up from Columbus with Kobblentz, said investigation likely would show only a handful of prisoners at the root of the outbreak.

Ex-Area Man Gets Post In Miss America Event

Benny Smith, son of Mr. and Mrs. Benny D. Smith of 2012 Buckeye Ave., Wellsville, will be lead dancer and choreographer for the Miss America Pageant to be held at Atlantic City Sept. 10.

Smith moved to San Francisco after his junior year at Wellsville High School and is now in partnership with Glenn Shipley in operation of the Shipley & Smith chain of dance studios in the San Francisco area.

In the past year, he did an off-Broadway show in New York called "Hooray! It's a Glorious Day," serving as lead dancer and assistant choreographer. After the show closed, he was with the Sammy Davis Jr. television show and went on tour with Davis for three months, finishing with a six - week stand at the Sand's Hotel at Las Vegas. Smith also has worked in Las Vegas with Zsa Zsa Gabor.

In San Francisco, he was director for the Hyatt Professional School of Musical Comedy at the Hyatt Music Theater, where he appeared in more than 25 musicals, including "My Fair Lady" with Ray Milland, "Show Boat" with Kathryn Grayson and Dorothy Dandridge, "South Pacific" with Howard Keel, "The Bells Are Ringing" with Janet Blair and "Annie Get Your Gun" with Ginger Rogers.

BENNY SMITH
Furthers Dance Career.

In the past month he has choreographed the Miss Texas Pageant and the Miss Massachusetts Pageant. He is now visiting his parents and will leave Saturday for Atlantic City to begin rehearsals for the Miss America event.

He will return to his work in San Francisco and plans to further his studies in voice and drama.

Midland Band Prepares For Park Event, Football

The Midland High School band has completed practice sessions in preparation for its performance Wednesday at 7:30 p. m. at Kennywood Park, Pittsburgh, during the annual Festival of Bands Week, Louis Morace, band director, has announced.

The majorettes will appear in their new military style uniforms, he said.

Gaylyn Radeschi is drum majorette, with the majorettes Becky Liberatore, Maxine Anderson, Barbara Marcum, Michele Germusa, Melissa Schmitt, Sandra Wise, Patty Muslovski and Roseann Nutz.

Morace said the majorettes will be featured in a routine to "Do, Re, Mi" as part of the first band show at the first football game Sept. 9 between Midland and Western Beaver at Midland.

The band was divided into five squads for the summer practice sessions, he said, and each squad will present a demonstration drill at the main field Friday at 11 a.m. Each squad's routine has been developed by its leader, Morace explained, and the winning squad and routine will be honored. The public is invited to attend the drills.

In commenting on the band's appearance for this year, Morace said the school has purchased two fiberglass sousaphones "to help correct an instrument imbalance." He said several sections in the band are in need of more personnel and urged those with instrumental ability who are not already in the band to join the group.

He said this year's band shows will combine drill and pageant. "Along with the educational benefit," he said, "we are planning to have a great deal of fun."

Morace said he has been impressed with the enthusiasm and fine group spirit he has witnessed among band members thus far."

"I am happy and pleased to be in the area," he said.

Morace, of Louisville, Ky., was hired July 22 during a special meeting of the board of directors of Midland Public Schools.

Registration Schedule Set For Westgate

Registration will be held Wednesday, Thursday and Friday at Westgate School for all elementary and junior high students who will be riding a bus this year. Students living within a one - mile radius of the school and all ninth-graders who will be riding a bus must pay for a pass, Principal Thomas H. Dixon said. These students must bring 60 cents with them at the time of registration to pay for the first four days of school. The price of the pass during the school term is 75 cents per week.

Students who are to receive free transportation also must register. This includes all Shadyside and Campground students. Registration will be from 9 to 12 in the morning and from 1 to 3 in the afternoon. No phone registrations will be accepted, Dixon said.

City Employes' Local Names New Delegates

The city employes' union Monday night elected four new delegates to represent it in Council 18, the district organization for workers in local governmental units.

Meeting at the old IBOP Building on W. 6th St., Local 677, American Federation of State, County and Municipal Employes, named James McKinnon, Curtis Miller, Junior Horner and Ken McCarty.

The new district representative, John Kelly of Canton, addressed the local. He was named recently to replace John Trimboli of Younstown. Charles Masters, president, presided. The next meeting will be Monday, Sept. 26.

Driver 'Poor' After Mishap

A 21-year-old Dillonvale area driver remained in "poor" condition at City Hospital with injuries suffered in a two-car collision early Monday in which a Columbiana man and a city man and woman also were hurt.

The Ohio Highway Patrol at Lisbon is continuing its investigation of the crash on Route 7 about 2½ miles south of Rogers at 1:05 a.m., involving cars operated by Patsy DiPasquale, 52, of 1216 Avondale St. and David F. Woodland, 21, of Dillonvale R.D. 1.

Woodland was in "poor" condition with lacerations of the face and elbow and possible fractures of the left leg. A passenger — Wiley Camp, 28, of Fairfield Ave., Columbiana — was in "fair" condition with multiple bruises and possible fractures of the forearm and hand.

DiPasquale was treated for lacerations of the forehead and bruises of the nose and forehead. His passenger — Margaret Siebert, 45, of 701 Bradshaw Ave. — was treated for multiple lacerations of the face, knee and scalp.

DiPasquale told officers he was headed south on Route 7 and while rounding a curve saw the headlights of the approaching car of Woodland on his side of the highway.

He went to the right, and the two vehicles collided.

John Greenshields, 28, of Tampa, Florida, set a world record in 1964 by doing 14,000 sit-ups in 6 hours and 10 minutes.

Ford Retreat From TV?

Richard Doan

Is the Ford Foundation trying to ease out of its role as the nation's biggest single underwriter of educational television? Or is the foundation actually willing to back up its recent proposal of a nonprofit domestic satellite service designed to help finance educational TV by divvying up $100 million to get such a system going?

-:-

AS A SENATE communications subcommittee headed by Sen. John Q. Pastore, D—R. I., prepared to open a full - scale inquiry into domestic satellite proposals, a usually authoritative trade journal, Broadcasting, circulated a report that the Ford group expects to come out with a 'second big publicity blast" later this year, committing itself to spending up to $100 million to launch its "model" system.

The magazine noted that the foundation, which already has poured more than $100 million into educational TV over a period of about 10 years, is in business "to underwrite projects — not draft blueprints."

-:-

UP TO THIS writing, however, McGeorge Bundy, president of the Ford Foundation, has denied his group has any financing plans for its proposal.

Also, he made a remark in jest to this writer which appears to bear this out.

On the day the foundation filed its 80-page proposal with the Federal Communications Commission, we were invited by a group of Eastern educational stations to tape a 30-minute interview with Bundy.

We asked Bundy whether the foundation would advance any of its own money to start the proposed system.

-:-

"**WELL**, that's a bridge we can't cross at this stage," he replied, "because any question of that kind would have to be judged in the light of the circumstances at the time: who else was helping put up the money, what the real corporate charter was, and so forth.

After the interview was concluded, Bundy turned to us and said, "You didn't ask the question I thought sure you would. I thought you'd want to know whether the foundation wasn't trying to get out of underwriting educational television."

Then he volunteered with a laugh, "The answer, in case you're interested, is yes."

THE AMERICAN Broadcasting Co.'s impending merger with International Telephone & Telegraph Corp. is crimping the network's image-making hoopla at a moment when ABC officials would like to be shooting off such propaganda fireworks.

A directive has been passed down the executive line at the network that all speech-making opportunities are to be turned down until the merger is in the bag. The network's lawyers don't want any risks run that some chance remark in a speech might disturb the Federal agencies scrutinizing the proposed marriage of ABC and ITT.

The FCC has a merger petition before it. A Justice Department nod still is awaited.

Frustrated ABC publicists last week got out a press release headlined: "Viewer Support Is Needed for Quality Programming, say ABC exectives."

-:-

"**NO MATTER** how fine a production is on the screen, if you are not watching it, it has no existence for you," Hubbell Robinson, executive producer of ABC's forthcoming 'Stage 67,' was quoted as saying. That was from a speech in Atlanta last month.

"True quality in television fare will stand apart from the pack and demand the viewer's presence and involvement," according to ABC - TV President Thomas W. Moore. He said that in a speech at Purdue University last April.

Now there isn't much time left for admonishing viewers further. If the FCC doesn't act shortly, TV watchers will be left to make up their own minds whether their "presence and involvement" is demanded by what ABC has to offer this fall.

IN THE inevitable bidding for California Gov. Pat Brown and his opponent Ronald Reagan, Lawrence E. Spivack has come out decidedly in front.

He has booked the candidates for a live "Meet the Press" hour on NBC from Los Angeles on Sept. 11.

Marion Pen Fire Blamed On 'Handful'

MARION, Ohio (AP) —Blame for the fire-setting, window-breaking, guard-baiting disturbance that had nearly half as many officers as inmates inside Marion Correctional Institution probably can be placed on a handful of prisoners, state officials said today.

The only one of several fires reported to have caused severe damage Monday ruined the prison library and there were no injuries except for one inmate who required treatment for smoke inhalation.

But the spectre of the Ohio Penitentiary fire tragedy of the early 1930s, in which scores perished, must have crossed many minds during this first serious disturbance since the medium security institution here opened in 1955.

Trouble which began around the noon hour wasn't considered fully under control until evening, by which time all 1,114 inmates had been rounded up and locked up.

The first flareup came when fire broke out in the quartermaster unit, doing $500 damage to clothing and bedding and resulting in an inmate being sent to a correctional cell for punishment.

Then, about 700 or 800 prisoners refused to report to their jobs after the lunch hour, instead milling around corridors and the gymnasium.

Fire hit the library, gym, internal administration offices and an arts-crafts room in the main building which contains the dormitories and most of the institution's other facilities.

Windows were smashed and inmates taunted guards.

The highway patrol, sheriff's deputies and Marion police were called to aid the institution's personnel complement of 269, including 189 guards. Some 160 highway patrolmen and 40-50 other officers moved in.

Armed with riot guns, tear gas and nightsticks they never had to use, the officers herded the convicts into block formation in the main yard, which is enclosed by double wire fences about 20 feet high.

It took some time to flush out a few but finally all were accounted for.

Whether the discipline of the inmate after the quartermaster room fire led to the further disturbances was uncertain, said Ohio Corrections Chief Maury C. Koblentz who took personal charge at the scene.

He promised a strenous investigation starting today "to ferret out the people responsible for this."

Meanwhile, Koblentz said, "if it was planned we haven't learned about it yet."

He said MCI Supt. Lemoyne Green knew of no grievance to bring on such a protest.

Edward Finley, corrections division central office education consultant who came up from Columbus with Kobblentz, said investigation likely would show only a handful of prisoners at the root of the outbreak.

Dancer, Choreographer

Ex-Area Man Gets Post In Miss America Event

Benny Smith, son of Mr. and Mrs. Benny D. Smith of 2012 Buckeye Ave., Wellsville, will be lead dancer and choreographer for the Miss America Pageant to be held at Atlantic City Sept. 10.

Smith moved to San Francisco after his junior year at Wellsville High School and is now in partnership with Glenn Shipley in operation of the Shipley & Smith chain of dance studios in the San Francisco area.

In the past year, he did an off-Broadway show in New York called "Hooray! It's a Glorious Day," serving as lead dancer and assistant choreographer. After the show closed, he was with the Sammy Davis Jr. television show and went on tour with Davis for three months, finishing with a six - week stand at the Sand's Hotel at Las Vegas. Smith also has worked in Las Vegas with Zsa Zsa Gabor.

In San Francisco, he was director for the Hyatt Professional School of Musical Comedy at the Hyatt Music Theater, where he appeared in more than 25 musicals, including "My Fair Lady" with Ray Milland, "Show Boat" with Kathryn Grayson and Dorothy Dandridge, "South Pacific" with Howard Keel, "The Bells Are Ringing" with Janet Blair and "Annie Get Your Gun" with Ginger Rogers.

BENNY SMITH
Furthers Dance Career.

In the past month he has choreographed the Miss Texas Pageant and the Miss Massachusetts Pageant. He is now visiting his parents and will leave Saturday for Atlantic City to begin rehearsals for the Miss America event.

He will return to his work in San Francisco and plans to further his studies in voice and drama.

Midland Band Prepares For Park Event, Football

The Midland High School band has completed practice sessions in preparation for its performance Wednesday at 7:30 p. m. at Kennywood Park, Pittsburgh, during the annual Festival of Bands Week, Louis Morace, band director, has announced.

The majorettes will appear in their new military style uniforms, he said.

Gaylyn Radeschi is drum majorette, with the majorettes Becky Liberatore, Maxine Anderson, Barbara Marcum, Michele Germusa, Melissa Schmitt, Sandra Wise, Patty Muslovski and Roseann Nutz.

Morace said the majorettes will be featured in a routine to "Do, Re, Mi" as part of the first band show at the first football game Sept. 9 between Midland and Western Beaver at Midland.

The band was divided into five squads for the summer practice sessions he said, and each squad will present a demonstration drill at the main field Friday at 11 a.m. Each squad's routine has been developed by its leader, Morace explained, and the winning squad and routine will be honored. The public is invited to attend the drills.

In commenting on the band's appearance for this year, Morace said the school has purchased two fiberglass sousaphones "to help correct an instrument imbalance." He said several sections in the band are in need of more personnel and urged those with instrumental ability who are not already in the band to join the group.

He said this year's band shows will combine drill and pageant. "Along with the educational benefit," he said, "we are planning to have a great deal of fun."

Morace said he has been impressed with the enthusiasm and fine group spirit he has witnessed among band members thus far.

"I am happy and pleased to be in the area," he said.

Morace, of Louisville, Ky., was hired July 22 during a special meeting of the board of directors of Midland Public Schools.

County's Fines Help To Set State Record

During the 1966 fiscal year, courts in Columbiana County paid to the state of Ohio $26,881 as the state's 45 per cent share of Highway Patrol fines and $175 as the state's 50 per cent share of liquor fines.

The fines were released by the office of State Auditor Roger Cloud at Columbus.

Highway patrol fines collected by courts throughout the state hit an all - time of $3,713,028 during the fiscal year.

This surpassed the previous high of $3,618,015 set the previous year.

Liquor fines collected for the year amounted to $82,030, a slight drop of $252 from last year.

Registration Schedule Set For Westgate

Registration will be held Wednesday, Thursday and Friday at Westgate School for all elementary and junior high students who will be riding a bus this year. Students living within a one - mile radius of the school and all ninth-graders who will be riding a bus must pay for a pass, Principal Thomas H. Dixon said. These students must bring 60 cents with them at the time of registration to pay for the first four days of school. The price of the pass during the school term is 75 cents per week.

Students who are to receive free transportation also must register. This includes all Shadyside and Campground students. Registration will be from 9 to 12 in the morning and from 1 to 3 in the afternoon. No phone registrations will be accepted, Dixon said.

Driver 'Poor' After Mishap

A 21-year-old Dillonvale area driver remained in "poor" condition at City Hospital with injuries suffered in a two-car collision early Monday in which a Columbiana man and a city man and woman also were hurt.

The Ohio Highway Patrol at Lisbon is continuing its investigation of the crash on Route 7 about 2½ miles south of Rogers at 1:05 a.m., involving cars operated by Patsy DiPasquale, 52, of 1216 Avondale St. and David F. Woodland, 21, of Dillonvale R.D. 1.

Woodland was in "poor" condition with lacerations of the face and elbow and possible fractures of the left leg. A passenger — Wiley Camp, 28, of Fairfield Ave., Columbiana — was in "fair" condition with multiple bruises and possible fractures of the forearm and hand.

DiPasquale was treated for lacerations of the forehead and bruises of the nose and forehead. His passenger — Margaret Siebert, 45, of 701 Bradshaw Ave. — was treated for multiple lacerations of the face, knee and scalp.

DiPasquale told officers he was headed south on Route 7 and while rounding a curve saw the headlights of the approaching car of Woodland on his side of the highway.

He went to the right, and the two vehicles collided.

John Greenshields, 28, of Tampa, Florida, set a world record in 1964 by doing 14,000 sit-ups in 6 hours and 10 minutes.

Deputy Grabs Prisoner In Freedom Bid

LISBON — A Columbiana County prisoner made a dash for freedom this morning outside the Courthouse, but was captured minutes later, out of breath, on a fence at the high school.

Lawrence Allison, 25, of Salem Heights was apprehended by Sheriff's Deputy James (Ronnie) Gause, from whom he fled after an arraignment in Juvenile Court.

Gause said the prisoner opened the door of the cruiser as though to get in, then ran up Courthouse alley as the deputy walked behind the cruiser to get in the driver's seat.

Gause drove west on Washington St. and saw the white-clad prisoner running through back lots between Washington and W. Lincoln Way.

Allison was sentenced May 18 to one year in the County Jail for contributing to the delinquency of a minor girl. He pleaded not guilty to another charge of the same kind this morning. Judge Louis Tobin appointed Joseph Baronzzi as his counsel for a hearing at 2 p.m. next Tuesday.

Court Dismisses East End Man In Extradition Case

Because West Virginia authorities did not follow through on extradition proceedings on an East End man who had been held in City Jail for 15 days in connection with an alleged theft at Newell, Municipal Judge Samuel M. Chertoff today dismissed the case and ordered the defendant released.

Local officers had been holding Kenneth Adkins of Crawford Ave. on a detainer filed by Hancock County authorities. Adkins was taken into custody on the strength of a warrant issued out of the court of Squire Eugene Allison in Chester alleging that he stole the purse of Mrs. Rose Foltz containing various items of jewelry worth $85 and $15 in cash. The theft allegedly occurred in a Newell tavern on Aug. 9.

Adkins had been held in default of $2,500 bond. Judge Chertoff had instructed Hancock County authorities to initiate extradition proceedings within 10 days.

The motion to dismiss the action was made by George A. Aronson, counsel for the defendant, who commented that West Virginia authorities had taken no action. In granting the motion, the judge said the defendant had been held "an unreasonable length of time" and no further steps were taken to force extradition.

Court Drops Charges Filed By Dog Warden

Acting on the owner's promise that the animal will be confined strictly in the future, Municipal Judge Samuel M. Chertoff today dismissed an affidavit accusing Mrs. Gloria Cramer of 815 Alton St. of allowing a dog to run at large.

The charge was filed by Warden Harold Flowers, who said the animal ran at large and bit a child. The owner was told to confine the dog, but it ran at large a second time and nipped another youngster, he said.

The judge said he would have no alternative except to order the dog destroyed if it runs at large again and added: "That's the last thing in the world I want to do!" Mrs. Cramer's daughter, Kay, 13, called to the bench by the judge, said she will watch the dog more closely in the future.

Reminder Given On Deadline For Beaver ASC Elections

Ballots for the election of Beaver County Agricultural Stabilization and Conservation Community Committees are to be mailed by Aug. 31, farmers were reminded today by Glenn Campbell, chairman of the county ASC committee.

The community committees assist the county committee in administering the price support, acreage diversion, agricultural conservation and other farm action programs, being responsible for keeping their neighbors informed about the programs.

The county committee supervises the ASCS county office and is responsible for the administration of the various programs.

Voting will be by mail, the chairman explained, and ballots have been sent to each known eligible voter. In case eligible voters fail to receive a ballot through the mail, they may be obtained by contacting the county office.

Generally, a farm owner, tenant, or sharecropper is eligible to vote if he is eligible to take part in one or more of the programs administered by the ASC committees. Eligibility to vote or to hold office as a committeeman is not restriced by reason of race, color, creed, or national origin.

Envelopes containing marked ballots may be mailed or returned to the ASCS County Office anytime before Aug. 31. Ballots will be tabulated publicly by the county committee on September 1 at the county office. The public is invited to witness the vote counting.

The slates of nominees for local ASC community committees include:

Community 1 — Frankfort, Greene, and Hanover Townships — Robert E. Boyd, Hookstown, R. D. 1, Joseph W. Halstead, Hookstown, Glenn E. McDowell, Aliquippa R. D. 1, William G. McKenzie, Clinton R.D. 1, Raymond H. Searight, Hookstown R. D. 1, C. A. Shane, Hookstown R. D. 1.

Drivers Forfeit Bonds In Patrol Speeding Cases

Two motorists cited Monday at 5:20 p. m. by the State Highway Patrol on charges of speeding on Route 30 forfeited $17.50 appearance bonds today in Municipal Court.

They are William H. Corley of Warren and Ben Sinorelli of Pittsburgh, both accused of driving 65 miles an hour in a 50-mile zone.

Hearings are due later for two others cited on speeding charges Monday.

Daniel L. Watson of Lisbon R. D. 3 was cited at 5:10 on a charge of driving 80 in a 60-mile zone on Route 30. He posted a $17 bond for a hearing Thursday.

Richard G. Knowles of Columbiana R. D. 2 was cited at 1:25 p. m. on a charge of driving 60 miles an hour in a 50-mile zone on the East Liverpool-Wellsville Rd. His hearing is set Aug. 29.

Erie Producers, Dairies Granted Milk Increases

PITTSBURGH (AP) — The state Milk Control Commission resumes an emergency hearing in Pittsburgh today after granting price increases to milk producers and dairies in the Erie market area.

Commission chairman J. Lin Huber issued an order Monday granting producers a 40 cents per hundredweight increase--10 cents more than they announced earlier this month--and dairies a one cent a quart hike--one cent less than they asked for at the emergency hearing where the increase was announced.

Huber said the increases would be tacked onto the milk prices as of Aug. 1 and would take effect Sept. 1.

Huber said the commission will reconsider the increases after auditing the dairies' books.

Willis Daniels, attorney for the Erie Milk Dealers Association, called the commission decision disappointing and said it will force dairies to operate at a loss.

Daniels said he will ask the dealers to volunteer their records to the commission in order to accelerate a final decision.

Salineville Eyes Hospital Benefits For Village Staff

SALINEVILLE — The possibility of establishing hospitalization insurance for village employes is being studied by Mayor Stanley Fitch and Council.

Council met in caucus session Monday night to discuss applications for the police chief post from which Ray Keister recently resigned.

Two applicants have been interviewed for the post, and in most cases, the salary paid—$340 a month—has been thought to be inadequate. Mayor Fitch and Council members indicated they believed the pay insufficient and are studying the hospitalization program to aid village employes and improve the police benefits.

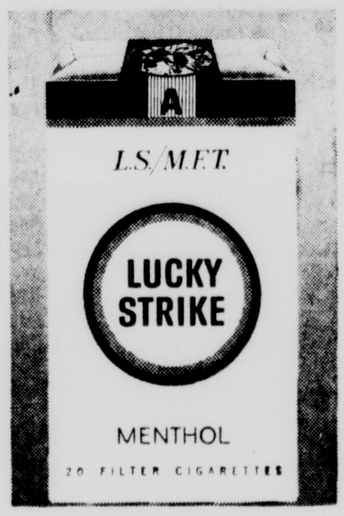

The mayor pointed out the police post requires 24-hour availability for duty.

He said others will be interviewed and meetings held with insurance representatives to study the hospitalization plan.

Lisbon's Council Acts To Correct 2 Parking Issues

LISBON — Council Monday night corrected two parking conditions which have been factors in recent traffic accidents.

The legislators authorized the street commissioner to post "No Parking" signs on the north side of E. Lincoln Way (U. S. Route 30), from Vine St. to Pritchard Ave., and to remove the parking meter on the north side of W. Lincoln Way immediately west of the Market St. intersection in Courthouse Square.

Mayor Dean Stockman recommended the ban on parking, citing two recent sideswipings in the area where motorists park on the south side of Lincoln Way for a medical clinic and north side for the County Mental Health Clinic.

—:—

SOLICITOR Joseph Baronzzi saw a tractor-trailer "pinch" a parked car last week in the W. Lincoln Way parking space and told Council it was the third mishap there this summer. He said big trucks turning from N. Market onto W. Lincoln Way have difficulty clearing the metered space. The meter will be removed and the curb painted yellow as Baronzzi proposed.

Council also authorized the police department to provide parking space Wednesday for two special buses with 75 members of the Western Reserve Historical Society in Cleveland. They will visit the Lisbon Historical Society's Museum and have lunch at the Wick Hotel.

Mrs. W. K. McDevitt, 213 E. Chestnut St., presented a petition from residents of the 200 block asking that the former Grate prperty at 219 E. Chestnut "be torn down for the safety of the neighborhood and the beautification of the town." The petitioners termed the vacent house a "fire hazard and a danger area."

W. A. (Slim) Peters, assistant fire chief, was present when the petition was read and Council authorized him to ask the state fire marshal to inspect the property. The solicitor was directed to advise the owner, a Mentor resident, of the petition.

Councilman Bill Mattix said the state has approved a treffic signal for the N. Market St. (Route 45) and Jerome St. (Route 164) junction. He suggested that Council employ someone to direct traffic at this junction during the County Fair which will open Wednesday.

Stockman asked the police committee to prepare specifications for a new cruiser and present them at the next meeting Monday, Sept. 12.

—:—

COUNCIL received a $3,324.83 statement from the Bureau of Inspection and Supervision of Public offices for the recent examination of village funds for a four-year period. The letter from the office of the state auditor said that "while this charge is greater than the previous examination, the period covered was twice as long and greater difficulty was encountered in some offices."

Council accepted second reading of a new street light rate ordinance submitted by the Ohio Edison Co.

Baronzzi reported on progress on the new Pritchard Ave. bridge, which Sutton & Stewart of Bridgeport is constructing at county expense. Ohio Edison will pay to have a sidewalk laid on its property on the east side of Pritchard, Baronzzi said. However, it owns only to within 10 or 12 feet of the new bridge so the village will have to stand the cost of extending the sidewalk to the sidewalk on the bridge.

Council instructed the solicitor to have the contractor lay the sidewalk across the village strip of land and join the walk on the bridge.

Rocks And Debris Thrown At Police By Negro Youths

NEW YORK (AP) — Negro youths tossed rocks and debris at police Monday night, injuring two patrolmen in Brooklyn's Bedford-Stuyvesant section, sometimes called 'the Harlem across the river."

The incident followed the arrest of a Negro youth at a liquor store in the slum neighborhood, the scene of violent racial disturbances two summers ago.

About 800 officers from all parts of the city were sent into the area. Four youths were arrested and several others detained for questioning.

Patrolman Robert Dunigan, the officer who attempted to make the arrest, and Patrolman Joseph Famiglietti, received minor injuries and were treated on the scene.

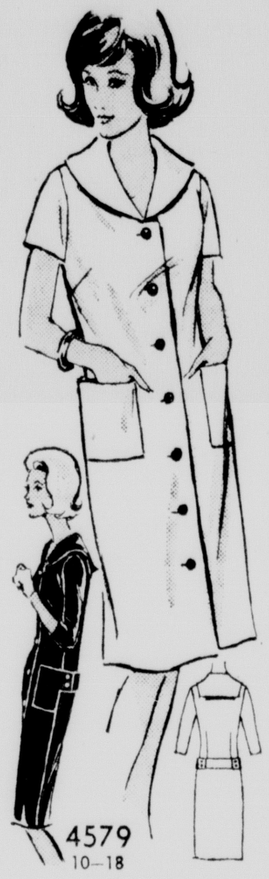

Police said a group of about 300 Negroes had gathered on the street expecting an attack from a gang of whites in reprisal for the knifing of a white youth Sunday night by six Negroes.

Some store windows were broken, but police said over-all damage was slight.

Man Scalded At Work On Truck Motor

A 40-year-old Salineville area auto service operator, scalded while working on a truck, was in "fair" condition today at City Hospital, where nine other area residents were treated Monday.

Wilbur G. Hays of Route 39, east of Salineville, suffered first-, second- and third-degree scalds while working under a truck at his Midway Auto Service adjacent to his home about 9:30 p.m.

The cooling system of the motor block of the truck was apparently plugged and when compressed air was blown into the block with the radiator cap off, the hot water sprayed on Hays back, hips and upper legs.

Also treated yesterday were Mrs. Nancy Temple of 311 1st St., Wellsville, after a sewing machine needle plunged into her finger at a downtown sewing center; Robert Urich, 3, son of Harold Urich of Irondale R. D. 1, a fractured left leg in a fall from a tree.

Christine Chaney, 11, daughter of Richard Chaney of Route 30, Chester, a cut on the leg in a fall on a fence; Belinda Kittle, 2, daughter of Ronald Kittle of 927 Fairview St., a bruised eye against a refrigerator.

Karen Householder, 10, daughter of Jay Householder of Maple Dr., Calcutta, a bruised finger on a ball at play; Diana Calhoun, daughter of Victor Calhoun of Shadyside, a cut on the foot in a fall off a bike.

Rex Mays, 15, son of Roderick Mays of Substation, a cut on the toe at a swimming pool; Alan Moore, 17, son of Ralph Moore of Lisbon R.D. 3, a cut finger while practicing football with the Beaver Local High School squad.

Lisa Manning, 8, daughter of Richard Manning of 1201 Lincoln Ave., a bruised chest when struck by a ball.

Chester Council Okays Projects At City Building

Chester Council approved the modernization of the radio communications and telephone system in the City Building and the installation of automatically - operated doors in the fire hall during its meeting Monday night.

Councilman Robert Kincaid, chairman of the fire department committee and a member of the building committee, explained that James Pelley of East Liverpool will install the necessary wiring for the automated doors, which will be activated by the building custodians without leaving their upstairs quarters.

—:—

THE SYSTEM also will permit turning on the lights in the fire hall from the second floor location, as well as provide for a two - way intercom system between the department and the custodians.

The maximum yearly cost figure as submitted by Pelley, according to Kincaid, will amount to $215, of which $150 will be paid by the fire department, leaving a cost of about $65 to the city.

The City Building will be consolidated by installing a push-button phone in the custodians' quarters and an additional telephone jack in the firemen's club.

Approximately a third of the installation cost of $21.50 for the telephone changeover will be absorbed by the Lawrenceville department, since its calls are relayed through the Chester hookup, with the new service resulting in a rate increase of $8.95 per month.

All councilmen approved the action with the exception of Richard Johnston, who voted aainst the motion made by Kincaid and seconded by Thomas Bowen.

—:—

IN OTHER business, Council approved a bid of $7,190 from Vernon Dell Tractor Sales of Calcutta for an all - purpose vehicle for cleaning streets and for loading ashes and snow.

A bid of $10, 305 was received from the Patterson Equipment Co. of Carnegie, Pa.

Herb Thompson, representing Vernon Dell, then donated to the city the grader which had been offered as a trade-in on the new equipment.

Following a discussion initiated by Kincaid and a motion by Councilman Charles Kology, seconded by Johnston, Council instructed personnel of the police department to switch shifts on a regular basis.

F. C. Hobenk and G. E. McCarl area representatives of the Pennsylvania Railroad, appeared at the meeting by request of Council to hear complaints on what were termed inadequate repairs to grad crossings at 5th, 6th and 9th Sts.

In a lengthy discussion, it was pointed out by the legislators that all three crossings need a complete blacktopping job rather than more patching.

The representatives agreed to consult with Bill Garner of Pittsburgh, district engineer, regarding the problem.

Mayor Burton G. Ward read an agreement drawn up in April 1961 between the city of Chester and the T-K Roofing Co., stating that the city owns a parcel of land on which the company built a cement platform and that the structure would be removed if Council deemed such action necessary.

Ward also reported that several citations had been issued following complaints that T.S.&T. employes were blocking garages and driveways on city streets in the plant area and said that the problem has been solved.

—:—

COUNCIL VOTED to pay Ward's home telephone bill each month during his term, as has been done in the past.

Bids for repairs to the roof of the City Building were tabled pending the receipt of further information relative to guarantees.

Residents were warned against dumping garbage in an

County GOP Outlines Plans

LISBON — G. William Brokaw of East Liverpool reported to Columbiana County Republitary of state's conference on elections last week in Cleveland.

Brokaw attended as a member of the County Board of Elections. He outlined sessions for the county GOP advisory group yesterday noon at the Wick Hotel.

Miss Gladys Debolt of East Liverpool, county chairwoman, announced plans for operation of the Republican tent at the County Fair. Different communities will staff the tent daily on the following schedule:

Wednesday — Wellsville and East Liverpool; Thursday—Columbiana and East Palestine; Friday—Salem and Leetonia; Saturday — Lisbon, Salineville and West and Hanover Townships; Sunday — County candidates and their wives.

Charles A. Pike of Lisbon, county chairman, discussed the duties of precinct and poll workers and committeemen organizations. He also reported on recent meetings of county chairmen from the 18th congressional and 30th senatorial districts.

Candidates present or represented yesterday were D. Barry Dickson of East Palestine, running for county court judge; County Commissioner James W. Boyd of East Liverpool; William H. Weir of Salem, running for 18th District congressman; John Longsworth of Salem, candidate for state senator from the 30th District, and State Auditor Roger Cloud.

Pike said the advisory group will meet again at noon Monday, Sept. 12.

Each fall, more than 200 species of small land birds fly southward from Canada and the United States.

Loucinda Gamble Marries In Ceremonies At Church

Miss Loucinda Sue Gamble, daughter of Mr. and Mrs. Joseph Gamble of Calcutta, and Joseph Harley Cathell, son of Mr. and Mrs. Merle Cathell of 1700 Chester Ave., Wellsville, were united in marriage the evening of Aug. 13 at 5:30 o'clock in th Wellsville First Church of the Nazarene.

The double - ring ceremony was performed by the Rev. Clark Allison before an altar banked with seasonal flowers, palms and ferns with candlelight. Mildred Collins was organist and Joyce Westlake soloist.

—:—

GIVEN IN marriage by her father, the bride wore a gown of white silk and lace. The fitted bodice featured a sabrina neckline with rhinestones, long pointed lace sleeves and the full length skirt of silk and pointed lace with rhinestone trim, ended in a short chapel train.

Her silk illusion veil was elbow length and was attached to a crown of pearls and crystal leaf motifs. Her only jewelry was a teardrop necklace, consisting of a silver bell, a gift of the bridegroom.

She carried a small white Bible, given to her by her mother, topped with a cascade bouquet of white carnations and centered with a white orchid.

Miss Lynn Smith, maid of honor, wore an empire - styled gown of yellow silk organza. Her headpiece, a nose tip veil, was attached to a yellow crown. She carried a cascade bouquet to match her gown.

Miss Sharon Rowley, a friend of the bride, and Miss Carolyn Cathell, a cousin of the bridegroom, were bridesmaids. They wore gowns identical to that of the maid of honor, in pink and blue. Their nose tip veils were attached to crowns and they carried cascade bouquets of carnations to match their gowns.

Tammy Snyder, cousin of the bride, and Nancy Sanflippo, cousin of the bridegroom, were flower girls. They wore gowns styled after the other attendant's gowns, in yellow and mint green. Their headpieces were made by the bride's grandmother, Mrs. Lillian Jarvis. They carried white baskets filled with pink and white carnation petals. Danny Jarvis, cousin of the bride, served as ring-bearer.

The mother of the bride wore a mint green sheath dress with matching jacket and white accessories. The bridegroom's mother wore a two-piece beige

lace ensmble with brown accessories. They both wore white orchid corsages. Corsages of white orchids were presented to the grandmothers of the couple.

William Smith was best man. Ushers were David Cathell, and Robert Bonadio, brother and friend of the bridegroom, respectively. Emmet Petterson, a great uncle of the bride, directed the wedding.

—:—

A RECEPTION for 175 guests was held in the VFW hall in East Liverpool. The table was decorated with a four - tier wedding cake, topped with a miniature wedding bridal couple. Two-tier crystal candelabra and floral arrangements of white mums completed the setting. The Charles Sanflippo Orchestra provided the music.

Aides were Mrs. Sue Rowley, Mrs. Lora Bailey, Mrs. Donna Rowley, Miss Beth Williams, Miss Ginnie Williams, Mrs. Mary Carroll and Mrs. Sylvia Bird and Mrs. Angeline Sanflippo, both aunts of the bridegroom.

Guests were from Diamond, Columbus, East Palestine, Chester, Georgetown, Vanport and Beaver Falls.

The newlyweds are residing in Coronado, Calif., where the bridegroom will be stationed until October. He is serving with the Navy Seabees for two years. For traveling, the bride wore a white lace dress with green accessories and a white orchid corsage.

A pre - nuptial shower was given for the bride by her maid of honor.

Area Soldier Transferred To Hospital

Lance Cpl. Larry R. Archer, grandson of Mr. and Mrs. Robert B. Boyce of Wellsville R.D. 1, has been transferred from the Hospital Ship Repose to a naval hospital in Yokosuka, Japan, for further treatment of mortar fragmentation wounds to the left hand received while engaged in "Operation Hastings" recently at Quang Tri, Viet Nam.

Mr. and Mrs. Boyce originally had received word on their grandson's wounds through the report of an amateur radio operator originating on the Repose and relayed from San Diego. They received official word from Washington, D. C., Sunday regarding the transfer.

Archer, a member of the 3rd Battalion, 4th Marines, India Company, was stationed at Hu Phu Bai prior to the 'Hastings" action. He arrived in Viet Nam in January after completing basic training at Parris Island, S. C.

The 20-year-old Marine, the son of Mrs. Betty Dailey of Oakmont, East Liverpool, attended Wellsville High School.

er, was in "satisfactory" condition at the same hospital.

Authorities said the collision was touched off when Miss Glick's eastbound car hit a medial guard rail and flipped over into the westbound lane. Her car then was struck by Cousins' auto.

Howell's auto then hit the Cousins' car, throwing out his wife, the Morgan woman and the Wellsville woman. After Howell's car was halted, it was struck by a tractor - trailer. A Greyhound Bus slowing at the accident scene was hit from the rear by an auto. The bus was thrown to the left, sideswiping two more cars.

The series of crashes ended when a car driven by the Rev. Alex Mihalik of Hubbard ran into the tractor - trailer.

Officers timed the collision at 4:25, five miles west of the Irwin interchange.

Firemen At Wellsville Aid Young 'Tarzan,' 5

A 5-year-old boy who became stranded on the roof at his home while playing "Tarzan" was rescued with a ladder Monday afternoon about 1:45 by the Wellsville fire department.

Chuckie Stephenson, son of Mr. and Mrs. James R. Stephenson of 114 Lisbon St., climbed a tree near the home and then swun over onto the roof. Fearful of the height of about 15 feet, he decided not to attempt a descent.

His mother summoned firemen, who quickly rescued the child, who was unhurt. His parents said he promised not to climb onto the roof again, "Tarzan" or not.

50th Anniversary Event Set By Wellsville Couple

The 50th wedding anniversary of Mr. and Mrs. John Whitaker of 433 14th St., Wellsville, will be celebrated Sunday at the upper pavilion of Hammond Park.

A family reunion will be held from 1 to 3 p.m., followed with open house from 3 to 5.

Mrs. Whitaker is the former Olive McDevitt, daughter of the late Andrew and Martha McDevitt. Her husband is the son of the late Harry and Martha Whitaker. They were united in marriage Aug. 30, 1916, at the McDevitt home in Gavers by the Rev. McCleery.

Mr. Whitaker worked 10 years for the Eastern Ohio Sewer Pipe Co. and was in the coal business for 35 years prior to his retirement in 1963. Before moving to Wellsville 23 years ago, the Whitakers lived in Highlandtown and vicinity.

They have three sons, Karl Whitaker and William Whitaker of Wellsville and John Whitaker Jr. of Akron; five daughters, Mrs. Clyde (Naomi) Dawson of Wellsville, Mrs. John (Leah Mae) Clutter and Mrs. James (Delores) Goodman of East Liverpool, Mrs. Mary Alice Carter of Wellsville and Mrs. William (Donna Jean) Weaver of Wellsburg, W. Calcutta Firemen OK File Cabinet Purchase

Purchase of a new file cabinet for the office of the Calcutta Volunteer Fire Department was authorized at a meeting Monday night.

Eleven attended the session when it was announced the Tri-State Firemen's Association will meet Sept. 22 at the Calcutta station.

Chief Laverne Seckman cautioned members about power steering which has been installed on the pumper truck, explaining they should be alert against "over-steering."

The first calliope had only eight keys, though later models had 32. A coal or wood - fired boiler furnished steam. Firm pressure on a key opened a valve, which sent steam coursing into a pitched pipe. Music of sorts came out of it.

Bigger Turning Areas Asked In Proposed Road Vacations

LISBON — Columbiana County commissioners Monday directed a letter to the State Highway Department's Division 11 at New Philadelphia concerning turn-arounds on two Madison Township roads proposed for vacation.

"In order to faciliate the operation of township road equipment, we hearby request that the radii of the proposed cul-de-sacs for Township Roads 898 and 899 be increased to 40 feet," the commissioners wrote Earl Nelson deputy director.

This is 10 feet larger than those established by the state on drawings of the proposed vacation of parts of Township Roads 898, 899 and 896. Township trustees desire larger turning areas for their equipment and 66-passenger school buses.

A third hearing on the vacations, required for construction of State Route 11 (the Lake Erie - to - Ohio River freeway) and the relocation of Routes 30 and 45, is scheduled for 2 p. m. Thursday, Sept. 8, in the commissioners' office.

Commissioners approved a $33.20 travel allowance to Joe Reed and Walter McCoy, soldiers Relief Commission service officers, to take a veteran to a Veterans Administration hospital in Cleveland Thursday and check on veterans' claims in the Cleveland office.

They also approved a Salem resident's application for admission to the Ohio Tuberculosis Hospital at Columbus.

They approved Jean H. Redpath's Plat 3 in the northwest quarter of Section 4, Fairfield Township. The plat consists of two lots totaling nine - tenths of an acre and four - tenths of an acre in drives.

The County Home has 126 residents — 55 men and 71 women — Supt. Robert Boyce reported in his August summary to the commissioners. The home income was $11,696, including $10,437 from social security and aid for aged checks, he said.

INDIANAPOLIS, Ind. (AP) — Jimmy Kasler, 13, delivered newspapers, washed cars and caddied to replace his bicycle stolen in June.

Last week, he gathered his earnings and bought a fancy, gold-color, five-speed, two-wheeler — and the best lock he could find.

He left the bike unattended — and unlocked — a few minutes Tuesday while he shopped near his home. When he returned it was gone.

Kasler is the son of Air Force Maj. James H. Kasler, coleader of the initial air raids on the Hanoi-Haiphong oil complex who later was shot down and captured by the North Vietnamese.

LOS ANGELES (AP) — Pianist Roger Williams has canceled all immediate concert and television appearances following a motorcycle accident in which his right hand was injured.

A doctor for the entertainer said he did not expect the injury to have any permanent effect on Williams' playing. Some stones were extracted from the hand, according to the physician.

A spokesman said Williams' motorcycle was struck by a car Saturday afternoon.

NEW YORK (AP) — Vice President Hubert H. Humphrey took a look around the New York Stock Exchange Monday. He apparently was interested in what he saw because he stayed three hours.

Humphrey's visit was unannounced and described as a personal and unofficial call on Walter Frank, chairman of the exchange, and Keith Funston, its president.

The vice president talked with employes and watched transactions on the exchange floor.

HUNTINGTON BEACH, Calif. (AP) — Dolores Carlson applies modern technology to the venerable art of beachcombing.

Along the sand she walks each day, carrying a mine sweeper-like detector and a battered basket.

Mrs. Carlson listens through earphones for a telling buzz from the detector, which cost her $134, then sifts the sand with the basket. The straining often produces a daily yield of $15 in coins, plus religious medals, cigarette lighters, and once, a radio.

MARTINEZ, Calif. (AP) — Singer Yvonne King, 45, and band leader Del Courtney, 56, ended their marriage Monday, each divorcing the other.

Neither contested the action and both charged extreme cruelty.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: I have a son who wears black trousers and Ivy League pants, and I'd like to tell you an easy way I found to get the lint off.

After I wash the pants with a cold water soap, I use only a few minutes of my time to put pants creasers into them.

I then wet a crumpled piece of your famous nylon net, and after the pants are in the creasers and hanging on the line, I just wipe the wet nylon net over the damp pants.

All the pieces of fuzz particles come off.

YOUR FAN

-:-

This actually works, if the net is wet. Why, I can't figure out.

I'm now a fan of the fan who wrote us. Thanks, pal.

HELOISE.

DEAR HELOISE: When taking diapers off the line, I have found that instead of throwing them in a basket where they get all wrinkled it is better to lay them gently across my arm. If time does not permit me to fold them right away, I just lay them down flat.

Mothers will be surprised to find out how much faster they can be folded; and they look as though they had been pressed.

J. L. B.

DEAR HELOISE: For those who have children at the "crayon-on-the-woodwork" stage:

I have discovered that a dry washcloth, used with dry kitchen cleanser, is much better than a wet one.

Don't rub too hard. I don't want our friends to remove the paint.

BARBARA CREPPS.

-:-

DEAR BARBARA: I cannot imagine you discovering this one.

I took two washcloths, one wet and one dry, and tried both methods.

Your dry method was better by far.

Since the cloth was dry, it did not remove the paint, only the crayon marks.

Bless you always.

HELOISE.

DEAR HELOISE: You know what I think about homemakers who have a dirty oven? It shows they are darn good cooks . . . or are trying.

NOBODY'S FOOL

-:-

DEAR HELOISE: I do most of my cooking when my husband isn't home.

I prepare meat loaves, baked potatoes, casseroles, etc., and cook them only half of the required time.

After letting them cool, I put them in the freezer.

When my husband comes home, all I have to do is pop one in the oven and finish cooking it.

Sure saves time.

JOAN KRAKER.

DEAR HELOISE: So many times I have had snaps that would not stay closed.

To remedy this, I just give the heads of the snaps a few taps with a hammer to flatten the point a bit.

This sure lengthens the life and usefulness of the garment, and is quicker than replacing the snaps.

I discovered this when my two youngsters were in crawlers with the snap crotch, and every penny counted.

BARBARA CARR.

—:—

DEAR HELOISE: To void skinned knuckles when grating coconuts, carrots, onions, etc., put on a clean white cotton glove.

MARGIE.

DEAR HELOISE: Save your foil, divided trays from frozen dinners and place them in the bedroom chest drawers.

See what handy dividers they make for costume jewelry.

MISS MAMIE B. WILLIAMS.

To Lose It Saturday Night

Miss USA-World To Give Up Crown At Ohio's Fair

COLUMBUS, Ohio (AP)—Miss USA-World is a soft-spoken blonde Virginian who enjoys the job she'll lose Saturday night.

The soon-to-be-unemployed beauty is Dianna Lynn Batts, 20, who plans to go home to Falls Church, Va., and "goof off" for about a month after relinquishing her title at the Miss USA-World Pageant at the Ohio State Fair this weekend.

How does it feel to be a has-been at the age of 20?

"I don't think I'd feel bad at all, but it kind of hit me yesterday," Dianna says. "This year has meant an awful lot."

"It's meant traveling through most of the United States and gaining 10 pounds in the process.

"Everywhere I go, they want to feed me. I don't look undernourished."

True enough.

It's neant constant packing and unpacking. "My clothes get worn out so fast I've gone through three sets," she says.

The wear and tear has taken less of a toll on her informal clothes. "Even when I'm home, I can't sneak out in slacks or Levis and a sweat shirt," she says. "It would spoil the image."

Dianna's image is a wholesome one. A lifelong Mormon, she neither smokes nor drinks, but she says, "I'd never try to change anybody's life."

After her "goofing-off" period, Dianna has her sights on a possible modeling career. "I love to have my picture taken, and I think it's important for people to do something they like."

In the few days left before Saturday, Dianna plans to be busy with personal appearances rehearsals and shopping.

Eight Are Enrolled In 'Project Jump'

CINCINNATI (AP) — "Project Jump," a program to train Negroes to become journeyman building tradesmen, began here Monday with eight enrolees.

The project is sponsored by the Greater Cincinnati Vocational Foundation, which was organized after several charges were made that unions here have discriminated against Negroes.

Lillian Lietzel, who died in 1937, set a record of 27 one-handed chin-ups which has not been matched by any man.

Western Trip May Be Taken By President

WASHINGTON (AP) — President Johnson, pleased with his trip into New England and Canada last weekend, may be planning another multistate swing in the West.

There were reports Monday from Colorado, New Mexico, Wyoming, Idaho, Montana and Oklahoma of a possible presidential trip. Some of the reports said security agents were making checks in their areas.

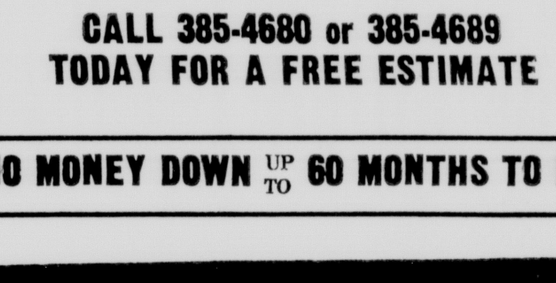

The White House refused to confirm the reports. Press secretary Bill D. Moyers told newsmen that "as far as I know no plans have been firmed up for a President's trip." Moyers did add, however, that Johnson was pleased with the results of the New England swing.

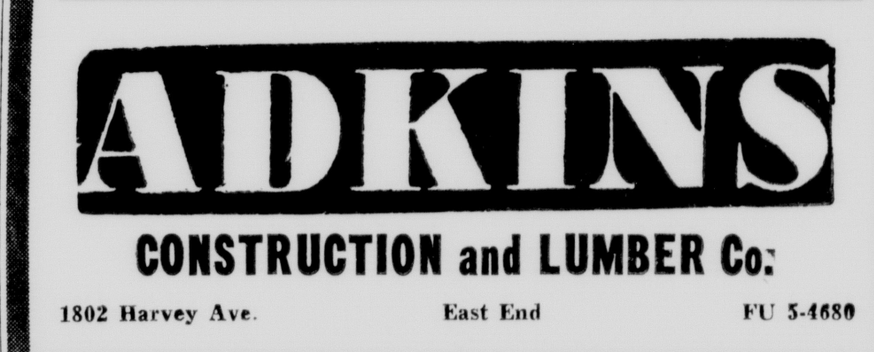

The White House never announces travel plans for the President until final decisions have been made.

Johnson has indicated more trips are in the works. Speaking Friday in Buffalo, N.Y., he noted that he would be in five states in the next three days.

"And before the leaves turn brown we'll be in many more looking and listening — and I suspect we'll be talking some of the time," Johnson said.

ALUMINUM SIDING MONTH
THE MORE YOU KNOW ABOUT SIDING, THE MORE YOU'LL SIDE WITH ALUMINUM

Aluminum does not rust, warp, rot, split, blister or crack either. Aluminum does not transmit or absorb moisture. There is no flaking or peeling of the finish. The finish will last for years and years. Aluminum siding is an insulator too. It can help keep your house cooler in summer and warmer in winter. To clean the siding just hose it down.

September is aluminum siding month and Adkins has a special low price for all installed siding jobs this month. We are well trained to handle your residing work. Quality "ALCOA" installed by experts. Don't pass up this opportunity.

Pirates Still Cling To Slim Lead, Edge Phillies, 6-5

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Giants Turn Back Reds; LA Wins

By MURRAY CHASS
Associated Press Sports Writer

Jesse Gonder finally is catching up with Frank Robinson and Vada Pinson again, but he'd rather catch up with Yogi Berra.

Gonder, who was a high school chum of Robinson and Pinson, continued hitting like the two sluggers Monday night, rapping three hits as the Pittsburgh Pirates edged Philadelphia 6-5 and maintained their one-percentage-point lead in the National League pennant race.

Gonder, a reserve catcher, has started the last three games for the Pirates and has collected eight hits in 13 at bats, raising his average 54 points to .245.

But as elated as Gonder is about his hitting, he prefers building his image as a catcher, an image he contends has been marred unjustifiably.

"I'm not a bad catcher," he said. "I hate to say this, but I have to blame the New York press. When I was with the Mets, the press was building the Mets' image. Any time a player did something wrong, they'd play it up big.

"Like one day the headline read, 'Gonder drops pop fly, Mets lose.' I don't think I got a fair shake."

The Pirates are willing boosters for Gonder's defense.

"He hasn't caught a bad game for us this year," pitcher Al McBean said.

Added Manager Harry Walker: "Bob Veale would rather pitch to him than anyone else."

The 30-year-old Gonder has traveled extensively since attending McClymonds High School in Oakland, Calif., with Robinson and Pinson.

He played with 11 minor league teams and four major league teams — both New Yorks, Cincinnati and Milwaukee — before joining the Pirates this season.

In other National League games, second-place San Francisco defeated Cincinnati 5-2, Los Angeles edged Atlanta 4-3 in 12 innings, St. Louis blanked Houston 3-0 and Chicago downed New York 8-4. There were no games scheduled in the American League.

The Pirates added 14 other hits to Gonder's three. One was Bill Mazeroski's two-run triple, which powered a four-run rally in the fifth inning. Mazeroski put the Pirates ahead of Philadelphia 4-3 with the triple, then scored as Bob Bailey singled.

Hal Lanier scored on Len Gabrielson's fifth-inning single, putting San Francisco ahead 3-2, then added a two-run single in the eighth. Reliever Lindy McDaniel preserved the victory by blanking Cincinnati on four hits in the last four innings.

Lou Johnson's two-out, run-scoring single in the 12th inning kept Los Angeles three games out of first. Ron Fairly's run-scoring single put the Dodgers ahead 3-2 in the eighth, but Atlanta tied it in the ninth on Mack Jones' sacrifice fly. Hank Aaron hit his 34th homer for the Braves.

Steve Carlton scattered seven hits for his first major league shutout. Curt Flood supplied enough batting support, singling home runs in the first and fifth innings. Houston got only one runner to third.

Randy Hundley hit a two-run homer, and Ron Santo slugged two doubles and a single, leading Chicago past New York. Ken Holtzman scattered eight hits, including Jim Hickman's two-run homer in the fourth.

With 39 Games To Go

Bucs' Double Play Combo 38 Short Of NL Record

By IRA MILLER

PITTSBURGH (AP)—If Bill Mazeroski and Gene Alley have their way, the double play may become more important than the green weenie in the stretch drive for the Pittsburgh Pirates.

The Pirates' second base-short-stop duo collaborated on three twin-killings Monday night in a 6-5 victory over Philadelphia that left them 38 short of the National League record with 39 games to break it.

That's 161 DPs in 123 games for Pittsburgh, which held its one-percentage-point edge over second-place San Francisco. The record of 198 is held by the 1958 Dodgers.

Despite the "vital" role the green weenie has played in hexing Buc foes, Pittsburgh's pitchers, who need all the help they can get, will tell you they'd rather have double plays anytime.

Two of the three Monday night ended innings and kept the Phillies from scoring a runner from third. Add two runs to five in a 6-5 defeat and you get the picture.

"They're the best I ever saw," marveled Buc skipper Harry Walker. "Maz gets the ball away so quickly and Alley charges it like no one's business."

Mazeroski, who also lent a hand with the bat—his two-run triple in the fifth put Pittsburgh ahead to stay—said he anticipates the double play, but Alley says he takes them as they come.

"Like the ball Callison hit (with runners on first and third, one out in the seventh and the Phils a run down)," Mazeroski said. "I said to myself 'double play' all the way."

"I never think of the double play," said Alley. "If you get it, you get it, if you don't get it there's nothing you can do."

Meanwhile as the Pirates roll on, everyone's still wondering what ever happened to the adage that pitching was three-quarters of baseball.

Pittsburgh's starter Woody Fryman lasted only an inning Monday night before the Phillies blasted him out on four straight hits. Don Cardwell came in as the stopper and picked up his first win in along while when the Bucs got to Bob Buhl in the fifth.

Through four innings, the Pirates had seven hits and had stranded six runners, but they blasted six hits in a row in the fifth for the four decisive runs.

Cassius Will Now Seek Ministerial Exemption

LOUISVILLE, Ky. (AP) — Heavyweight champion Cassius Clay will turn challenger once again in his battle for a draft exemption, this time claiming he is a minister of the Black Muslim faith.

Clay's attorney, Hayden Covington, said he would file an appeal with Clay's local draft board for a ministerial exemption.

"I don't know why this wasn't done in the first place," Covington said Monday. "It's been hidden under a bushel basket and it's my duty to bring it to light."

Clay, in an unusually somber mood, preferred to let his attorney do his talking.

"I don't think it's respectful to the draft board or the American government to discuss this case out of court," the champion said.

Clay and Covington will appear at a hearing today before retired Circuit Judge Lawrence Grawman on Clay's appeal for draft deferment as a conscientious objector.

"This does not mean he will change his appeal," Covington said. "It merely means that this man is both a conscientious objector and a minister."

Covington said that if Clay is considered a conscientiois objector, his classification of 1-A would be changed to 1-O. "But he wouldn't be automatically exempt for that reason," he added.

Local Colt Leaguers In Salem Tournament

The East Liverpool Colt League All-Star team sponsored by George Bright's Real Estate has entered the Salem Invitational Tournament and will begin play on Saturday at Central Park in Salem. Dick Vocial and Gig Moore are managers.

Browns And Colts Awaiting Rematch

HIRAM, Ohio (AP) — The last time the Cleveland Browns and Baltimore Colts got together was a cold, windy day at Cleveland Municipal Stadium here for the National Football League Championship in 1964.

The Browns won, 27-0, and the Colts still remember.

"We've had some other tough ones, but I'm sure that game hasn't been forgotten," said Baltimore Coach Don Shula in a telephone interview Monday from Western Maryland College.

The Browns and Colts have a rematch Friday night at the stadium, the second half of the annual pro football doubleheader exhibition. The Minnesota Vikings and Washington Redskins meet in the opener and a crowd of 79,000 is expected.

Shula commented on the absence of retired fullback Jim Brown:

"I don't think there ever was a back like Jim and probably never will be," he said. "Sure, he'll be missed, but the other two guys, Ernie Green and Leroy Kelly, can keep a defense honest. They're good runners, blockers and receivers."

The Colts will bring a 3-0 exhibition record into the doubleheader with an offense that has scored 99 points. The Browns are 2-1.

Shula also talked about his own club, especially quarterbacks John Unitas and Gary Cuozzo.

"Unitas is having a good camp," he said. "He's been doing everything he's ever done and that knee seems fine. Cuozzo also appears fully recovered from the shoulder injury." Both quarterbacks were sidelined last season with injuries.

The Browns, meanwhile, are concerned about quarterback Frank Ryan's elbow which bothered him last season. It still hurts occasionally when he snaps it full length on long passes.

The first game will be sort of a homecoming for Redskins' Coach Otto Graham, former Browns quarterback, in his freshman year as a pro skipper. The Redskins are 0-2 for exhibition games and Coach Norm Van Brocklin's Vikings are 2-0-1.

3 Shoot 31's To Share In Golf Honors

Three emerged deadlocked in Saturday's selective nine hole event at the Country Club.

W. L. Smith, Dr. H. F. Banfield and Dr. Frank Bragg finished with 31 each.

In the second division, J. W. Cooper and Pat DiPasquale also tied with 31.

In Sunday's par-birdie-eagle contest, Dr. Banfield scored 26 points as DiPasquale finished second with 23.

Members are reminded to sign up for the men's amateur-amateur event Saturday at 1 p. m. The event will be the best ball of four.

Smith Wins Caddy Title

Bill Smith fired 44-39-83 to win the high school division of the Caddy championship Monday at the Country Club.

Sid Menough was second with 45-40-85 while John Hargreaves took third shooting 42-44-86.

The grade school title went to Ralph Heffner with 56-46-102 while Tom Taylor was second recording 52-55-107.

S. Side Stars Bow Out After 5-0 Setback

The South Side Hot Stove League All-Stars were eliminated from the Robinson Township Lions Club Tournament Monday after being blanked by Beechview, 5-0.

Beechview's winning pitcher Mike Dunn only allowed two hits and fanned 11 batters. His control was perfect with no walks issued.

Nick Horoszko was charged with the pitching loss and gave up five runs on six hits. He had eight strikeouts and didn't give up a walk.

Mike Slogan pounded a home run and single while driving in four of the five runs.

Ruth League Stars Battle To 16-16 Tie

The underdog Babe Ruth League All-Stars of Wellsville battled Irish Brands of the Advanced Babe Ruth League to a 16-16 tie in a game called after 10 innings Sunday at Hammond Park.

Butch Snyder was the hero for the All-Stars with a grand slam home run, a single and seven RBI's. Snyder's home run was one of the longest recorded at Hammond Park. Pearson also added two hits for the stars.

Rolley homered and doubled for Irish Brands while Clutter collected three singles.

Head Of WBA Is 'Critical'

PANAMA CITY (AP) — James Deskin, president of the World Boxing Association, remained in critical condition Monday night after suffering a heart attack during the WBA's annual convention.

Deskin, 62, was carried out of the opening session on a stretcher Monday to the Social Security Hospital after complaining of severe chest pains. It was his first heart attack. His wife, who accompanied him to Panama, was with him.

Deskin, of Las Vegas, Nev., had opened the session in the morning, showing no signs of illness, but suffered the attack while sitting at the head table in the convention hall. He was examined by Dr. Alexander Robbins of Miami Beach, Fla., who asked at the time that a priest be summoned.

Dr. Robbins said Deskin's condition was critical and the prognosis "has to be guarded because sudden death can occur."

Elmira Pioneers Win Eastern League Flag

ELMIRA, N.Y. (AP) — The Elmira Pioneers defeated the Pittsfield Red Sox 6-1 Monday to clinch the Class AA Eastern League baseball pennant.

The Pioneers hold a 16½-game lead with 14 games left in the season.

Yesterday's Stars

BATTING—Ron Santo, Chicago, collected two doubles and a single, driving in two runs, in the Cubs' 8-4 victory over the New York Mets.

PITCHING—Steve Carlton, St. Louis, scattered seven hits for his first major league shutout as the Cardinals downed Houston 3-0.

Wood Extends Shutout String To 25 Innings

Columbus southpaw Wilbur Wood and Rochester right-hander Frank Bertaina are two of the main reasons why the Jets and the Red Wings stand as high as they do in the International League standings.

Both were in top form Monday night in leading their respective teams to victory as Columbus maintaned its 2½ game lead over the runnerup Red Wings.

Wood extended his shutout streak to 25 innings before a third - inning unearned run spoiled it, then coasted the rest of the way as the Jets came through with a 6-2 win over Buffalo. Wood's victory was his 14th against seven defeats.

At Rochester, meanwhile, Bertaina picked up his ninth win in 11 decisions, this one coming against Jacksonville in a 6-2 game that was to have been first of a twin bill. The second game was rained out.

In the only other action, Toledo moved a step closer to fifth place by nosing out Toronto, 4-3. The scheduled game at Syracuse between the Chiefs and the Richmond Braves was washed out.

Bertaina struck out 10 men and walked only one in the seven-inning affair at Rochester.

Australia Launches Yacht, Trials Slated

SYDNEY, Australia (AP) — Dame Pattie, the 12-meter yacht that will attempt to wrest the America's Cup from the United States in September 1967, was launched Monday on Sydney harbor.

Dame Pattie will sail a series of trials against Gretel next year for the right to challenge for the big yachting trophy off Newport, R.I.

Hudok Captures First Flight In Ladies Golfing

Donna Hudok won first flight when five mystery holes were played by the Pleasant Hills Ladies Golf Association.

The second flight went to Nellie Rush while the third flight was won by Pat Straka. Dean Adkins had the longest drive on No. 9 while Carol Cameron was closest to the pin on No. 8.

Pirates Still Cling To Slim Lead, Edge Phillies, 6-5

By MURRAY CHASS
Associated Press Sports Writer

Jesse Gonder finally is catching up with Frank Robinson and Vada Pinson again, but he'd rather catch up with Yogi Berra.

Gonder, who was a high school chum of Robinson and Pinson, continued hitting like the two sluggers Monday night, rapping three hits as the Pittsburgh Pirates edged Philadelphia 6-5 and maintained their one-percentage-point lead in the National League pennant race.

Gonder, a reserve catcher, has started the last three games for the Pirates and has collected eight hits in 13 at bats, raising his average 54 points to .245.

But as elated as Gonder is about his hitting, he prefers building his image as a catcher, an image he contends has been marred unjustifiably.

"I'm not a bad catcher," he said. "I hate to say this, but I have to blame the New York press. When I was with the Mets, the press was building the Mets' image. Any time a player did something wrong, they'd play it up big.

"Like one day the headline read, 'Gonder drops pop fly, Mets lose.' I don't think I got a fair shake."

The Pirates are willing boosters for Gonder's defense.

"He hasn't caught a bad game for us this year," pitcher Al McBean said.

Added Manager Harry Walker: "Bob Veale would rather pitch to him than anyone else."

The 30-year-old Gonder has traveled extensively since attending McClymonds High School in Oakland, Calif., with Robinson and Pinson.

He played with 11 minor league teams and four major league teams — both New Yorks, Cincinnati and Milwaukee — before joining the Pirates this season.

In other National League games, second-place San Francisco defeated Cincinnati 5-2, Los Angeles edged Atlanta 4-3 in 12 innings, St. Louis blanked Houston 3-0 and Chicago downed New York 8-4. There were no games scheduled in the American League.

The Pirates added 14 other hits to Gonder's three. One was Bill Mazeroski's two-run triple, which powered a four-run rally in the fifth inning. Mazeroski put the Pirates ahead of Philadelphia 4-3 with the triple, then scored as Bob Bailey singled.

Hal Lanier scored on Len Gabrielson's fifth-inning single, putting San Francisco ahead 3-2, then added a two-run single in the eighth. Reliever Lindy McDaniel preserved the victory by blanking Cincinnati on four hits in the last four innings.

Lou Johnson's two-out, run-scoring single in the 12th inning kept Los Angeles three games out of first. Ron Fairly's run-scoring single put the Dodgers ahead 3-2 in the eighth, but Atlanta tied it in the ninth on Mack Jones' sacrifice fly. Hank Aaron hit his 34th homer for the Braves.

Steve Carlton scattered seven hits for his first major league shutout. Curt Flood supplied enough batting support, singling home runs in the first and fifth innings. Houston got only one runner to third.

Randy Hundley hit a two-run homer, and Ron Santo slugged two doubles and a single, leading Chicago past New York. Ken Holtzman scattered eight hits, including Jim Hickman's two-run homer in the fourth.

With 39 Games To Go

Bucs' Double Play Combo 38 Short Of NL Record

By IRA MILLER

PITTSBURGH (AP)—If Bill Mazeroski and Gene Alley have their way, the double play may become more important than the green weenie in the stretch drive for the Pittsburgh Pirates.

The Pirates' second base-short-stop duo collaborated on three twin-killings Monday night in a 6-5 victory over Philadelphia that left them 38 short of the National League record with 39 games to break it.

That's 161 DPs in 123 games for Pittsburgh, which held its one-percentage-point edge over second-place San Francisco. The record of 198 is held by the 1958 Dodgers.

Despite the "vital" role the green weenie has played in hexing Buc foes, Pittsburgh's pitchers, who need all the help they can get, will tell you they'd rather have double plays anytime.

Two of the three Monday night ended innings and kept the Phillies from scoring a runner from third. Add two runs to five in a 6-5 defeat and you get the picture.

"They're the best I ever saw," marveled Buc skipper Harry Walker. "Maz gets the ball away so quickly and Alley charges it like no one's business."

Mazeroski, who also lent a hand with the bat—his two-run triple in the fifth put Pittsburgh ahead to stay—said he anticipates the double play, but Alley says he takes them as they come.

"Like the ball Callison hit (with runners on first and third, one out in the seventh and the Phils a run down)," Mazeroski said. "I said to myself 'double play' all the way."

"I never think of the double play," said Alley. "If you get it, you get it, if you don't get it there's nothing you can do."

Meanwhile as the Pirates roll on, everyone's still wondering what ever happened to the adage that pitching was three-quarters of baseball.

Pittsburgh's starter Woody Fryman lasted only an inning Monday night before the Phillies blasted him out on four straight hits. Don Cardwell came in as the stopper and picked up his first win in along while when the Bucs got to Bob Buhl in the fifth.

Through four innings, the Pirates had seven hits and had stranded six runners, but they blasted six hits in a row in the fifth for the four decisive runs.

Cassius Will Now Seek Ministerial Exemption

LOUISVILLE, Ky. (AP) — Heavyweight champion Cassius Clay will turn challenger once again in his battle for a draft exemption, this time claiming he is a minister of the Black Muslim faith.

Clay's attorney, Hayden Covington, said he would file an appeal with Clay's local draft board for a ministerial exemption.

"I don't know why this wasn't done in the first place," Covington said Monday. "It's been hidden under a bushel basket and it's my duty to bring it to light."

Clay, in an unusually somber mood, preferred to let his attorney do his talking.

"I don't think it's respectful to the draft board or the American government to discuss this case out of court," the champion said.

Clay and Covington will appear at a hearing today before retired Circuit Judge Lawrence Grawman on Clay's appeal for draft deferment as a conscientious objector.

"This does not mean he will change his appeal," Covington said. "It merely means that this man is both a conscientious objector and a minister."

Covington said that if Clay is considered a conscientiois objector, his classification of 1-A would be changed to 1-O. "But he wouldn't be automatically exempt for that reason," he added.

Local Colt Leaguers In Salem Tournament

The East Liverpool Colt League All-Star team sponsored by George Bright's Real Estate has entered the Salem Invitational Tournament and will begin play on Saturday at Central Park in Salem. Dick Vocial and Gig Moore are managers.

Browns And Colts Awaiting Rematch

HIRAM, Ohio (AP) — The last time the Cleveland Browns and Baltimore Colts got together was a cold, windy day at Cleveland Municipal Stadium here for the National Football League Championship in 1964.

The Browns won, 27-0, and the Colts still remember.

"We've had some other tough ones, but I'm sure that game hasn't been forgotten," said Baltimore Coach Don Shula in a telephone interview Monday from Western Maryland College.

The Browns and Colts have a rematch Friday night at the stadium, the second half of the annual pro football doubleheader exhibition. The Minnesota Vikings and Washington Redskins meet in the opener and a crowd of 79,000 is expected.

Shula commented on the absence of retired fullback Jim Brown:

"I don't think there ever was a back like Jim and probably never will be," he said. "Sure, he'll be missed, but the other two guys, Ernie Green and Leroy Kelly, can keep a defense honest. They're good runners, blockers and receivers."

The Colts will bring a 3-0 exhibition record into the doubleheader with an offense that has scored 99 points. The Browns are 2-1.

Shula also talked about his own club, especially quarterbacks John Unitas and Gary Cuozzo.

"Unitas is having a good camp," he said. "He's been doing everything he's ever done and that knee seems fine. Cuozzo also appears fully recovered from the shoulder injury." Both quarterbacks were sidelined last season with injuries.

The Browns, meanwhile, are concerned about quarterback Frank Ryan's elbow which bothered him last season. It still hurts occasionally when he snaps it full length on long passes.

The first game will be sort of a homecoming for Redskins' Coach Otto Graham, former Browns quarterback, in his freshman year as a pro skipper. The Redskins are 0-2 for exhibition games and Coach Norm Van Brocklin's Vikings are 2-0-1.

3 Shoot 31's To Share In Golf Honors

Three emerged deadlocked in Saturday's selective nine hole event at the Country Club.

W. L. Smith, Dr. H. F. Banfield and Dr. Frank Bragg finished with 31 each.

In the second division, J. W. Cooper and Pat DiPasquale also tied with 31.

In Sunday's par-birdie-eagle contest, Dr. Banfield scored 26 points as DiPasquale finished second with 23.

Members are reminded to sign up for the men's amateur-amateur event Saturday at 1 p. m. The event will be the best ball of four.

Smith Wins Caddy Title

Bill Smith fired 44-39-83 to win the high school division of the Caddy championship Monday at the Country Club.

Sid Menough was second with 45-40-85 while John Hargreaves took third shooting 42-44-86.

The grade school title went to Ralph Heffner with 56-46-102 while Tom Taylor was second recording 52-55-107.

Hudok Captures First Flight In Ladies Golfing

Donna Hudok won first flight when five mystery holes were played by the Pleasant Hills Ladies Golf Association.

The second flight went to Nellie Rush while the third flight was won by Pat Straka. Dean Adkins had the longest drive on No. 9 while Carol Cameron was closest to the pin on No. 8.

S. Side Stars Bow Out After 5-0 Setback

The South Side Hot Stove League All-Stars were eliminated from the Robinson Township Lions Club Tournament Monday after being blanked by Beechview, 5-0.

Beechview's winning pitcher Mike Dunn only allowed two hits and fanned 11 batters. His control was perfect with no walks issued.

Nick Horoszko was charged with the pitching loss and gave up five runs on six hits. He had eight strikeouts and didn't give up a walk.

Mike Slogan pounded a home run and single while driving in four of the five runs.

Ruth League Stars Battle To 16-16 Tie

The underdog Babe Ruth League All-Stars of Wellsville battled Irish Brands of the Advanced Babe Ruth League to a 16-16 tie in a game called after 10 innings Sunday at Hammond Park.

Butch Snyder was the hero for the All-Stars with a grand slam home run, a single and seven RBI's. Snyder's home run was one of the longest recorded at Hammond Park. Pearson also added two hits for the stars.

Rolley homered and doubled for Irish Brands while Clutter collected three singles.

Head Of WBA Is 'Critical'

PANAMA CITY (AP) — James Deskin, president of the World Boxing Association, remained in critical condition Monday night after suffering a heart attack during the WBA's annual convention.

Deskin, 62, was carried out of the opening session on a stretcher Monday to the Social Security Hospital after complaining of severe chest pains. It was his first heart attack. His wife, who accompanied him to Panama, was with him.

Deskin, of Las Vegas, Nev., had opened the session in the morning, showing no signs of illness, but suffered the attack while sitting at the head table in the convention hall. He was examined by Dr. Alexander Robbins of Miami Beach, Fla., who asked at the time that a priest be summoned.

Dr. Robbins said Deskin's condition was critical and the prognosis "has to be guarded because sudden death can occur."

Elmira Pioneers Win Eastern League Flag

ELMIRA, N.Y. (AP) — The Elmira Pioneers defeated the Pittsfield Red Sox 6-1 Monday to clinch the Class AA Eastern League baseball pennant.

The Pioneers hold a 16½-game lead with 14 games left in the season.

Yesterday's Stars

BATTING—Ron Santo, Chicago, collected two doubles and a single, driving in two runs, in the Cubs' 8-4 victory over the New York Mets.

PITCHING—Steve Carlton, St. Louis, scattered seven hits for his first major league shutout as the Cardinals downed Houston 3-0.

Wood Extends Shutout String To 25 Innings

Columbus southpaw Wilbur Wood and Rochester right-hander Frank Bertaina are two of the main reasons why the Jets and the Red Wings stand as high as they do in the International League standings.

Both were in top form Monday night in leading their respective teams to victory as Columbus maintaned its 2½ game lead over the runnerup Red Wings.

Wood extended his shutout streak to 25 innings before a third - inning unearned run spoiled it, then coasted the rest of the way as the Jets came through with a 6-2 win over Buffalo. Wood's victory was his 14th against seven defeats.

At Rochester, meanwhile, Bertaina picked up his ninth win in 11 decisions, this one coming against Jacksonville in a 6-2 game that was to have been first of a twin bill. The second game was rained out.

In the only other action, Toledo moved a step closer to fifth place by nosing out Toronto, 4-3. The scheduled game at Syracuse between the Chiefs and the Richmond Braves was washed out.

Bertaina struck out 10 men and walked only one in the seven-inning affair at Rochester.

Australia Launches Yacht, Trials Slated

SYDNEY, Australia (AP) — Dame Pattie, the 12-meter yacht that will attempt to wrest the America's Cup from the United States in September 1967, was launched Monday on Sydney harbor.

Dame Pattie will sail a series of trials against Gretel next year for the right to challenge for the big yachting trophy off Newport, R.I.

Falcons Drop 7 After Loss To Cleveland

By DICK COUCH
Associated Press Sports Writer

Arrivals may outnumber departures at the Atlanta Falcons' camp this week now that Norb Hecker has settled for half a purge.

Hecker, coach of the National Football League's fledgling franchise, had promised a shake-up last Saturday night after the Falcons were drubbed 42-3 for their fourth straight exhibition setback. "Twelve or 15 of them will be gone Monday," he said after an Atlanta crowd of 48,548 booed the home club.

Monday night, Hecker cut seven players, including Bobby Franklin, a veteran defensive back acquired from the Browns, and end Phil Sheridan, the Falcons' No. 6 draft choice from Notre Dame.

But Hecker's anger had subsided after viewing films of the one-sided loss to Cleveland and his disposition may be further improved when he studies waiver lists of the other NFL clubs in the next few days.

Today was the first of three cutdown dates for the 14 established clubs, who had to trim their rosters to 49 players apiece. They must get down to 43 by next Tuesday and then freeze at 40 by Sept. 6.

Atlanta, however, is exempt from the cutdown rule until Sept. 6, then may retain 46 players going into its season opener. Hecker, therefore, can be expected to make several additions to his squad, drawing from th other clubs' discards.

Other Atlanta cuts were defensive backs Lowell Caylor, Bob Sherman and Sam Montgomery; fullback Bill McWatters and defensive end Billy James. Sheridan, the Notre Dame captain in 1965, was the first high draft pick turned loose by the new club.

Washington and Pittsburgh got down to the 49-man limit Monday night, the Redskins making 11 squads cuts and the Steelers five.

Philadelphia dropped two players and Green Bay made the limit by placing rookie center Steve Buratto on waivers.

Washington placed three injured veterans — defensive back Jim Steffen and defensive tackles Fred Williams and Dick Eers — on the injured reserve list. Fullback Tom Barrington, No. 3 draft choice from Ohio State, and Kurt Altenberg, rookie end from UCLA, were among those cut.

The Steelers dropped four rookies and put third-year linebacker Gene Breen on the injured list. The Eagles asked waivers on center Dick Recher and defensive tackle Erwin Will, their No. 7 draft pick.

The American Football League also faced its first cutdown date today, with the nine clubs permitted to keep 42 players each.

Ex-Pro Gridder Registers Singles Victory At Shoot

VANDALIA, Ohio (AP)—Midlands marksmen collected the most titles from Monday's Introductory Shoot and Champion of Champions events at the Grand American trapshoot, but the familiar 6-foot-6, 230-pound figure from Nevada stood tall once again.

Dan Orlich, night manager at a Reno famed casino, relinquished his Champion of Champions crown after a three-year reign as best among state champions in their own special competition—but won the Introductory singles title.

The former Green Bay Packers football player, now 42 and winning laurels here since 10 years ago, was the only shooter in a record Introductory field of 1,032 to break all 200 targets from 16 yards.

The battle for Runnerup and Class AA honors in that event was carried over to today after 16 tied with 199 and three of the 16 survived by breaking 100 straight in a first shootoff.

The three include another prominent name in past Grand Americans, Bueford Bailey of Big Springs, Neb., who also grabbed a share of the Champion of Champions title. He and Don Mackerman, Newton, Iowa, tied for that one with 100 of 100. There was no shootoff.

Orlich missed just one clay in that event, also a 16-yard line competition. But one miss is as big as a mile here.

Bill Davis of Harrison, Ohio, whose hometown co-entrant Ray Siegert, gained Class C laurels in the introductory with a 198 tally, and Ray Dome of Manhattan, Ill., were in the tie with Bailey behind Orlich in the Introductory.

Other winners included Iowans Robert B. Boyd, Le Mars, Class B, 199, and Mary Meadows, Grimes, veteran ladies, 93 of 100; Steve Carmichael, Kansas City, Mo., who won the juniors with 198 and teamed with his dad, S. H. Carmichael, for the parent-child honors with 395 of 400; Doris and John Voss, Omaha, Neb., husdand-wife, 383; James A. and E. A. Ross, Uniontown, Pa., brother-brother, 393; Judith C. Allison, Elgin, Ill., 196; Ralph Cornett, Sykesville, Md., Class A, 199, and Mike Schwanz, Fort Wayne, Ind., 194.

Today's program featured more 16-yard firing at 200 targets for class championships.

U.S. Shuffles Net Lineup To Meet Australian Team

BROOKLINE, Mass. (AP) — The United States is banking on youth and a reshuffling of lineups in its drive to stop the one, two, three punch of the Australians in the U.S. National Doubles tennis championships.

Arthur Ashe, of Richmond, Va., who used to play with Tom Edlefson of Berkeley, Calif., in a team that was ranked fourth nationally last year, is now playing with Marty Riessen of Evanston, Ill., at Longwood Cricket Club.

Riessen used to play with Clark Graebner of Beachwood, Ohio, and that team holds the current No. 1 doubles ranking in the nation.

Graebner is now playing with Dennis Ralston of Bakersfield, Calif., who won the National Doubles at Brookline with Chuck McKinley of Port Washington, N.Y., in 1961, 1962, 1963 and 1964. McKinley has become a weekend player and is not entered in the tournament.

Ralston and Graebner are seeded second, Ashe and Riessen fourth.

Rain washed out all matches Monday.

The Australians arrived in the rain in force. Their No. 3 team of Owen Davidson and Bill Bowery defeated Ralston and Graebner Sunday in the finals of the Hall of Fame Tournament at Newport, R.I.

The Longwood defending champions are Australians Roy Emerson and Fred Stolle. They are seeded first and are expected to retain the title. Seeded third are the 1965 Wimbledon champs, Tony Roche and John Newcombe, also of Australia.

First-round matches in the women's division get under way today. Maria Bueno of Brazil and Nancy Richey of Farmers Branch, Tex., are seeded first ahead of Billie Jean Moffitt King of Long Beach, Calif., and Rosie Casals of San Francisco, Calif.

Pittsburgh Steelers Ask Waivers On Five

SALEM, Ore. (AP)—The Pittsburgh Steelers met today's National Football League deadline by asking for waivers on five players to trim their roster to the required 49.

Dropped Monday were Kraigg Loftquist, defensive halfback from Minnesota; Gene Breen, linebacker from Virginia Tech; Dick Keenan of Montclair State and Larry Dressel of Dayton, both defensive ends, and Jim Long, end-tackle from Purdue.

Marlin McKeever Due Back In Rams Camp

ORANGE, Calif. (AP) — Marlin McKeever, star pass receiver for the Los Angeles Rams reports back to training camp today, following a short stay in a Newport Beach Hospital.

McKeever, injured in an automobile accident last week, lost the ring finger of his right hand.

He said he hopes he can begin running later this week.

Team coaches said they don't think the loss of his finger will interfere with his catching ability. The ring finger, they said, is the least-used finger.

Falcons Drop 7 After Loss To Cleveland

By DICK COUCH
Associated Press Sports Writer

Arrivals may outnumber departures at the Atlanta Falcons' camp this week now that Norb Hecker has settled for half a purge.

Hecker, coach of the National Football League's fledgling franchise, had promised a shake-up last Saturday night after the Falcons were drubbed 42-3 for their fourth straight exhibition setback. "Twelve or 15 of them will be gone Monday," he said after an Atlanta crowd of 48,548 booed the home club.

Monday night, Hecker cut seven players, including Bobby Franklin, a veteran defensive back acquired from the Browns, and end Phil Sheridan, the Falcons' No. 6 draft choice from Notre Dame.

But Hecker's anger had subsided after viewing films of the one-sided loss to Cleveland and his disposition may be further improved when he studies waiver lists of the other NFL clubs in the next few days.

Today was the first of three cutdown dates for the 14 established clubs, who had to trim their rosters to 49 players apiece. They must get down to 43 by next Tuesday and then freeze at 40 by Sept. 6.

Atlanta, however, is exempt from the cutdown rule until Sept. 6, then may retain 46 players going into its season opener. Hecker, therefore, can be expected to make several additions to his squad, drawing from th other clubs' discards.

Other Atlanta cuts were defensive backs Lowell Caylor, Bob Sherman and Sam Montgomery; fullback Bill McWatters and defensive end Billy James. Sheridan, the Notre Dame captain in 1965, was the first high draft pick turned loose by the new club.

Washington and Pittsburgh got down to the 49-man limit Monday night, the Redskins making 11 squads cuts and the Steelers five.

Philadelphia dropped two players and Green Bay made the limit by placing rookie center Steve Buratto on waivers.

Washington placed three injured veterans — defensive back Jim Steffen and defensive tackles Fred Williams and Dick Eers — on the injured reserve list. Fullback Tom Barrington, No. 3 draft choice from Ohio State, and Kurt Altenberg, rookie end from UCLA, were among those cut.

The Steelers dropped four rookies and put third-year linebacker Gene Breen on the injured list. The Eagles asked waivers on center Dick Recher and defensive tackle Erwin Will, their No. 7 draft pick.

The American Football League also faced its first cutdown date today, with the nine clubs permitted to keep 42 players each.

Nonpareil Club Sets Meeting Wednesday

The Blue and White Nonpareil Club will hold an important meeting Wednesday at 8:30 p. m. at the YMCA when plans will be discussed for the football parade and the membership drive.

Ex-Pro Gridder Registers Singles Victory At Shoot

VANDALIA, Ohio (AP)—Midlands marksmen collected the most titles from Monday's Introductory Shoot and Champion of Champions events at the Grand American trapshoot, but the familiar 6-foot-6, 230-pound figure from Nevada stood tall once again.

Dan Orlich, night manager at a Reno famed casino, relinquished his Champion of Champions crown after a three-year reign as best among state champions in their own special competition—but won the Introductory singles title.

The former Green Bay Packers football player, now 42 and winning laurels here since 10 years ago, was the only shooter in a record Introductory field of 1,032 to break all 200 targets from 16 yards.

The battle for Runnerup and Class AA honors in that event was carried over to today after 16 tied with 199 and three of the 16 survived by breaking 100 straight in a first shootoff.

The three include another prominent name in past Grand Americans, Bueford Bailey of Big Springs, Neb., who also grabbed a share of the Champion of Champions title. He and Don Mackerman, Newton, Iowa, tied for that one with 100 of 100. There was no shootoff.

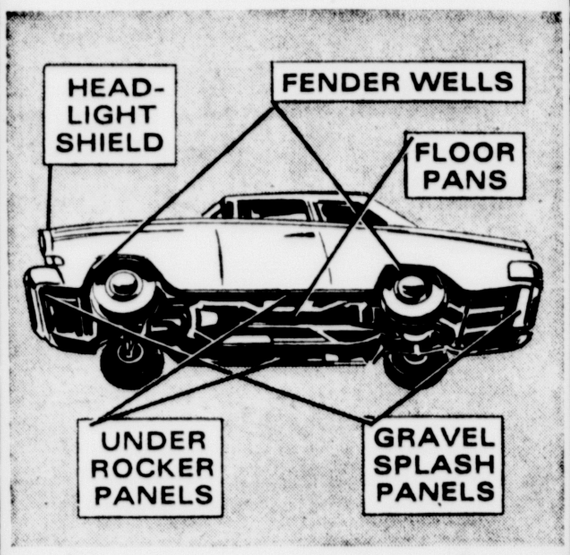

Orlich missed just one clay in that event, also a 16-yard line competition. But one miss is as big as a mile here.

Bill Davis of Harrison, Ohio, whose hometown co-entrant Ray Siegert, gained Class C laurels in the introductory with a 198 tally, and Ray Dome of Manhattan, Ill., were in the tie with Bailey behind Orlich in the Introductory.

Other winners included Iowans Robert B. Boyd, Le Mars, Class B, 199, and Mary Meadows, Grimes, veteran ladies, 93 of 100; Steve Carmichael, Kansas City, Mo., who won the juniors with 198 and teamed with his dad, S. H. Carmichael, for the parent-child honors with 395 of 400; Doris and John Voss, Omaha, Neb., husdand-wife, 383; James A. and E. A. Ross, Uniontown, Pa., brother-brother, 393; Judith C. Allison, Elgin, Ill., 196; Ralph Cornett, Sykesville, Md., Class A, 199, and Mike Schwanz, Fort Wayne, Ind., 194.

Today's program featured more 16-yard firing at 200 targets for class championships.

U.S. Shuffles Net Lineup To Meet Australian Team

BROOKLINE, Mass. (AP) — The United States is banking on youth and a reshuffling of lineups in its drive to stop the one, two, three punch of the Australians in the U.S. National Doubles tennis championships.

Arthur Ashe, of Richmond, Va., who used to play with Tom Edlefson of Berkeley, Calif., in a team that was ranked fourth nationally last year, is now playing with Marty Riessen of Evanston, Ill., at Longwood Cricket Club.

Riessen used to play with Clark Graebner of Beachwood, Ohio, and that team holds the current No. 1 doubles ranking in the nation.

Graebner is now playing with Dennis Ralston of Bakersfield, Calif., who won the National Doubles at Brookline with Chuck McKinley of Port Washington, N.Y., in 1961, 1962, 1963 and 1964. McKinley has become a weekend player and is not entered in the tournament.

Ralston and Graebner are seeded second, Ashe and Riessen fourth.

Rain washed out all matches Monday.

The Australians arrived in the rain in force. Their No. 3 team of Owen Davidson and Bill Bowery defeated Ralston and Graebner Sunday in the finals of the Hall of Fame Tournament at Newport, R.I.

The Longwood defending champions are Australians Roy Emerson and Fred Stolle. They are seeded first and are expected to retain the title. Seeded third are the 1965 Wimbledon champs, Tony Roche and John Newcombe, also of Australia.

First-round matches in the women's division get under way today. Maria Bueno of Brazil and Nancy Richey of Farmers Branch, Tex., are seeded first ahead of Billie Jean Moffitt King of Long Beach, Calif., and Rosie Casals of San Francisco, Calif.

Pittsburgh Steelers Ask Waivers On Five

SALEM, Ore. (AP)—The Pittsburgh Steelers met today's National Football League deadline by asking for waivers on five players to trim their roster to the required 49.

Dropped Monday were Kraigg Loftquist, defensive halfback from Minnesota; Gene Breen, linebacker from Virginia Tech; Dick Keenan of Montclair State and Larry Dressel of Dayton, both defensive ends, and Jim Long, end-tackle from Purdue.

Marlin McKeever Due Back In Rams Camp

ORANGE, Calif. (AP) — Marlin McKeever, star pass receiver for the Los Angeles Rams reports back to training camp today, following a short stay in a Newport Beach Hospital.

McKeever, injured in an automobile accident last week, lost the ring finger of his right hand.

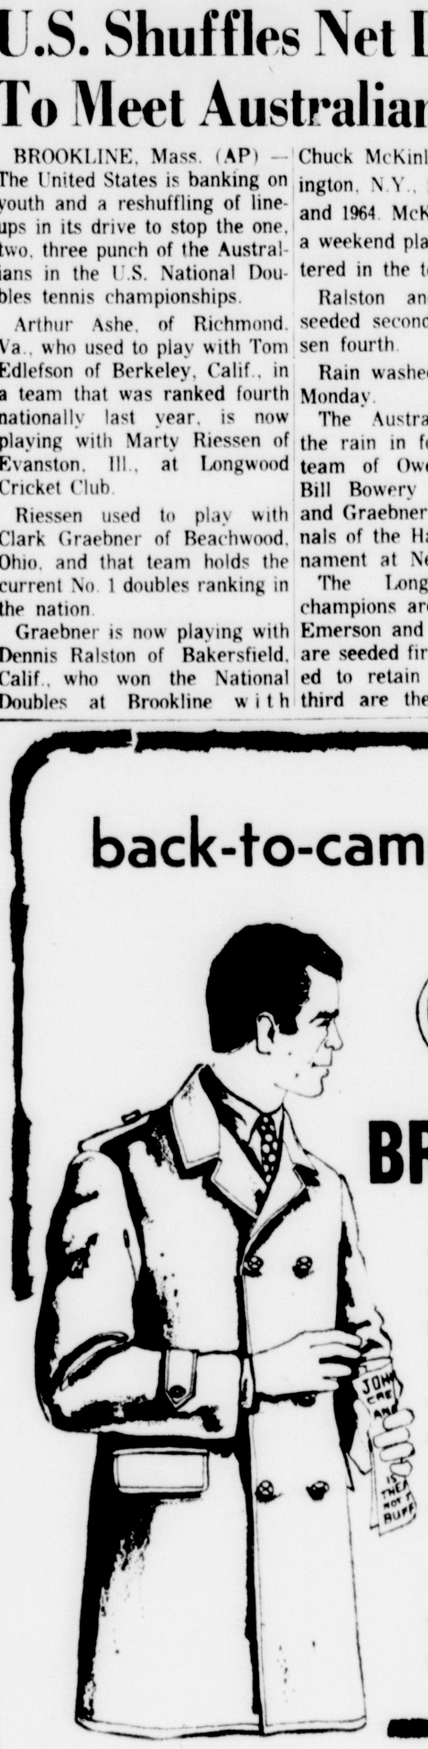

He said he hopes he can begin running later this week.

Team coaches said they don't think the loss of his finger will interfere with his catching ability. The ring finger, they said, is the least-used finger.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Please do not think this letter is phony. I need help before my married children find out what their grandmother is doing.

My widowed mother, who is in her 70s, has moved in with a man about the same age. Mother refuses to live with any of her children and she won't live with another woman.

She will lose her share of my father's pension and Social Security if she remarries. The man she has moved in with is on a modest pension and is not covered by Social Security. They both can live much better together than either of them could live alone.

Mother always has been adored by her grandchildren and I shudder to think what their reaction will be when they learn about her new way of life.

The two are planning a winter vacation in Florida and Mother says she is prepared to ignore the gossip. She told me yesterday, "We enjoy one another and have a good life together. There is nothing immoral about our arrangement. I'm his unpaid housekeeper. We have separate bedrooms and so long as we are straight with the Lord we feel it is nobody's busines."

Please advise. — DAUGHTER OF A DELINQUENT MOTHER.

-:-

Dear Daughter: It may well be that nothing immoral is going on but the living arrangement certainly does give the gossips a delectable morsel to chew on.

My advice is to make no judgments, no apologies and no excuses. If your children have questions, suggest that they talk to your mother. The burden of explaining should be on her, not you.

Tired Of Living

Dear Ann: My wife has been told by more than one doctor that she must go on a strict diet and stop smoking or she may not live more than a few years.

The woman is only 40. She refuses to do either and it is driving me crazy. Whenever I say something to her about lighting one cigarette off the other or reaching for a second helping of potatoes she gets angry and snaps. "Will you please stop nagging me?"

I know she reads your column faithfully. Can you say something to her that I haven't said? —A HUSBAND.

-:-

Dear Husband: Probably not but I'd like to say something to you.

When people continue to smoke, eat—and yes, drink excessively—after a doctor has warned that it could kill them, it means only one thing. It means they don't care if they live or die; in fact they may subconsciously wish to be dead.

So you see it is not a matter of gluttony, or a lack of discipline. The real question is how do you get people to want to go on living?

Confidentially

TO MIA SUCKER?: U Must B kidding. That woman deserves every dime she is getting and a lot more. Do you realize what is involved in caring for elderly parents who are bedridden? I'll bet you wouldn't do it for all the money in the world. People like you make me sick.

Detroit Mayor Urges Drive To 'Achieve Rebirth Of City'

WASHINGTON (AP) — Detroit Mayor Jerome P. Cavanagh said today Congress should set aside at least $113 billion for a drive to "achieve the rebirth of the American city" during the next decade.

The drive should be a national commitment, he said. "We must make sure that everyone in this nation begins to realize that the warfare on our city streets is as important as some consider the warfare in Southeast Asia."

The Democratic mayor from Detroit, loser Aug. 2 in a bid for nomination to the Senate, outlined his proposal in testimony prepared for the Senate subcommittee on executive reorganization.

Los Angeles Mayor Samuel W. Yorty also is to testify in the subcommittee's investigation of problems facing American cities.

Cavanagh, president of the National League of Cities and the U.S. Conference of Mayors, proposed steps less ambitious than those advocated by New York Mayor John V. Lindsay — who testified Monday that his city alone would need $50 billion in new federal funds over the next 10 years.

"We must not turn away from our foreign obligations," Cavanagh said. "But we must not turn away from our problems at home, either, for they can destroy us as well."

Noting that Congress has committed $70 billion to put a man on the moon and $43 billion to build the interstate highway system, the Detroit mayor said "we must make a similar commitment and set aside at least as much money to see that the rebirth of our cities is accomplished."

Cavanagh said he was speaking of small cities, even hamlets, as well as the nation's urban giants.

Lindsay, Cavanagh and Yorty were among the eight big-city mayors due to testify this week on their problems and proposals.

Chicago Mayor Richard J. Daley, whose city has had some street violence, declined an invitation to testify today or Wednesday. An aide said he had other commitments, but might appear later in the inquiry.

Argentine Students Stage Fresh Antigovernment Riots

BUENOS AIRES, Argentina (AP) — Argentine students launched fresh antigovernment demonstrations Monday night, scuffling with police and storming a dean's office before police drove them off with tear gas.

About 45 students, including some coeds, were arrested in clashes with police.

The new outbreak of violence came as the University of Buenos Aires resumed classes at five of its colleges under government control. The new student demonstrations were to protest resumption of classes without the university's traditional autonomy, canceled July 28 when the government took over and charged the country's nine state universities had become Communist-infiltrated.

The intervention by the military regime of President Juan Carlos Ongania triggered violence here and criticism abroad.

Police routed one group of 700 students with tear gas after they gathered on campus, following up a protest by an estimated 1,500 students.

A brief scuffle with police broke out earlier Monday when 100 students stormed the office of the newly appointed medical dean, Dr. Andres Santas, and told him: "You have no authority here." Santas called police to disperse the students.

Rector Luis Botet of the 80,000 - student university said classes at the remaining five colleges will be resumed later this week, despite a loss of professors. More than 1,000 of them —over half the faculty — resigned in protest against the government intervention.

Ex-Ohioan Reported Safe In Turkish Quake

WASHINGTON (AP)—A former Ohioan was among three Peace Corps workers reported safe Monday after previously being listed as missing in Turkey's disastrous earthquake.

The Peace Corps identified her as Mrs. Ervin Rockhill of Racine, Wis., the former Lois Mikkelsen of Canfield, Ohio. The others found safe were Mrs. Rockhill's husband and Ashley Campbell, Medford, Mass.

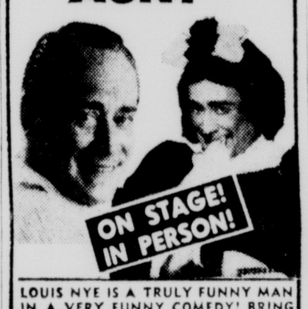

Upholds Sentence

CINCINNATI (AP)—The 1st District Court of Appeals Monday upheld the death sentence of Lee Arthur Henley, 19, convicted for the June 1964 killing a store manager who refused to sell him 6 per cent beer.

Cavanagh, president of the National League of Cities and the U.S. Conference of Mayors, proposed steps less ambitious than those advocated by New York Mayor John V. Lindsay — who testified Monday that his city alone would need $50 billion in new federal funds over the next 10 years.

"We must not turn away from our foreign obligations," Cavanagh said. "But we must not turn away from our problems at home, either, for they can destroy us as well."

Noting that Congress has committed $70 billion to put a man on the moon and $43 billion to build the interstate highway system, the Detroit mayor said "we must make a similar commitment and set aside at least as much money to see that the rebirth of our cities is accomplished."

Cavanagh said he was speaking of small cities, even hamlets, as well as the nation's urban giants.

Lindsay, Cavanagh and Yorty were among the eight big-city mayors due to testify this week on their problems and proposals.

Chicago Mayor Richard J. Daley, whose city has had some street violence, declined an invitation to testify today or Wednesday. An aide said he had other commitments, but might appear later in the inquiry.

Argentine Students Stage Fresh Antigovernment Riots

BUENOS AIRES, Argentina (AP) — Argentine students launched fresh antigovernment demonstrations Monday night, scuffling with police and storming a dean's office before police drove them off with tear gas.

About 45 students, including some coeds, were arrested in clashes with police.

The new outbreak of violence came as the University of Buenos Aires resumed classes at five of its colleges under government control. The new student demonstrations were to protest resumption of classes without the university's traditional autonomy, canceled July 28 when the government took over and charged the country's nine state universities had become Communist-infiltrated.

The intervention by the military regime of President Juan Carlos Ongania triggered violence here and criticism abroad.

Police routed one group of 700 students with tear gas after they gathered on campus, following up a protest by an estimated 1,500 students.

A brief scuffle with police broke out earlier Monday when 100 students stormed the office of the newly appointed medical dean, Dr. Andres Santas, and told him: "You have no authority here." Santas called police to disperse the students.

Rector Luis Botet of the 80,000 - student university said classes at the remaining five colleges will be resumed later this week, despite a loss of professors. More than 1,000 of them —over half the faculty — resigned in protest against the government intervention.

Ex-Ohioan Reported Safe In Turkish Quake

WASHINGTON (AP)—A former Ohioan was among three Peace Corps workers reported safe Monday after previously being listed as missing in Turkey's disastrous earthquake.

The Peace Corps identified her as Mrs. Ervin Rockhill of Racine, Wis., the former Lois Mikkelsen of Canfield, Ohio. The others found safe were Mrs. Rockhill's husband and Ashley Campbell, Medford, Mass.

Upholds Sentence

CINCINNATI (AP)—The 1st District Court of Appeals Monday upheld the death sentence of Lee Arthur Henley, 19, convicted for the June 1964 killing a store manager who refused to sell him 6 per cent beer.

Vatican Upheld Suspension

Suspended Priest Given Support For Open Trial

NEW YORK (AP) — Influential Roman Catholic voices today were offering support to the plea of the suspended California priest, the Rev. William DuBay, for an open ecclesiastical trial of his case.

Without one, the Vatican recently upheld his suspension. Father DuBay, protesting the lack of a hearing at which he could defend himself, has appealed to Pope Paul VI.

The widely respected Jesuit weekly, America, saying the situation points up deficiencies in the church's legal procedures, declared:

"In the name of basic human dignity and the procedural guarantees indispensable for that dignity's recognition, Father DuBay should be given an impartial, public and procedurally impeccable trial."

Some other American Catholic publications have voiced similar views.

The independently edited newspaper, the National Catholic Reporter, said last week that Father DuBay "is performing a service for the church" in insisting that the church heed the rights of due process.

"Today it is an almost universal conviction of mankind that judicial proceedings held in secret and in the absence of the accused are not likely to provide 'efficacious' protection of personal rights."

The issue has broad implications for the church, in the light of the Second Vatican Council's stress on the place of individual conscience, ideas and expression in contributing to the church's life.

America, in its strongly worded editorial, disclaimed any sympathy for Father DuBay's doctrinal or practical viewpoints, but declared that he should have due process of law for his "sake—and even more, for the church's sake."

Father DuBay, 31, first got into trouble in 1964 when he publicly accused his superior, James Francis Cardinal McIntyre, of Los Angeles, of "gross malfeasance" and urged Pope Paul to remove him.

The priest claimed Cardinal McIntyre had failed to provide moral leadership against racial discrimination, and had suppressed priests who sought to do so.

Cardinal McIntyre transferred him several times, eventually to Santa Monica, Calif., and last February suspended him from exercising his priesthood, after he urged a labor union for priests, and published a book, "The Human Church," urging wide reforms, such as election of bishops.

He appealed his suspension, asking for "an ecclesiastical court before which I may make a defense and receive the protections of due process."

On July 30, he was notified by the apostolic delegate to the United States, Archbishop Egidio Vagnozzi, of Washington, D.C., that the Vatican's Congregation for the Doctrine of Faith had upheld his suspension as "well founded and just."

Father DuBay, in appealing to Pope Paul, commented: "Not only have I been tried in absentia by anonymous judges and prevented from appearing in person with counsel and witnesses, but also I have been denied the right of confronting any accusers."

In its editorial, America said that "by modern standards, canon law is sadly deficient in procedural safeguards" for clergy, not only because of their reluctance to clash with bishops, but because the law is weighted in favor of bishops.

Justice Department Opposition

Attorney General's Aide Faces Anti-War Bill Quiz

WASHINGTON (AP) — Deputy Atty. Gen. Ramsey Clark faces stiff questioning today from the House Committee on Un-American Activities on Justice Department opposition to a bill aimed at anti-Viet Nam war activities.

Clark has sent a letter to the committee outlining the department's position that the pending legislation is unnecessary because of existing laws and also because it might infringe on constitutional liberties.

The committee plans to ask Clark about the extent of federal prosecution of antiwar activities under the present laws.

Another view that new legislation is not needed was expressed to the committee Monday by Fred B. Smith, general counsel of the Treasury Department, who said "I think we are coping very well" with the anti-war groups.

The committee also heard from Brig. Gen. William W. Berg, deputy assistant secretary of defense for military personnel policy, who challenged the assertion by committee sponsors that the legislation was necessary to boost the morale of American soldiers.

"We do not have any evidence available to us, or reports by commanders in the field, that indicate that the morale of our forces has been impaired by the demonstrations of dissent to United States policy, by the publicized assertions of intent to assist our adversaries or by the gestures of impeding the military effort," Berg said.

The committee hearings turned quiet Monday after four tumultuous sessions last week in which more than 50 persons were arrested. Only a handful of spectators were present.

Despite the administration's opposition, the committee is expected to give early approval to the bill sponsored by acting Chairman Joe R. Pool, D-Tex.

Pool and Rep. John H. Buchanan, R-Ala., commented after Monday's session that the administration officials ended up 'making a pretty good case for the bill.'

"I don't think they have been able to substantiate their testimony," Pool said.

"Nobody is for the bill, except the people," said Buchanan.

The bill would impose a maximum $20,000 fine and a 20-year prison sentence on those convicted of sending materials to North Viet Nam, or of trying to block the shipment of U.S. men or materials to Viet Nam.

Mamie Says Grandson, 18, Will Not Attend West Point

NEW YORK (AP) — Mamie Eisenhower revealed today that her grandson David, 18, has decided not to follow the lead of his father and grandfather in attending West Point.

David, who was graduated from Phillips Exeter last June, will attend Amherst College, the former first lady said in a copyright article in the current issue o. McCall's magazine.

"His parents felt that the decision should be David's alone, and it was," Mrs. Eisenhower said, adding that she is proud of the decision.

Talking about romance and marriage, Mrs. Eisenhower criticizes the modern trend toward casualness and informality.

She said she and former President Dwight D. Eisenhower recently saw a young couple, the girl with her hair in curlers.

"I think the general was appalled."

Mrs. Eisenhower celebrated her 50th wedding anniversary last July and will mark her 70th birthday in November.

She said, "I'm afraid that too many young people today are so casual and modern that they leave nothing to a man's imagination. Where is the glamour if all the artifice is out in the open?"

The Eisenhowers today live a fairly quiet life. According to Mrs. Eisenhower they rise early and Eisenhower goes to his office. After lunch, she says, he returns to his office to work on a new book of reminiscences.

The former first lady said she does not miss the excitement of her earlier life.

"No one who has ever been in that terrible limelight would ever seek it again," she said.

Young Suggests U.S. Jury Probe Of Hough Riots

WASHINGTON (AP) — Sen. Stephen M. Young, D-Ohio, suggested Monday that a federal grand jury investigate the causes of recent rioting in Cleveland's Hough area.

Young said he disagreed with a Cuyahoga County Grand Jury report which said the outbreak precipitated and exploited by a small group of trained and disciplined professionals, some of whom were Communists.

Young said any conspiracy involved "was a conspiracy of pent-up frustrations and neglect coming to the surface in the hot, fetid, dank, stifling air of the neglected, filthy, ugly, overcrowded slum areas of Cleveland in the direct neighborhood, an area where my wife, children and I lived about 45 years ago."

ORDINANCE NUMBER 37, 1966

AN ORDINANCE ENACTING SECTION 535-1 TO CODE OF THE CITY TO PROHIBIT THE DEPOSIT, STORAGE, MAINTENANCE, OR COLLECTION OF JUNK OR JUNK CARS ON ANY PREMISES WITHIN THE CITY OF EAST LIVERPOOL, OHIO, EXCEPT AS OTHERWISE PROVIDED.

WHEREAS, It is necessary to the safety, health, and welfare of the inhabitants of the city to regulate the deposit, storage, maintenance, or collection of junk and junk cars.

NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the Code of the City of East Liverpool is hereby amended by adding Section 535-1, which section is hereby ordained to read as follows:

535-1 - Deposit, Storage, Maintenance, or Collection of Junk or Junk Cars Prohibited.

For the purposes of this Section, Junk or Junk Cars are defined as follows:

JUNK. Junk is any wornout, cast-off, or discarded article or material which is ready for destruction or has been collected or stored for salvage or conversion to some other use. Any article or material which, unaltered or unchanged and without further reconditioning, can be used for its original purpose as readily as when new shall not be considered Junk.

JUNK CAR. Junk car is any used car or motor vehicle not in the process of reconditioning, which has been abandoned for use as a motor vehicle on a public highway and which is in unsafe operating condition and shall have remained in such condition for a period in excess of thirty (30) days. Portions of junk cars, such as hoods, fenders, radiators, rims, motors, etc. not being utilized for the repair of a motor vehicle, shall be considered as junk.

No person, firm, or corporation shall deposit, store, maintain, collect, or permit the storage, deposit, maintenance, or collection of any junk or junk cars on his own premises or any premises under his control, or in any other place within the municipality, except as expressly provided by law.

The provisions of this ordinance shall not apply to the deposit and storage of junk or junk cars in regularly established automotive junk yards or salvage and scrap metal yards within the City of East Liverpool. The provisions of this ordinance shall further not apply to the deposit and storage of junk or junk cars in any area of the City of East Liverpool which is zoned for industrial use.

Any person violating the provisions of this ordinance shall, within ten (10) days after notification of said violation by a person acting on behalf of the City of East Liverpool, remove or cause to be removed any junk or junk cars or have the same placed in an enclosure or building; and in the event of failure, within fifteen (15) days to comply with said notice, he shall be deemed guilty of violating the provisions of this ordinance.

Whoever violates any provision of this ordinance shall be fined not more than Fifty Dollars ($50.00) for the first offense and not more than Five Hundred Dollars ($500.00) for each subsequent offense. Any such violation shall constitute a separate offense on each successive day continued.

SECTION 2. That this ordinance is hereby declared to be an emergency measure and shall take effect upon passage and approval. Said emergency lies in the fact that the unrestricted accumulation of junk and junk cars within the municipality could result in unhealthful conditions within the city to the general detriment of its citizens, and therefore, this ordinance is necessary for the immediate preservation of the public peace, health and safety of the city.

Passed this 15th day of August, 1966.

ORDINANCE NUMBER 35, 1966

AN ORDINANCE TO AMEND THE 1966 APPROPRIATION ORDINANCE NUMBER 13, 1966.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, OHIO: (two-thirds of all members elected thereto concurring)

SECTION 1. That Ordinance Number 13, 1966, entitled "AN ORDINANCE TO MAKE APPROPRIATIONS FOR CURRENT EXPENSES AND OTHER EXPENDITURES OF THE CITY OF EAST LIVERPOOL, OHIO, DURING THE CURRENT FISCAL YEAR ENDING DECEMBER 31ST, 1966," be and the same hereby amended.

SECTION 2. That to provide for other expenditures of said City not provided for in Ordinance Number 13, 1966, the following sums be appropriated for the use of the department for which the corporation has to provide, to-wit:

SECTION 3. That the following amounts be transferred back to INCOME TAX FUND from the account set forth:

Sweeper	$2,000.00
Snow Blower	$ 600.00
Pump	$ 400.00

SECTION 4. That there be appropriated from the INCOME TAX FUND to the following:

Street Sealing Contract	$2,400.00
Unimproved Secondary Street Contract-Multiple Surface Treatment	$ 600.00

SECTION 5. That this Ordinance is by this Council found and declared to be an emergency measure and shall go into immediate effect. Said emergency lies in the fact that it is necessary to purchase the equipment and to make the necessary improvements to the streets during the summer time to prevent damage from cold weather and to ensure an adequate park program and this action is necessary to preserve the public peace, health and safety of the citizens of the City of East Liverpool.

ORDINANCE NUMBER 36, 1966

AN ORDINANCE AMENDING SECTION 92 OF THE CODE OF THE CITY OF EAST LIVERPOOL PROVIDING FOR VACATIONS FOR EMPLOYEES OF THE CITY OTHER THAN POLICEMEN AND FIREMEN.

WHEREAS, the present Section 92 providing for vacation of employees of the City is difficult to administer in certain cases, does not provide for vacations payment in the event of death prior to receiving earned vacations and is vague in other respects; and

WHEREAS, it is the opinion of the Council that said section should be amended to correct said matters and other inequities.

NOW THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the Code of the City of East Liverpool is amended by and enacting a new Section 92 which is hereby ordained to read as follows:

Section 92. Vacations of Employees - Schedule; Exemptions.

All employees who are employed after the beginning of each calendar year and who are continuously employed by the City until the end of that calendar year shall be allowed vacation, for each full month employed said employee shall received one-half day, said vacation to be allowed during the next calendar year. For employees on a monthly salary, the vacation payment shall equal one forty-eighth (1/48th) of the monthly salary for each half day allowed. For employees paid on the hourly basis the vacation payment shall equal one-half ($\frac{1}{2}$) days work at regular daily wage.

For the next continuous year of employment following the first fractional calendar year of employment, all employees in every department in the City shall be allowed a vacation during the following calendar year for the period of one week with pay. Said pay for an employee who is paid on a monthly or yearly salary basis shall be one-fourth ($\frac{1}{4}$) of his regular monthly salary; and the pay for an employee who is employed on an hourly basis shall be equal to six and one-half ($6\frac{1}{2}$) days work at his regular daily wage.

For each of the next thirteen consecutive continuous year of employment following the first fractional calendar year and the following full year of employment all employees in every department in the city shall be allowed a vacation during the following calendar year for the period of two weeks with pay. Said pay for an employee who is paid on a monthly or yearly salary basis shall be one-half of his regular monthly salary; and the pay for an employee on an hourly basis shall be equal to thirteen days work at his regular daily wage.

For each year of continuous employment after fourteen years of continuous employment following the first fractional calendar year, all employees in every department shall be allowed a vacation during the following calendar year for the period three weeks with pay. Said pay for an employee who is paid on a monthly salary basis shall be a three-fourts ($\frac{3}{4}$ths) of his regular monthly salary; and the pay for an employee who is paid on an hourly basis shall be equal to nineteen and one-half ($19\frac{1}{2}$) days work at regular wage.

In the event that an employee terminates his employment with the city or his employment is terminated by his death, as part of his final pay he shall be entitled to receive vacation pay earned during the preceding calendar year and not previously received during the calendar year of termination; and in addition shall receive for each completed month of employment in the calendar year of termination one-twelfth (1/12) of the vacation to which he would have been entitled had he worked the entire year of termination. However, the vacation allowance for the year of termination shall not be used in computing the months of completed service in that year.

Any employee who is discharged shall not be entitled to a vacation allowance for the calendar year in which he is discharged but shall receive vacation pay for the preceding calendar year not previously taken.

The manner in which the vacation pay is computed in each case is only for the purpose of setting the amount of money to be received by the employee and not the time allowed away from the job.

The Employees who are entitled to a paid vacation must take all of their vacation during the calendar year following the year in which the vacation is earned or forfeit the same.

"Daily Wage" is defined as being the number of hours usually worked each day in the department of which the employee is a member multiplied by the hourly wage of said employee.

Vacation payments shall be based only on basic salaries and hourly rates and shall not include payments based on seniority.

The "monthly salary" or "hourly wage" referred to throughout this ordinance shall be that salary or rate in effect at the conclusion of the calendar year in which said vacation was earned or in the event of termination of employment through death or resignation that salary or rate at the end of the preceding calendar year prior to the year in which said employment is terminated.

The provisions of this section shall not be applicable to fire and police departments.

SECTION 2. That the above Section 92 shall be applicable to all vacations to be taken in 1967 and shall not effect vacations for 1966.

SECTION 3. That present section 92 is hereby repealed.

ANNOUNCEMENTS

2 IN MEMORIAM

Bessie Bailey—Sacred to the memory of my dear wife and mother who departed this life 5 years ago Aug. 20. Dearest mother, in silence you suffered And with patience you bore, And God called you to Him To suffer no more. I took my sorrows all to you, You'd smooth my troubled brow; You always chased the cloud away, I could not forget you now. Gone into the light that shines so fair, Gone from the earth of sorrow and care. Resting those hands that did their best, Gone, dear mother, gone to rest. What is home without my mother? What are all the joys I meet When your loving smile no longer Greets the coming of my feet? Dearest mother, how I miss you Since from earth you passed away, And my heart is aching sorely As I think of you today. — Husband, children and all grandchildren

HIGGINS, HOMER E. In loving remembrance of our dear husband and father, who passed away 12 years ago, Aug. 21, 1954: Gone, dear father, gone forever, Away from sorrow, cares, and pain. May you rest in peace, dear father, Until we meet again. From your loving Wife, Daughters, and Granddaughters.

Vatican Upheld Suspension

Suspended Priest Given Support For Open Trial

NEW YORK (AP) — Influential Roman Catholic voices today were offering support to the plea of the suspended California priest, the Rev. William DuBay, for an open ecclesiastical trial of his case.

Without one, the Vatican recently upheld his suspension. Father DuBay, protesting the lack of a hearing at which he could defend himself, has appealed to Pope Paul VI.

The widely respected Jesuit weekly, America, saying the situation points up deficiencies in the church's legal procedures, declared:

"In the name of basic human dignity and the procedural guarantees indispensable for that dignity's recognition, Father DuBay should be given an impartial, public and procedurally impeccable trial."

Some other American Catholic publications have voiced similar views.

The independently edited newspaper, the National Catholic Reporter, said last week that Father DuBay "is performing a service for the church" in insisting that the church heed the rights of due process.

"Today it is an almost universal conviction of mankind that judicial proceedings held in secret and in the absence of the accused are not likely to provide 'efficacious' protection of personal rights."

The issue has broad implications for the church, in the light of the Second Vatican Council's stress on the place of individual conscience, ideas and expression in contributing to the church's life.

America, in its strongly worded editorial, disclaimed any sympathy for Father DuBay's doctrinal or practical viewpoints, but declared that he should have due process of law for his "sake—and even more, for the church's sake."

Father DuBay, 31, first got into trouble in 1964 when he publicly accused his superior, James Francis Cardinal McIntyre, of Los Angeles, of "gross malfeasance" and urged Pope Paul to remove him.

The priest claimed Cardinal McIntyre had failed to provide moral leadership against racial discrimination, and had suppressed priests who sought to do so.

Cardinal McIntyre transferred him several times, eventually to Santa Monica, Calif., and last February suspended him from exercising his priesthood, after he urged a labor union for priests, and published a book, "The Human Church," urging wide reforms, such as election of bishops.

He appealed his suspension, asking for "an ecclesiastical court before which I may make a defense and receive the protections of due process."

On July 30, he was notified by the apostolic delegate to the United States, Archbishop Egidio Vagnozzi, of Washington, D.C., that the Vatican's Congregation for the Doctrine of Faith had upheld his suspension as "well founded and just."

Father DuBay, in appealing to Pope Paul, commented: "Not only have I been tried in absentia by anonymous judges and prevented from appearing in person with counsel and witnesses, but also I have been denied the right of confronting any accusers."

In its editorial, America said that "by modern standards, canon law is sadly deficient in procedural safeguards" for clergy, not only because of their reluctance to clash with bishops, but because the law is weighted in favor of bishops.

Justice Department Opposition

Attorney General's Aide Faces Anti-War Bill Quiz

WASHINGTON (AP) — Deputy Atty. Gen. Ramsey Clark faces stiff questioning today from the House Committee on Un-American Activities on Justice Department opposition to a bill aimed at anti-Viet Nam war activities.

Clark has sent a letter to the committee outlining the department's position that the pending legislation is unnecessary because of existing laws and also because it might infringe on constitutional liberties.

The committee plans to ask Clark about the extent of federal prosecution of antiwar activities under the present laws.

Another view that new legislation is not needed was expressed to the committee Monday by Fred B. Smith, general counsel of the Treasury Department, who said "I think we are coping very well" with the antiwar groups.

The committee also heard from Brig. Gen. William W. Berg, deputy assistant secretary of defense for military personnel policy, who challenged the assertion by committee sponsors that the legislation was necessary to boost the morale of American soldiers.

"We do not have any evidence available to us, or reports by commanders in the field, that indicate that the morale of our forces has been impaired by the demonstrations of dissent to United States policy, by the publicized assertions of intent to assist our adversaries or by the gestures of impeding the military effort," Berg said.

The committee hearings turned quiet Monday after four tumultuous sessions last week in which more than 50 persons were arrested. Only a handful of spectators were present.

Despite the administration's opposition, the committee is expected to give early approval to the bill sponsored by acting Chairman Joe R. Pool, D-Tex.

Pool and Rep. John H. Buchanan, R-Ala., commented after Monday's session that the administration officials ended up 'making a pretty good case for the bill.'

"I don't think they have been able to substantiate their testimony," Pool said.

"Nobody is for the bill, except the people," said Buchanan.

The bill would impose a maximum $20,000 fine and a 20-year prison sentence on those convicted of sending materials to North Viet Nam, or of trying to block the shipment of U.S. men or materials to Viet Nam.

Mamie Says Grandson, 18, Will Not Attend West Point

NEW YORK (AP) — Mamie Eisenhower revealed today that her grandson David, 18, has decided not to follow the lead of his father and grandfather in attending West Point.

David, who was graduated from Phillips Exeter last June, will attend Amherst College, the former first lady said in a copyright article in the current issue o. McCall's magazine.

"His parents felt that the decision should be David's alone, and it was," Mrs. Eisenhower said, adding that she is proud of the decision.

Talking about romance and marriage, Mrs. Eisenhower criticizes the modern trend toward casualness and informality.

She said she and former President Dwight D. Eisenhower recently saw a young couple, the girl with her hair in curlers.

"I think the general was appalled."

Mrs. Eisenhower celebrated her 50th wedding anniversary last July and will mark her 70th birthday in November.

She said, "I'm afraid that too many young people today are so casual and modern that they leave nothing to a man's imagination. Where is the glamour if all the artifice is out in the open?"

The Eisenhowers today live a fairly quiet life. According to Mrs. Eisenhower they rise early and Eisenhower goes to his office. After lunch, she says, he returns to his office to work on a new book of reminiscences.

The former first lady said she does not miss the excitement of her earlier life.

"No one who has ever been in that terrible limelight would ever seek it again," she said.

Young Suggests U.S. Jury Probe Of Hough Riots

WASHINGTON (AP) — Sen. Stephen M. Young, D-Ohio, suggested Monday that a federal grand jury investigate the causes of recent rioting in Cleveland's Hough area.

Young said he disagreed with a Cuyahoga County Grand Jury report which said the outbreak precipitated and exploited by a small group of trained and disciplined professionals, some of whom were Communists.

Young said any conspiracy involved "was a conspiracy of pent-up frustrations and neglect coming to the surface in the hot, fetid, dank, stifling air of the neglected, filthy, ugly, overcrowded slum areas of Cleveland in the direct neighborhood, an area where my wife, children and I lived about 45 years ago."

Sealed Proposals will be received for the State of Ohio by the East Liverpool City School District Board of Education at the Office of the Clerk of the East Liverpool City School District Board of Education, East Liverpool High School, 400 East Fourth Street, East Liverpool, Columbiana County, Ohio, until 12:00 Noon, E.S.T. on the 28th day of September, 1966 and opened immediately thereafter for furnishing the material and performing the labor for the executing and construction of Project No 491 for the East Elementary School, LaCroft Elementary School, North Elementary School, and the High School Building. Separate Bids will be taken for each school, and Combination Bids will be taken as listed on the Bid Proposal Forms. Separate Bids will taken on the following Contracts for each School: (1) General Contract, (2) Tile Floors Contract, (3) Kitchen Equipment Contract, (4) Driveways and Parking Areas Contract, (5) Seeding and Fertilizing Contract, (6) Landscaping and Vine Planting Contract, (7) Window Shades Contract, (8) Electrical Contract, (9) Electric Heating and Ventilating Contract, (10) Plumbing Contract, (11) Stage Equipment Contract, (12) Library Equipment Contract, (13) Science Equipment Contract, (14) Home Economics and Fine Arts Equipment Contract, and (15) Shop Equipment Contract.

All Bids shall be in accordance with the Plans and Specifications prepared by Robert F. Beatty, Architect, 402 Potters Savings and Loan Building, East Liverpool, Ohio, and on file in the Office of the Superintendent of Public Instruction, Room No. 603, Ohio Departments Building, 65 South Front Street, Columbus 15, Ohio, and the Office of the Clerk of the East Liverpool City School District Board of Education, East Liverpool High School, 400 East Fourth Street, East Liverpool, Columbiana County, Ohio.

One set of Plans and Specifications and Proposal blanks, together with any further information desired, may be secured by each Contractor from the Office of the Architect upon deposit of a check in the amount of $100.00 per building, made payable to the Architect. Deposit will be refunded to Contractor upon the return of the one set of Plans and Specifications in good condition and with postage or express charges prepaid within ten (10) days after the date bids are opened. Deposit will not be refunded upon return of documents at a later date.

Additional sets to Bidders, or other than actual Bidders such as materialmen, manufacturers, etc. may obtain sufficient sets, or portions thereof, by payment, which is not refundable, to defray the actual cost of reproduction of the sets or portions of documents obtained. The cost of reproduction of additional sets, or portions thereof, is as follows: (1) Cost per sheet of Drawings $2.00, (2) Cost per sheet of Specifications and Bid Proposal Forms $.10, (3) Minimum charge for Drawings or Specifications $2.00.

Upon receipt of a request from a Contractor for one set of bidding documents accompanied by a deposit as named above — or upon receipt of a request for additional sets or portions thereof by Contractors, materialmen, manufacturers, etc. accompanied by a reproduction cost payment as named above —the Architect will forward copies of bidding documents as named in the preceeding paragraphs SHIPPING CHARGES COLLECT.

Each Bid shall be accompanied by a Bid and Performance Bond in an amount equal to the total sum of the Proposal including all Add Alternates, supported by a Power of Attorney for the bonding agent, a Certificate from the Department of Insurance authorizing the Surety Company to do Surety Business in the State of Ohio, and a current financial statement of the Surety Company. The Bond shall be on the form approved by the Ohio State Board of Education (Form 454-27), which Bond shall be forthwith returned to the Bidder in case the Contract is awarded to another Bidder. A Proposal shall be invalid and not considered unless a Bond in the form approved by the Ohio State Board of Education, with sufficient sureties, in an amount equal to the total sum of the Proposal including all Add Alternates, is filed with such Proposal, nor unless such Proposal and Bond are filed in one sealed envelope.

E. L. Review, Aug. 23, 30; Sept. 6, 13, 20, 1966.

ORDINANCE NUMBER 37, 1966

AN ORDINANCE ENACTING SECTION 535-1 TO CODE OF THE CITY TO PROHIBIT THE DEPOSIT, STORAGE, MAINTENANCE, OR COLLECTION OF JUNK OR JUNK CARS ON ANY PREMISES WITHIN THE CITY OF EAST LIVERPOOL, OHIO, EXCEPT AS OTHERWISE PROVIDED.

WHEREAS, It is necessary to the safety, health, and welfare of the inhabitants of the city to regulate the deposit, storage, maintenance, or collection of junk and junk cars.

NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the Code of the City of East Liverpool is hereby amended by adding Section 535-1, which section is hereby ordained to read as follows:

535-1 - Deposit, Storage, Maintenance, or Collection of Junk or Junk Cars Prohibited.

For the purposes of this Section, Junk or Junk Cars are defined as follows:

JUNK. Junk is any wornout, cast-off, or discarded article or material which is ready for destruction or has been collected or stored for salvage or conversion to some other use. Any article or material which, unaltered or unchanged and without further reconditioning, can be used for its original purpose as readily as when new shall not be considered Junk.

JUNK CAR. Junk car is any used car or motor vehicle not in the process of reconditioning, which has been abandoned for use as a motor vehicle on a public highway and which is in unsafe operating condition and shall have remained in such condition for a period in excess of thirty (30) days. Portions of junk cars, such as hoods, fenders, radiators, rims, motors, etc. not being utilized for the repair of a motor vehicle, shall be considered as junk.

No person, firm, or corporation shall deposit, store, maintain, collect, or permit the storage, deposit, maintenance, or collection of any junk or junk cars on his own premises or any premises under his control, or in any other place within the municipality, except as expressly provided by law.

The provisions of this ordinance shall not apply to the deposit and storage of junk or junk cars in regularly established automotive junk yards or salvage and scrap metal yards within the City of East Liverpool. The provisions of this ordinance shall further not apply to the deposit and storage of junk or junk cars in any area of the City of East Liverpool which is zoned for industrial use.

Any person violating the provisions of this ordinance shall, within ten (10) days after notification of said violation by a person acting on behalf of the City of East Liverpool, remove or cause to be removed any junk or junk cars or have the same placed in an enclosure or building; and in the event of failure, within fifteen (15) days to comply with said notice, he shall be deemed guilty of violating the provisions of this ordinance.

Whoever violates any provision of this ordinance shall be fined not more than Fifty Dollars ($50.00) for the first offense and not more than Five Hundred Dollars ($500.00) for each subsequent offense. Any such violation shall constitute a separate offense on each successive day continued.

SECTION 2. That this ordinance is hereby declared to be an emergency measure and shall take effect upon passage and approval. Said emergency lies in the fact that the unrestricted accumulation of junk and junk cars within the municipality could result in unhealthful conditions within the city to the general detriment of its citizens, and therefore, this ordinance is necessary for the immediate preservation of the public peace, health and safety of the city.

Passed this 15th day of August, 1966.

ORDINANCE NUMBER 35, 1966

AN ORDINANCE TO AMEND THE 1966 APPROPRIATION ORDINANCE NUMBER 13, 1966.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, OHIO: (two-thirds of all members elected thereto concurring)

SECTION 1. That Ordinance Number 13, 1966, entitled "AN ORDINANCE TO MAKE APPROPRIATIONS FOR CURRENT EXPENSES AND OTHER EXPENDITURES OF THE CITY OF EAST LIVERPOOL, OHIO, DURING THE CURRENT FISCAL YEAR ENDING DECEMBER 31ST, 1966," be and the same hereby amended.

SECTION 2. That to provide for other expenditures of said City not provided for in Ordinance Number 13, 1966, the following sums be appropriated for the use of the department for which the corporation has to provide, to-wit:

SECTION 3. That the following amounts be transferred back to INCOME TAX FUND from the account set forth:

Sweeper	$2,000.00
Snow Blower	$ 600.00
Pump	$ 400.00

SECTION 4. That there be appropriated from the INCOME TAX FUND to the following:

Street Sealing Contract	$2,400.00
Unimproved Secondary Street Contract-Multiple Surface Treatment	$ 600.00

SECTION 5. That this Ordinance is by this Council found and declared to be an emergency measure and shall go into immediate effect. Said emergency lies in the fact that it is necessary to purchase the equipment and to make the necessary improvements to the streets during the summer time to prevent damage from cold weather and to ensure an adequate park program and this action is necessary to preserve the public peace, health and safety of the citizens of the City of East Liverpool.

ORDINANCE NUMBER 36, 1966

AN ORDINANCE AMENDING SECTION 92 OF THE CODE OF THE CITY OF EAST LIVERPOOL PROVIDING FOR VACATIONS FOR EMPLOYEES OF THE CITY OTHER THAN POLICEMEN AND FIREMEN.

WHEREAS, the present Section 92 providing for vacation of employees of the City is difficult to administer in certain cases, does not provide for vacations payment in the event of death prior to receiving earned vacations and is vague in other respects; and

WHEREAS, it is the opinion of the Council that said section should be amended to correct said matters and other inequities.

NOW THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the Code of the City of East Liverpool is amended by and enacting a new Section 92 which is hereby ordained to read as follows:

Section 92. Vacations of Employees - Schedule; Exemptions.

All employees who are employed after the beginning of each calendar year and who are continuously employed by the City until the end of that calendar year shall be allowed vacation, for each full month employed said employee shall received one-half day, said vacation to be allowed during the next calendar year. For employees on a monthly salary, the vacation payment shall equal one forty-eighth (1/48th) of the monthly salary for each half day allowed. For employees paid on the hourly basis the vacation payment shall equal one-half (1/2) days work at regular daily wage.

For the next continuous year of employment following the first fractional calendar year of employment, all employees in every department in the City shall be allowed a vacation during the following calendar year for the period of one week with pay. Said pay for an employee who is paid on a monthly or yearly salary basis shall be one-fourth (1/4) of his regular monthly salary; and the pay for an employee who is employed on an hourly basis shall be equal to six and one-half (6 1/2) days work at his regular daily wage.

For each of the next thirteen consecutive continuous year of employment following the first fractional calendar year and the following full year of employment, all employees in every department in the city shall be allowed a vacation during the following calendar year for the period of two weeks with pay. Said pay for an employee who is paid on a monthly or yearly salary basis shall be one-half of his regular monthly salary; and the pay for an employee on an hourly basis shall be equal to thirteen days work at his regular daily wage.

For each year of continuous employment after fourteen years of continuous employment following the first fractional calendar year, all employees in every department shall be allowed a vacation during the following calendar year for the period three weeks with pay. Said pay for an employee who is paid on a monthly salary basis shall be a three-fourts (3/4ths) of his regular monthly salary; and the pay for an employee who is paid on an hourly basis shall be equal to nineteen and one-half (19 1/2) days work at regular wage.

In the event that an employee terminates his employment with the city or his employment is terminated by his death, as part of his final pay he shall be entitled to receive vacation pay earned during the preceding calendar year and not previously received during the calendar year of termination; and in addition shall receive for each completed month of employment in the calendar year of termination one-twelfth (1/12) of the vacation to which he would have been entitled had he worked the entire year of termination. However, the vacation allowance for the year of termination shall not be used in computing the months of completed service in that year.

Any employee who is discharged shall not be entitled to a vacation allowance for the calendar year in which he is discharged but shall receive vacation pay for the preceding calendar year not previously taken.

The manner in which the vacation pay is computed in each case is only for the purpose of setting the amount of money to be received by the employee and not the time allowed away from the job.

The Employees who are entitled to a paid vacation must take all of their vacation during the calendar year following the year in which the vacation is earned or forfeit the same.

"Daily Wage" is defined as being the number of hours usually worked each day in the department of which the employee is a member multiplied by the hourly wage of said employee.

Vacation payments shall be based only on basic salaries and hourly rates and shall not include payments based on seniority.

The "monthly salary" or "hourly wage" referred to throughout this ordinance shall be that salary or rate in effect at the conclusion of the calendar year in which said vacation was earned or in the event of termination of employment through death or resignation that salary or rate at the end of the preceding calendar year prior to the year in which said employment is terminated.

The provisions of this section shall not be applicable to fire and police departments.

SECTION 2. That the above Section 92 shall be applicable to all vacations to be taken in 1967 and shall not effect vacations for 1966.

SECTION 3. That present section 92 is hereby repealed.

SECTION 4. That this ordinance shall take effect and be in force on January 1, 1967.

Passed this 15th day of August, 1966.

2 IN MEMORIAM

Bessie Bailey—Sacred to the memory of my dear wife and mother who departed this life 5 years ago Aug. 20. Dearest mother, in silence you suffered And with patience you bore, And God called you to Him To suffer no more. I took my sorrows all to you. You'd smooth my troubled brow; You always chased the cloud away, I could not forget you now. Gone into the light that shines so fair, Gone from the earth of sorrow and care. Resting those hands that did their best, Gone, dear mother, gone to rest. What is home without my mother? What are all the joys I meet When your loving smile no longer Greets the coming of my feet? Dearest mother, how I miss you Since from earth you passed away, And my heart is aching sorely As I think of you today. — Husband, children and all grandchildren

HIGGINS, HOMER E. In loving remembrance of our dear husband and father, who passed away 12 years ago, Aug. 21, 1954: Gone, dear father, gone forever, Away from sorrow, cares, and pain. May you rest in peace, dear father, Until we meet again. From your loving Wife, Daughters, and Granddaughters.

Junior Editors Quiz on TURTLES

QUESTION: What is the difference between a turtle, a tortoise and a terrapin?

★ ★ ★

ANSWER: Generally speaking, reptiles of the order "Chelonia," which have hard shells outside their bodies, are all spoken of as turtles. This is an ancient group of animals that existed during the time of the dinosaurs. They have survived to today while the dinosaurs are long extinct. The hard shell has evidently been very effective. Some turtles are usually spoken of as tortoises and terrapins. An expert on reptiles has divided the chelonians this way: tortoises, those which live strictly on land; turtles, the ones which live partly or entirely in water, including sea water; terrapins, the hard-shelled fresh water kind which have a definite market value for food. Under tortoises, we illustrate the giant tortoise of the Galapagos Islands, which can weigh 250 pounds and live, according to some reports, up to 400 years; and (right) the gopher tortoise, a related species of the southern U.S.A., but much smaller. The familiar spotted turtle represents a number of turtles which live in or near fresh water. The young one below him is the kind which are often sold for pets—the young of the American slider, a common species. The handsome diamond back terrapin, (lower right) is prized for food.

★ ★ ★

FOR YOU TO DO: The turtles, except for the big snapping turtle, which can bite viciously, are harmless animals, many species of which make good pets. Get to know them better.

Today In History

By The Associated Press

Today is Tuesday, Aug. 23, the 235th day of 1966. There are 130 days left in the year.

Today's highlight in history:

On this date in 1784, deputies elected by inhabitants of what is now Tennessee met to form the state of Franklin. For four years the new state struggled to survive, but failed. North Carolina, from which Franklin had been cut, resumed jurisdiction over the area.

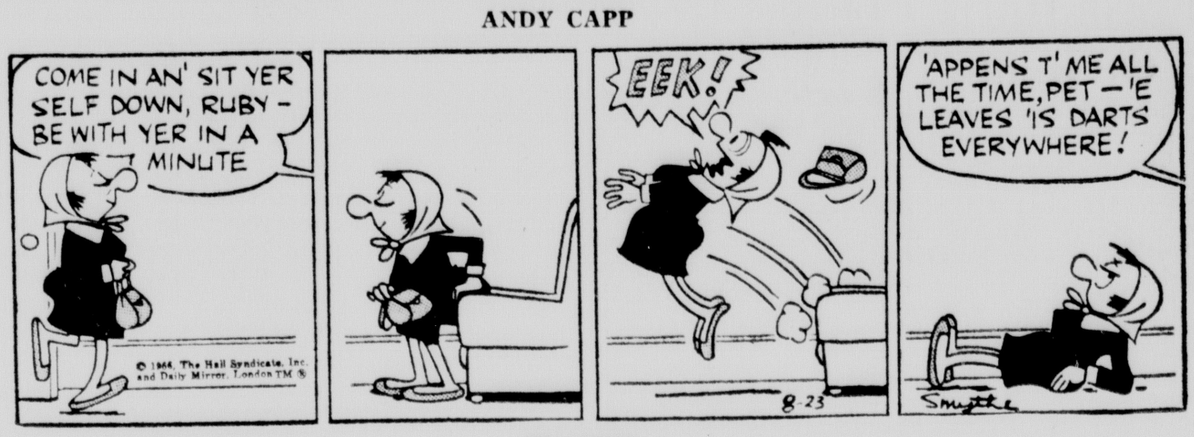

In 1945, Gen. Douglas MacArthur informed the Japanese of his plans for the ceremony at which the enemy would sign surrender terms to formally end World War II in the Pacific.

Ten years ago — An 18-nation international conference in London on the Suez canal crisis ended with acceptance of a U.S. proposal for an international board to be responsible for the operation and development of the canal. The United States said the board would act with due regard for the sovereign rights of Egypt where the canal is located.

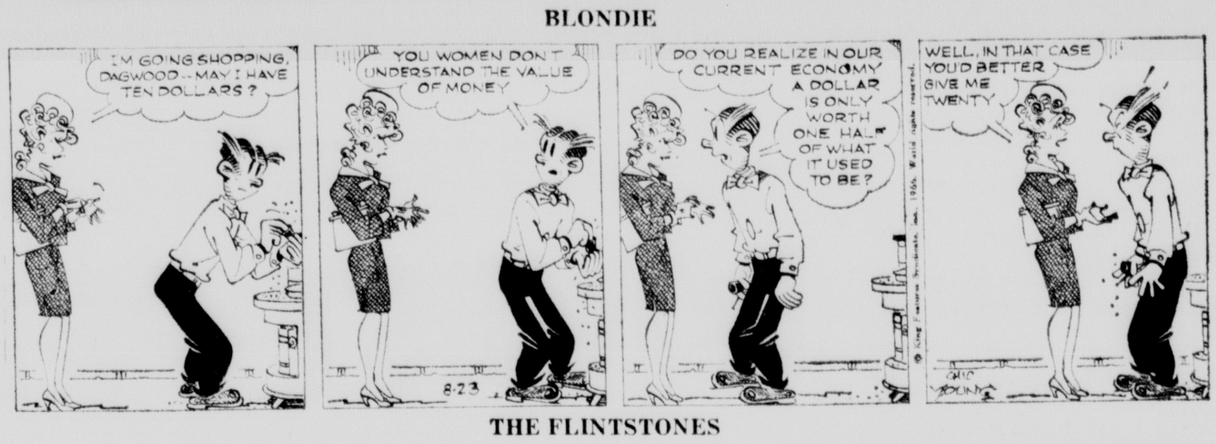

Five years ago — Ranger I, a test vehicle for picture-taking moon probes to follow, was launched successfully from Cape Kennedy.

One year ago — A U.S. Marine Corps plane bound for Saigon crashed in the sea near Hong Kong with 75 aboard. Only 13 persons were rescued.

Crash Hurts 5 On Route 7

Five were injured slightly in a two - car collision involving a Glenmoor woman and East Palestine woman on Route 9 about a mile south of Route 14 early Monday afternoon, the Ohio Highway Patrol at Lisbon said.

Judy Maola, 23, of Glenmoor was headed north and slowed to make a left turn into a private drive, when her 1963 coupe was struck from behind by a 1963 sedan operated by Gloria Crowl, 40, of 2272 Brookdale Ave., East Palestine.

The Glenmoor woman along with two passengers, Gladys Bowersock, 59, and Sue Bowersock, 18, both of Lisbon R.D. 2, were bruised, as were the East Palestine woman and her daughter, Lisa, 7.

All were taken to Salem City Hospital, officers said.

Mrs. Crowl was cited for failure to stop in the assured clear distance.

Lisbon Kiwanis Will Cut Cake On 45th Anniversary

LISBON — A ceremony observing the 45th anniversary of the Lisbon Kiwanis Club will be held during the luncheon meeting Thursday in the Eagles home.

President Cornell P. Monda has selected Adam Rudibaugh—the club's oldest member with a 24-year perfect attendance pin — to cut the anniversary cake. The club received its charter Aug. 25, 1921.

Monda will read congratulations from Dr. R. Glenn Reed and O. E. Peterson, president and secretary, respectively, of Kiwanis International; Stanley Schneider, president of the Ohio District of Kiwanis, and Bruce W. Cox of Steubenville, lieutenant governor of the 19th Division.

Joe W. Driscoll, new superintendent of Lisbon schools, will be guest speaker. Carl Turk is program chairman.

Crash Damages Cars As Sun Blinds Driver

The bright morning sun was blamed for blinding a driver in a collision at 8:03 today at E. 6th St. and Broadway that damaged two cars, police reported.

The mishap involved a 1964 model compact driven by Robert Birch, 32, of 451 Jackman St. and a 1963 sedan operated by George L. Wilson, 31, of Wellsville R. D. 1. Birch reported he proceeded when the light changed in his favor, but Wilson pulled in front of him and was hit broadside.

Wilson reported he thought the light was green, but said the sun was shining in his eyes. He went through a red light and his car was hit by the Birch auto, police said. There was damage to the right front fender of the Birch auto and the left side of the Wilson car. Patrolman Jerry F. Adkins investigated.

4 Top Grades Posted In Palestine Exams

EAST PALESTINE — Four city men received top grades in a Civil Service examination held Monday night to create an eligibility list for clerks at the city water, light and sewer department.

They included William Springer Jr. of 753 W. Main St., an employe of the Cherry Hill Furniture Co. of Salem; Alfred Gregory of 443 Alice St., meter reader for the utility department; Carman Chick of 103 W. Main St., pool room operator, and Carlyle Brown of 558 Jackson Ave., a commercial photographer.

L. H. Oliver is presently head clerk and Mrs. Dorothy Crowl is assistant. Both have indicated they may retire. Twenty-nine took the test, with 17 receiving passing grades.

Driver Fined, Jailed In Court At Palestine

Patrick Curran of 512 McKee Ave. was fined $100 and costs and sentenced to three days in jail Monday by County Judge Herbert Arfman at East Palestine for driving while intoxicated

Dominic Pucci of Wellsville was given a suspension of a $5 fine on a charge of failure to yield the right of way. He was involved in a Madison Township collision last week.

84 Join In Meeting Of Band Radio Group

Eighty - four members and guest attended the meeting of the United Citizens Band Radio Club Sunday night at the Frischkorn Skating Rink on Route 39, near Wellsville.

Plans were completed for a picnic next Sunday beginning at noon at Little Rock Lake, on Route 267, near Glenmoor.

Victor Pucci, vice president, presided.

Teacher Nabbed With $140,000 Worth Of LSD

NEW YORK (AP) — Police overpowered a self-described college teacher and seized LSD they said was worth $140,000 on the illegal market — the largest quantity of the hallucinogenic drug authorities said they had ever confiscated.

Under arrest was Allen Sugerman, 28, of Springfield, Mass., who detectives said threatened to shoot them when they identified themselves as police.

Sugerman claimed to be a graduate of the University of Melbourne, Australia, and a teacher of history and English there.

According to detectives, Sugerman's arrest followed a tip he was supplying large quantities of LSD for sale in Greenwich Village and midtown Manhattan. A purchase was arranged and police said they had handed over $10,000 to him when he allegedly pulled a gun.

The total amount of LSD seized was one quart, enough for 40,000 doses, each selling at $3.50, police said Monday after the arrest.

Sugerman was charged with selling LSD, a crime in New York, violation of the weapons law and felonious assault.

2 Northeast Ohio Men Perish In Airplane Crash

NEW LEXINGTON, Ohio (AP)—Two northeast Ohio men perished in a Perry County plane crash Monday that occurred under similar circumstances and within about 30 miles of one that killed five in adjacent Licking County less than a week earlier.

Frank Prince Jr., 38, of North Canton, and Hobert Maxwell Johnson, 57, of Dover were the victims when a Piper Commanche evidently exploded in a thunderstorm late Monday.

Roger Storts, eating dinner at his rural home about a mile from the accident scene three miles southeast of here, said he heard what sounded like an explosion and ran outside.

He looked up in time to see debris falling with the rain during a heavy storm.

The main wreckage of the small craft came down in a meadow on the Si Keiner farm, but Sheriff Tom Wilson and highway patrol investigators said debris was strewn for a mile.

One victim's body was in the fuselage. The other was nearby.

Prince was believed to have been the pilot.

Body Of Man, 27, Recovered From Lake

ASHTABULA, Ohio (AP)—The body of David Spring, 27, Ashtabula, was recovered Monday from Lake Erie by the Coast Guard.

Spring drowned Thursday after an attempt to save his wife, who was swimming near their boat when she developed cramps. A sailboat picked up Mrs. Spring later.

2 Northeast Ohio Men Perish In Airplane Crash

NEW LEXINGTON, Ohio (AP)—Two northeast Ohio men perished in a Perry County plane crash Monday that occurred under similar circumstances and within about 30 miles of one that killed five in adjacent Licking County less than a week earlier.

Frank Prince Jr., 38, of North Canton, and Hobert Maxwell Johnson, 57, of Dover were the victims when a Piper Commanche evidently exploded in a thunderstorm late Monday.

Roger Storts, eating dinner at his rural home about a mile from the accident scene three miles southeast of here, said he heard what sounded like an explosion and ran outside.

He looked up in time to see debris falling with the rain during a heavy storm.

The main wreckage of the small craft came down in a meadow on the Si Keiner farm, but Sheriff Tom Wilson and highway patrol investigators said debris was strewn for a mile.

One victim's body was in the fuselage. The other was nearby.

Prince was believed to have been the pilot.

Body Of Man, 27, Recovered From Lake

ASHTABULA, Ohio (AP)—The body of David Spring, 27, Ashtabula, was recovered Monday from Lake Erie by the Coast Guard.

Spring drowned Thursday after an attempt to save his wife, who was swimming near their boat when she developed cramps. A sailboat picked up Mrs. Spring later.
